AWARD

This is a reference by the Labour Department, Government of West Bengal, under their order No. 8484-I.R./IR/15L-31/70, dated 31st December 1970, for adjudication of an industrial dispute existing between Messrs. Ram Niranjan Narsaria, Oil Mill Owners of Kashipore, P.O. Panchkotraj, district Purulia, and their workman Shri Badal Gorain of Telkalpara, P.O. and district Purulia, relating to the following issues :

Issues

1. Whether the termination of service of Shri Badal Chandra Gorain is justified? To what relief, if any, is he entitled?
2. Whether Shri Gorain is entitled to receive unpaid wages, if any?

After receipt of the reference statutory notices were issued and duly served on both the parties after which the workman only entered appearance, the employer

Messrs. Ram Niranjan Narsaria remaining absent The employer since then did not take any steps either for appearance or for the hearing of the case. The workman was diligent all through and he filed a written statement making various allegations against the termination of his service by the employer. The workman's allegations, inter alia, are that he was employed under the employers for about 1½ years from 19th August 1968 as a Mill Driver on a monthly salary of Rs. 100 per month, that on or about 19th August 1968 the employers falsely implicated him in a fabricated case of theft bearing G.R. Case No. 1101 of 1968 in which other workers of the mill were also falsely implicated along with the workman, that the workman and others who were implicated in the case were acquitted by the learned Judicial Magistrate Shri S. R. Sarkar of Purulia on 29th November 1969, that after his acquittal he went to resume his normal duties under the employers, but he was illegally and wrongfully prevented from doing his duties, that on or about 9th January 1970 by a petition approached the employers to reinstate him in service but the employers illegally and unjustly by a letter, dated 4th March 1970, refused to accept his petition and kept him out of employment; that he was not paid his monthly dues at the rate of Rs. 100 per month from July 1968 until now; that he duly approached the Assistant Labour Commissioner and the Conciliation Officer at Asansol for the settlement of the dispute and the said officer made all attempts to bring about a settlement but the employers did not co-operate, that the employers never issued any charge-sheet nor any show cause notice, nor any letter of dismissal upon him and dismissed him verbally violating all common laws and principles of natural justice, that the employer did not also hold any domestic enquiry before dismissing him from service and that in these circumstances he prayed for his reinstatement in service with full back wages and all costs of this case with compensation.

There being no written statement from the employers the case came to be heard ex parte on the allegations made by the workman. The workman examined him and adduced evidence in support of his case in the instant dispute.

The workman's evidence is simple and pointed. Shown of all details his case before this Tribunal is that he was a worker in the Kashipore Rice and Oil Mills of Messrs. Ram Niranjan Narsaria in Purulia and while working there on a monthly pay of Rs. 100 the employers filed a false criminal case against him and several other workers on 19th August 1968 but to the employers' discomfiture the case ended in acquittal, that he was dismissed from service on and from 19th August 1968 without any charge-sheet having been served on him or any domestic enquiry being made against him and without payment of his arrear pay or notice pay or other compensation. The workman's prayer is that in these circumstances he should be reinstated with full wages from July 1968 at the rate of Rs. 100 per month and the cost of litigation.

I have carefully gone through the evidence of the workman and considered it in the light of the facts and circumstances appearing in this case. There is nothing on record to point out that there is any case against any of the allegations made by the workman before the Tribunal. He was undoubtedly a workman, working at the relevant time in the Rice and Oil Mills of Messrs. Ram Niranjan Narsaria in Purulia and there cannot be any controversy on the evidence of the workman that he was dismissed from service by the employers on and from 19th August 1968, after being falsely implicated in a criminal case fabricated and instituted by the employers against him and several other co-workers. The evidence of the workman is that the case ended in acquittal and there is no room for this Tribunal to venture any departure from the position. I accordingly hold that the workman was dismissed from service by the employers on and from 19th August 1968 after being implicated in a false criminal case.

The termination of the services of the workman should have been preceeded by a notice under the law or payment of notice pay in lieu thereof and payment of other compensation provided for in such cases under the law. The dismissal of the workman should also have been preceeded by issue of a duly framed charge-sheet and initiation of a domestic enquiry, but nothing was done as desired by the law by the employers to put an end to the services of the workman. The result was that the termination of services of the workman was unjustified and wholly illegal

The Company appears to be still in existence and therefore the workman's prayer that he should be reinstated with full back wages must be acceded too I accordingly make an award directing reinstatement of the workman with full back wages at the rate of Rs. 100 per month from July 1968 till the date of reinstatement and payment of cost of this case to the workman. In the result the instant reference is disposed of ex parte in favour of the workman.

This reference under section 10 read with section 2A of the Industrial Disputes Act has been referred by Government order No. 3082-I.R./IR/10L-367/69, dated 11th April 1970, for resolving a dispute between Messrs. Auto Distributors and their workman Shri Tek Bahadur.

This is the issue which was framed :

Issue

> Whether the termination of services of Shri Tek Bahadur by way of refusal of employment to him is justified ? What relief, if any, is he entitled to ?

A preliminary objection was taken by the Company but that was overruled. Thereafter the parties have entered into a compromise by which the Company made an ex-gratia payment of Rs. 800 in full and final satisfaction of the claim of the workman and the workman accepted the termination of service on receipt of that payment. A petition to this effect has been filed by the parties signed by advocates of the parties. As the terms are legal and fair and as parties have amicably settled the dispute I pass a "no dispute" award in this case.

The Government of West Bengal, Labour Department, by its order No. 8747-I.R./IR/11L-762/69, dated the 13th November 1969, referred this industrial dispute between Messrs. Victory Leather Works, 80 Narkeldanga North Road, Calcutta-11, and their workman Shri Ajit Kumar Saha, 1/1 Dehi Serampore Road, Calcutta-14, to this Tribunal under section 10 read with section 2A of the Industrial Disputes Act for adjudication on the following issue :

Issue

> Whether the termination of service of Shri A. K. Saha is justified? To what relief, if any, is he entitled?

After service of usual notice the Union and the Company entered their appearance and filed their respective written statement.

The case of the workman is that he had been serving under the Company as a Store-keeper since June 1963 to the entire satisfaction of the management and his superiors. On 15th January 1969 the workman was told by the management that this services would not be required by them with effect from 16th January 1969 on the plea that they were going to close down the factory. The action of the management of the Company was tantamount to retrenchment of the workman for which he was served with no notice nor was paid any retrenchment compensation payable under the law. The factory of the Company has been working normally since February 1969. The workman made repeatedly requests and went to the factory on several occasions but he was not given any employment by the Company as was assured by the management. The workman submitted petition to the proprietor on 23rd May 1969 claiming his reinstatement and back wages. Thereafter the workman moved the Labour Department. The workman prays for reinstatement along with back wages.

The Company did not file any written statement in spite of service of notice. The Company, however, sent a letter. dated 13th May 1970, addressed to the Tribunal by post making certain allegations against the workman.

The Company was also informed about the date of hearing but the Company did not appear to contest the case in spite of the knowledge about the date of hearing.

The workman has examined himself and produced certain letters addressed to the proprietor by the workman as well as Labour Department.

The facts as disclosed in the evidence are these: The workman was appointed by the Victory Leather Works as Store-keeper on a pay of Rs. 100 per month towards the last week of June 1963. On 15th January 1969, the proprietor asked the workman not to come from the next day as he was not in a position to run the factory. No notice was served upon the workman. No compensation including his unpaid salary was paid to him. The workman approached the proprietor on many occasions to reinstate him but the proprietor did not listen to him. There were altogether 65 workmen on the date when the service of the workman was terminated. The factory is working normally. The evidence adduced on behalf of the workman also received corroboration from the letter addressed to the proprietor on 23rd May 1969 (vide Ext. 1). The acknowledgment receipt produced by the workman shows that the proprietor duly received the letter sent to him Exhibit 2 to Ext. 2/b are the letters sent to the Company by the Labour Department from time to time during the conciliation proceedings.

Thus from the evidence discussed above, it is clear that the workman was appointed by the Company sometime in 1963 and his service was terminated without any notice as alleged by him. It is also clear from the evidence that no compensation was paid to the workman at the time of termination of service. Upon materials I have had put before me, I am satisfied that the Company was not justified in terminating the service of the workman. I therefore find that the workman should be reinstated with back wages.

This is my award.

AWARD

By Labour Department, order No. 7344-I.R./IR/10L-275/69, dated 18th September 1969, the Governor was pleased to refer the instant dispute between Messrs. Katyani Welding Works, 182-A Acharya Prafulla Chandra Road, Calcutta-4, and their workman Shri Ramesh Chandra Koley, C/o. Shri Kali Krishna Paul, 14/3 Califf Street, Calcutta-3, under section 10 read with section 2A of the Industrial Disputes Act, 1947, to the First Industrial Tribunal constituted under notification No. 808-I.R./IR/3A-2/57, dated the 11th March 1957, for adjudication, on the following issue:

Issue

Whether termination of service by way of refusal of employment to Shri Ramesh Chandra Koley, is justified? To what relief, if any, is he entitled?

On receipt of the reference, notices were issued to the parties and both the parties appeared on 15th October 1969. The workman filed his written statement in this case on 25th November 1969. Thereafter the employer took several adjournments to file its written statement and sometimes he was absent and a fresh notice was issued to the employer for filing written statement and at last on 31st July 1970 the employer filed his written statement. The case of the workman in the written statement is as follows: The workman had been working efficiently and faithfully in the firm for 16 years but he was not paid his wages regularly. The workman contends that he did not get his wages from the firm from August 1968 to the 27th November 1968 in spite of his repeated demands for the same. The further contention of the workman is that when he demanded his arrear wages on the 27th November 1968, the employer was very much enraged and forcibly turned him out of the place of work. The case of the workman is that thereafter he issued a letter to the employer demanding his employment in the firm and his arrear wages but without any effect. The workman wants to be reinstated in his service together with back wages.

In his written statement the employer denies that the workman concerned was discharged, dismissed or retrenched. He contends that the workman left his service of his own accord and that he got his wages up to the time he worked in the firm but he did not sign the wage register as an illiterate lady was at that time managing the firm after death of her husband and that the workman is not entitled to any relief in this case.

The employer, however, did not appear in this case after filing the written statement nor took any steps in it though another notice was sent to him and in the circumstances the case was heard ex parte on 11th May 1971 and it was adjourned to 17th May 1971 for further examination of the workman on that day the hearing was complete.

In this case the workman had been examined and he substantiates his case in the written statement as stated above. He contends that he had been working in the firm for 16 years but he did not get his wages regularly and that his wages were due from August 1968 and on the 27th November 1968 when he demanded his arrear wages the employer refused to pay him the same and turned him out of the place of his work. There is no material before the Tribunal to refute the said statements of the workman. The case of the employer as made out in his written statement has not been substantiated and it has not been proved that the workman concerned left his service voluntarily. It appears that before termination of service of the workman concerned no proceeding was drawn up against him, no enquiry was made and the provisions of law were not complied with. Evidently, therefore, the said termination of service of the workman concerned was illegal and invalid.

The workman contends in his evidence that after termination of his service he issued a letter to the firm by registered post demanding reinstatement and arrear of wages and Ext. 1 is the copy of the said letter. The acknowledgment of the said letter has not been filed and the evidence of the workman is anomalous as to the receipt of the acknowledgement. Be that as it may, it is admitted in the written statement of the employer that he got such a letter from the workman and thus there is no controversy on that point.

In the circumstances, the workman is entitled to reinstatement. He is also entitled to his arrear wages from August 1968 up to the 27th November 1968 during which period he worked in the firm. In this case, however, it will be very harsh for the firm if the workman is allowed his full back wages. The workman is, therefore, allowed half of his back wages from the 28th November 1968 up to the date of his reinstatement.

Labour Department order No. 9294 I.R./IR/10L-275/69, dated 1st December 1969, the Governor was pleased to refer the instant dispute between Messrs. Katyani Welding Works, 182A Acharya Prafulla Chandra Road, Calcutta-4, and their workman Shri Gobinda Chandra Das, C/o. Annapurna Welding Works, 241/2A Acharya Prafulla Chandra Road, Calcutta-4, under section 10 read with section 2A of the Industrial Disputes Act, 1947, to the First Industrial Tribunal constituted under notification No. 808-I.R./IR/3A-2/57, dated the 11th March 1957, for adjudication on the following issue:

Issue

Whether termination of service of Shri Gobinda Chandra Das by way of refusal of employment to him is justified? To what relief, if any, is he entitled?

On receipt of the reference, notices were issued to the parties and the workman appeared on 14th January 1970 and he filed his written statement on 20th April 1970. The firm, however, did not appear by that time though it received the notice and a fresh notice was issued to it on 20th April 1970 which was duly received by the firm and thereafter on 29th July 1970 the firm appeared and submitted a petition for time to file written statement. The firm never appeared thereafter. Another notice was issued to the firm which was received by it but it did not appear and the case was adjourned again and again and it was fixed for hearing on 22nd May 1970 but the firm did not appear on that day also and the case was taken up for ex parte hearing on that day.

The case of the workman in his written statement is as given below:

The workman contends that he had been working at Messrs. Katyani Welding Works as a viceman fitter since 1st July 1958 and that at the relevant time, that is, on the date of the termination of his service his wage was Rs. 95 per month. The further contention of the workman is that the wages of the employees in the said firm were very low and since 1968 they were agitating for enhancement of their wages but the employer did not agree to enhance their wages and he told them that if they were not satisfied with their wages, they might leave their jobs in the said firm. The workman contends that on 15th February 1969 which was a Saturday he and the other employees of the firm demanded enhancement of their wages and on 17th February 1969 when the workman concerned went to his work in the said firm he was refused employment and was not allowed to sign the attendance register on the said date and that he was forcibly turned out of the place of his work. He says that thereafter he approached the employer and asked him to reinstate him in his service and pay him his back wages but without any result. The workman contends that apart from his salary his wages on account of annual leave were also due to him. The workman wants to be reinstated in his service together with back wages and other dues.

The workman has deposed in this case and in his evidence he substantiates his case as mentioned above. There is no material before the Tribunal to refute the said contention of the workman. It appears from the evidence of the workman that termination of his service by way of refusal of employment on and from 17th February 1969 was illegal and invalid. It appears that the service of the workman concerned was terminated all on a sudden without any enquiry or any proceeding drawn up against him. The workman says in his evidence that his wages were due from December 1968 and he is also entitled to wages on account of annual leave. He says further that he is out of employment since the termination of his service. In the circumstances the workman is entitled to reinstatement in his service and he is also entitled to get his back wages from December 1968 up to the date of reinstatement together with other dues.

AWARD

By Labour Department order No. 2109-I.R./IR/10L-119/68, dated 9th March 1970, the Governor was pleased to refer the instant dispute between Messrs. Sharma Industrial Works, 193 G. T. Road, Salkia, Howrah and their workmen represented by the Iron & Steel Workmen's Union, 172 Benaras Road, Salkia, Howrah, under section 10 of the Industrial Disputes Act, 1947, to the First Industrial Tribunal constituted under notification No. 808-I.R./IR/3A-2/57, dated the 11th March 1957, for adjudication on the following issue:

Issue

Whether the refusal of employment to Shri Bharat Chandra Das is justified? What relief, if any, is he entitled to?

On receipt of the reference, notices were issued to the parties and the Union appeared on 30th April 1970. The Company, however, did not appear though they received the notice. On 27th June 1970 the Union appeared again and prayed for time to file written statement. The Company did not appear by the time. The Union also did not appear nor took any step after 27th June 1970. The Company never appeared nor took any step in this case. Fresh notices were issued upon both the parties on 19th September 1970 and those were received by both the parties but neither the Company nor the Union appeared. Again on 9th December 1970 notices were issued to both the parties and the Union received the said notice but did not appear. Service return of the said notice upon the Company was not, however, received. Thereafter on 13th April 1971 notices were issued to both the parties and those were received by the parties on 23rd April 1971 but none of them appeared. It appears in the circumtances that the dispute under reference is no longer in existence. The reference is, therefore, disposed of on a "no dispute" award.

This reference by the Government is by order No. 5185-I.R./IR/10L-134/70, dated 11th July 1970 and it is for resolving the dispute between

Messrs. Kamala Engineering Works and their workman Shri Sanyasi Adhikari. The issue framed is:

Issue

Whether the termination of service of Shri Sanyasi Adhikari by way of refusal of employment to him, is justified? What relief, if any, is he entitled to?

The Company has taken two preliminary points. The first is that there was no demand by the workman for resolving the dispute which was sent for adjudication and the second is that there is no industrial dispute in existence and the order of reference under adjudication of the issue as detailed in the order of reference is not maintainable in law.

The learned Lawyer for the Company submitted that the issue framed is bad as there are really two issues and not one. The first is termination of service and the second refusal of employment. I am not convinced with the argument of the learned Lawyer of the Company as the issue as framed is regular but the second point that there was no demand by by the workman to reinstate him or to give employment to the workman is worth examining. The workman in his evidence says that he did not make any verbal representation but he sent a letter of demand which has been marked Ext. 2. The evidence led on behalf of the Company by Sanatan Nandy, Chief Engineer is not to be relied upon because he says that the Company did not receive any letter from the Company complaining of illegal discharge. A letter was addressed to the Company by the workman and this was refused. The envelope is opened in Court and the letter has been marked Ext. 2. The workman says that he had been retrenched by the Company on 20th June 1968 without any reason or written retrenchment order and he had gone to join his duties and he was forcibly resisted to join the service. Thereafter he had gone to collect his dues and by this letter he requested the Company to clear up his dues which comes to Rs. 430.50 nP. There is really no demand for re-employment or to allow him to join his duties and there was no demand and the laws are now firmly fixed that there must be a demand before the employer and only then on the refusal by the employer a dispute could arise. The learned Advocate for the workman sees his difficulty and submits that the letter addressed to the Company was not a demand for reinstatement or to allow the workman to resume his duties and I hold that as the reference is presisey for these things, the reference is not maintainable.

AWARD

By Labour Department, order No. 487-I.R./IR/13L-73/69, dated 15th January 1970, the Governor was pleased to refer the instant dispute between Messrs. Shri Durga Printing Works, 76 Bepin Behari Ganguly Street, Calcutta-12 and the workman Shri Samarendra Nath Ghose, C/o. Dilip Kumar Chatterjee (Grocery Shop), 84 Bepin Behari Ganguly Street, Calcutta-12, under section 10 read with section 2A of the Industrial Disputes Act, 1947, to the First Industrial Tribunal constituted under notification No. 808-I.R./IR/3A-2/57, dated the 11th March 1957, for adjudication on the following issue:

Issue

Whether the termination of service of Shri Samarendra Nath Ghose by way of refusal of employment to him is justified? To what relief, if any, is he entitled?

On receipt of the reference, notices were issued to the parties and both the parties appeared and filed their respective written statements. The case of the workman as made out in his written statement in short is as given below:

The workman had been working efficiently and faithfully as a machineman in the firm since 1967 but sometime in March 1969 the employer all on a sudden refused employment to him and thereby terminated his service. The workman contends that no proceeding was drawn against him nor any enquiry was made in connexion with the termination of his service and as such it was illegal. The workman contends further that he requested the management to reinstate him in his service with back wages but without any result and then he referred the matter to the Labour Department. The workman wants to be reinstated in the service with back wages.

The case of the firm in the written statement is that the workman concerned was a casual workman and that he left his service voluntarily and he is not entitled to any relief.

At the very outset a preliminary objection has been raised from the side of the firm, its contention being that the workman did not raise the dispute under reference with the employer before it was referred to the Tribunal and as such it is not an industrial dispute within the meaning of section 2k of the Industrial Disputes Act and the reference is not maintainable. At the instance of the firm the said preliminary objection has been heard first before the other points were taken up for hearing.

As mentioned above, the workman has stated in his written statement that after termination of his service he approached the employer for his reinstatement with back wages but without any result. The said statement has been denied by the employer in his written statement. The workman contends in his evidence that his service was terminated on the 15th or 16th March 1969 and at that time he asked the employer to give him employment until he could find out an alternative employment or to give him three months wages but the employer did not agree to his said proposals. He has stated further in his evidence that thereafter he went to his employer on 4 or 5 occasions for reinstatement in service but without any result. The employer in his evidence has totally denied the said contentions of the workman. In his evidence the employer states inter alia that the workman left his service after an altercation with him (employer) and thereafter he never approached him except on one day when he took his dues from him (employer). The employer contends that the workman never asked for his reinstatement after he left his service in the firm. The contention of the workman that after termination of his service he approached the employer and demanded his reinstatement with back wages is a vague and loose statement of which there is no basis and it does not inspire any credence. Again, from the letter addressed by the workman to the Labour Commissioner (Ext. A) it appears that the workman sought for one month's pay in lieu of notice, compensation for loss of service and gratuity but not reinstatement. In the said letter the workman stated that all his "prayers and petitions" to the employer were of no effect. In his evidence, however, the workman admits that he never sought for reinstatement or back wages in writing from the employer. Evidently, therefore, the statement of the workman in his letter to the Labour Commissioner (Ext. A) that his petitions to the employer were of no effect as referred to above, was false. In the circumstance no reliance can be placed upon the evidence of the workman that after termination of his service he approached his employer and orally demanded his reinstatement with back wages and the said contention of the workman falls through altogether. Thus it appears that the workman did not raise the dispute with his employer before he approached the Labour Commissioner or at any time before this reference was sent to this Tribunal. It has been held that "if no dispute at all is raised by the employees with the management, any request sent by them to the Government would only be a demand by them and not an industrial dispute between them and their employer" (A.I.R.. 1968, Supreme Court, 529). In this case, therefore, there was no industrial dispute and the reference is not competent. The case, therefore, fails in limine and the workman is not entitled to any relief.

In the matter of an industrial dispute between Messrs. Navana Printing Works Private Limited, 47 Ganesh Chandra Avenue, Calcutta-13 and their workmen represented by West Bengal Press Workers' & Employees' Union, 84/1A Bepin Behari Ganguly Street, Calcutta-12.. (Case No. VIII-369 of 1970.)

For the Union : Shri S. R. Ghosh, Advocate.

This reference by the Government is under order No. 6539-I.R./IR/13L-36/68, dated the 17th September 1970, to resolve a dispute between Messrs. Navana Printing Works Private Limited and their workman Shri Osman Gani represented by West Bengal Press Workers' & Employees' Union. The reference is with this issue :

Issue

> Whether the retrenchment of Shri Osman Gani with effect from 9th March 1970 is justified? To what relief, if any, is he entitled?

The facts of dispute are quite simple. The workman alleges that for his Trade Union activities and for being vocal in the demands for redressing the grievances of workers from the Company he has been victimised and retrenched. The Company asserts that due to decrease in the volume of work this particular workman who was working in the cutting machine is surplus and the Company reduced it by one instead of two and so Gani was retrenched with usual offer of retrenchment compensation.

Before I go to the real issue in dispute I would like to answer the formal objections raised by the workers' Advocate against the retrenchment. The first point stressed by him is that there was no compliance of Rule 77 of the West Bengal Industrial Disputes Rules. Rule provides that notice of retrenchment to be given by an employer under clause (c) of section 25F shall be in Form P and such notice shall be served on the State Government either by personal service or by registered post—

(i) not less than one month before the date of actual retrenchment, if notice of retrenchment is given to a workman;

(ii) within three days of the date of retrenchment if no notice is given to a workman and he is paid one month's wages in lieu thereof.

The other provisions of the relevant Rule need not be quoted. The learned Advocate submitted that notice was not served on the State Government by the employer giving notice of retrenchment a month before the date of actual retrenchment. The learned Advocate is not quite correct when he submits this because in this particular case the workman was paid one month's wages in lieu of notice and therefore as per rule notice is to be given within three days of the date of retrenchment. The second point stressed by the learned Advocate for the workman is that the compensation offered to the workman was inadequate and as such the workman was not bound to accept it and therefore the workman could not be retrenched. The amount sent to the workman by money order was Rs. 570.9 P. and the details of the account will show that he was offered two months' retrenchment compensation and one month's wages in lieu of Notice and retrenchment compensation was offered was Rs. 264.44 P. and one month's wages was Rs. 144 and odd. The learned Advocate submitted that Rs. 144×2 is not only more than Rs. 264.9 P. yet the same amount was offered to the workman as retrenchment compensation for two months but the workman was drawing Rs. 144 and odd at the time of the retrenchment and two months' compensation is to be paid on the average of the preceding year and therefore this objection too looses the force and is answered in favour of the Company.

I now come to the merits of the case. The simple case of the Company is that there has been a decrease in the volume of work and two hands are not required in the cutting machine and Gani being the junior staff he was retrenched. The case of Gani is that he was an active member of the Trade Union. Evidence would go to show that Gani was a member of the executive committee of the Union. That is also the evidence of Shri Anil Bose, Secretary of the Union. The onus is on the Company to show that there has been lessor volume of work in the Company. Exhibit B marked on behalf of the Company would not go to prove anything. The book marked Ext. A as well as Ext. B would go to show how many paper was cut by each workman from 1st February 1970 to 7th April 1970 but the evidence of Sourendra Nath Kundu, the Manager of the Company and a very old hand is that it is very difficult to show what quantum of paper can be cut by one worker in one shift because the papers are not cut in the same size and then Ext. A only shows record of paper cutting. It does not show the books, labels and forms which are also cut. The evidence would go to show that the paper cutting machine is used for cutting books, labels and forms. The Company prints books and do other odd jobs and the Manager is very frank and said that he has nothing to show what was the volume of work in the years 1968 and 1969 when Gani was an essential hand in the Company. The onus is completely on the Company to prove that Gani was a surplus hand and was not required to attend the cutting machine due to increase in the volume of work. What was the annual turnover of the preceding years and the turnover of the Company in the year in question are not known. I am unable to accept the ipsi dixit of Sankar Prosad Pramanik and Soumendra Nath Kundu offered by the Company for proof that there was decrease in the volume of work. This could have been very well proved by the actual turnover of the Company in various years. In fact Sankar Prosad Pramanik says that he cannot say how many books were printed in the accounting year 1970 and he cannot say anything about production and equally unhelpful is the evidence of Soumendra Nath Kundu. I will therefore hold that the Company has failed to prove that Gani was a surplus hand. It might be argued how the Company now manages by one hand in the cutting machine if two are really required. The evidence offered on behalf of the workman is that Sankar Prosad Pramanik gives his helping hand with the other workmen attending the cutting machine. That Sankar Prosad Pramanik attends to the cutting machine is haltingly admitted when he says that he supervises the work of cutting machine whereas his real work according to him is that of a clerk. It was argued on behalf of the workman that one does not know if the workman now attending the cutting machine gets overtime or not. The best proof which the Company could have led in support of the case that there has been less turnover in the year in question than in previous years necessitating retrenchment of Shri Gani and the best proof has not been offered and therefore I hold that the retrenchment of Gani is not justified and I would answer the issue in favour of Shri Gani. Shri Osman Gani must be reinstated and as regards other reliefs he must be given his full wages from the date of his retrenchment till he is taken in.

AWARD

By order No. 7082-I.R./IR/10L-208/70, dated the 21st October 1970, the Government of West Bengal, Labour Department, referred an industrial dispute existing between Messrs. Singh Engineering Corporation, 38 Panditia Road, Calcutta-29 and their workmen represented by Singh Engineering Corporation Workers' Union, 159/1B Rash Behari Avenue, Calcutta-29, to this Tribunal, under section 10 of the Industrial Disputes Act, 1947, for adjudication on the following issues :

Issues

(1) Whether the Company is justified in changing the service condition of the workmen mentioned in the attached list from direct employment to indirect employment. What relief, if any, are the workmen entitled to for such alteration of such service condition ?

(2) Retiral Benefits, (3) Permanency, (4) Bonus for 1967-68 and 1968-69, (5) Wage, Grades and Scales of pay, (6) Dearness Allowance, (7) Leave Facilities, (8) Whether the workmen are entitled to any relief for the period of unemployment during 14th March 1970 to 11th May 1970 ? If, so, in what form ?

Pursuant to service of statutory notices in the matter, parties entered appearance and the Union filed its written statement on 23rd December 1970. The case was thereafter adjourned from time to time for filing of the Company's written statement. On 20th May 1971, however, the parties filed a joint petition of compromise indicating amicable settlement of the industrial dispute out of Court.

The parties have, by the above petition, given out that they "have settled the disputes amicably out of the Court in terms of the settlement, dated 19th May 1971, a copy of which is annexed hereto." They prayed that this Tribunal "be pleased to pass an award in terms of the settlement, dated 19th May 1971." On consideration of the terms of settlement stipulated in the memorandum of settlement annexed to the petition of compromise I find that these are fair and legal and should be acted upon. Consequently, I am inclined to pass an award in terms of this memorandum of settlement as desired by the parties.

Evidently the industrial dispute referred to this Tribunal is not in existence. A "no dispute" award, therefore, must be passed in this case in terms of the memorandum of settlement which should be made part of the award.

A "no dispute" award is passed in this case accordingly.

In the matter of an industrial dispute between Messrs. Calcutta Society for the Prevention of Cruelty to Animals (C.S.P.C A.), 276 Bepin Behari Ganguly Street, Calcutta-12 and their workmen represented by Calcutta Society for Prevention of Cruelty to Animals Employees' and Workers' Union, 64 Chittaranjan Avenue, Calcutta-12. ((Case No. 416/69.)

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present :

Shri B. C. CHAUDHURI, Judge,
Fourth Industrial Tribunal.

Appearances :

For the C.S.P.C.A.—Dr. S. K. Ghosh, Officiating Secretary and Superintendent.

For the Union—Shri S. Roy, Advocate.

The Government of West Bengal, Labour Department, by its order No. 7856-I.R./IR/11L-654/69, dated the 6th October 1969, referred this industrial dispute between Messrs. Calcutta Society for the Prevention of Cruelty to Animals (C.S.P.C.A.), 276 Bepin Behari Ganguly Street, Calcutta-12 (hereinafter referred to as C.S.P.C.A.) and their workmen represented by Calcutta Society for Prevention of Cruelty to Animals Employees' and Workers' Union, 64 Chittaranjan Avenue, Calcutta-12 (hereinafter referred to as the Union), to this Tribunal under section 10 of the Industrial Disputes Act for adjudication on the following issues :

Issues

1. What should be the Grades and Scales of Pay of the Members of Staff of the Calcutta Society for Prevention of Cruelty to Animals ?
2. What should be the allowances, including Dearness Allowance and Medical Allowance ?
3. Whether the service rules of the Society should be replaced by the service rules governing the employees of the Government of West Bengal ?

After service of usual notices upon the parties the Union filed its written statement on 18th

December 1969. No written statement was however filed by the C.S.P.C.A. The Secretary of C.S.P.C.A. however produced some documents on being summoned by the Tribunal and got himself examined as O. P. W. 1. The Union also adduced both oral and documentary evidence.

The background of the present reference is as follows :

The Calcutta Society for the Prevention of Cruelty to Animals was started in 1861 with the object of preventing the cruel treatment of animals and of securing the welfare of animals within the town and suburbs of Calcutta. The management of the Society is vested in a General Committee consisting of 40 persons. The General Committee elects annually from their number the Executive Committee consisting of not less than 8 members and not more than 12, one of whom is the Honorary Treasurer. The President of the Society is elected from among the members of the Society by the General Committee and upon election becomes an ex-officio Member and Chairman of all committees including the General Committee. Every incumbent of this office is entitled to hold it for three years. The Secretary of the Society is appointed by the General Committee.

The activities of the Society consist briefly of—

(a) the administration of the Bengal Cruelty to Animals Act, 1920 ;

(b) maintenance of a hospital for animals ;

(c) other welfare activities.

The Society maintains a well-equipped hospital (indoor and outdoor) for treatment of dogs and cattle in charge of Resident Veterinary Surgeon.

The Society has been entrusted with administration of Bengal Cruelty to Animals Act, 1920, ever since it came into force in October 1926. The staff sanctioned for administration of the Act consists of the Secretary and Superintendent, the Assistant Superintendent, the Resident Surgeon of the hospital and his Assistant, 6 Veterinary Inspectors, 38 Agents including 8 Weighbridge Officers and Ambulance Driver and 8 Hospital Sweepers. The office staff consists of an Accountant-cum-Cashier, a Typist-cum-Clerk, two peons and a gate Durwan. Besides there is a part-time Medical Officer for the staff.

The income of the Society is derived from the following sources :

(a) Government grant ;
(b) Interest from trust property ;
(c) Donations ;
(d) Dog Hospital receipts ; and
(e) Ambulance fee.

Previously the Society used to derive substantial income from the fine receipts arising out of enforcement of several acts with which the Society was credited. As a result of certain remarks made by the Commissioner of Police in his report on the Police Administration of Calcutta during the year 1913 in regard to cruelty cases, a Committee was appointed with Mr. Justice Richardson as its President to report on whether any changes were necessary in the laws and bye laws as then existing relating to the prevention of cruelty to animals and how public and private agencies could most effectively co-operate in the enforcement of law on the subject. The outstanding feature of the recommendations of this Committee was a scheme for the establishment of a City Veterinary Department under the Calcutta Corporation with wide powers for the City Veterinary Officer. In regard to the Society for the Prevention of Cruelty to Animals the recommendations were—

(a) that the Society should pay higher salaries to the officers. (At that time there were 3 Inspectors drawing Rs. 80 each and 29 Agents on pays ranging from Rs. 20 to Rs. 50) ;

(b) that the Government should finance the society by giving it a fixed grant to be considered triennially in place of the receipts of fines levied in cruelty cases ;

(c) that the Police should assist the staff of the society with a view to remove the chances of frequent allegations against them when they arrested any person.

Some time in November 1932 the Government decided to appoint a Committee with Mr. Justice Pearson as President to enquire into the working of the Bengal Cruelty to Animals Act, 1920. Mr. Pearson Committee submitted its recommendations some time in 1934. The recommendations of the Pearson Committee were not wholly implemented. Thereafter a Committee was constituted by the Government to enquire into the affairs of the Calcutta Society for the Prevention of Cruelty to Animals in so far as they relate to the working of the Bengal Cruelty to Animals Act, 1920, with special reference to the following matters :

(a) working conditions, scales of pay, etc., of the staff of the Society for the Prevention of Cruelty to Animals ;

(b) measures to ensure that Government grant is being properly spent ;

(c) the question whether the society should continue to be entrusted with the working of the Act.

The above Committee made certain recommendations regarding scales of pay, dearness allowance and conditions of service of the staff of C.S.P.C.A. at pages from 32 to 36 of its report. According to the Committee the scales of dearness allowance were unusually low and there should be a standard pattern of dearness allowance for all staff. The Committee recommended that the scale of the Provincial Government should be adopted regarding dearness allowance. The Government of West Bengal also constituted a Pay Committee to examine the pay structure of the Government employees. The scale of pay recommended by 1950 Pay Committee for Veterinary Staff under the Government was adopted by the C.S.P.C.A. some time in 1956. Thereafter a new Pay Committee for Government employees was constituted some time in 1961, and the said Committee made certain recommendations regarding scales of pay of all Government employees including Veterinary staff. The recommendation of the Pay Committee of 1961 was not, however, given effect to in the case of staff of the C.S.P.C.A. The Union made a representation before the President of the Society for revision of scales of pay and dearness allowance some time in April 1969 (vide Ext. 1). The Union also submitted a charter of demands before the Chief Minister, West Bengal, at the same time. The dispute was also referred to the Labour Department, Government of West Bengal. The scales of pay in terms of 1961 Pay Committee were also sanctioned after the reference was made to this Tribunal. The dearness allowance payable to the staff of C.S.P.C.A. was also revised and the same was sanctioned at the rate of 75 per cent of the rates of dearness allowance for different slabs as admissible to the employees of the Government under Finance Department Memo No. 1098-F, dated 28th March 1969.

The case of the Union is that the scales of pay and dearness allowance of the staff of C.S.P.C.A. should be revised in a manner as described in Annexure 'A' to the petition. The Union also claims medical allowance at the rate of Rs. 8.35P per month and house rent allowance at the rate of 10 per cent. of basic pay. It is also contended that the service rules of Society should be replaced by the service rules governing the employees of the Government of West Bengal.

Issue Nos. 1 and 2 :

These issues are taken up together for the sake of convenience.

The scales of pay of the staff of the C.S.P.C.A. at the time when the charter of demands was submitted by the Union to the President of the C.S.P.C.A. and the Chief Minister of West Bengal and the scales of pay as demanded by the Union including existing scales of pay as sanctioned after the reference was made to this Tribunal are as follows :

Serial No.	Name of the post	Scale before reference	Revised scale after reference
(i)	Hospital Surgeon	100—3—163—4—175	200—10—400
(ii)	Vety. Inspectors	100—3—163—4—175	200—10—400
(iii)	Agents	55—1—58—2—100	100—3—136—4—140
(iv)	Typist-cum-Clerk	55—3—118—4—130	125—3—140—4—200
(v)	Ambulance Driver	75—3—105	100—3—136—4—140
(vi)	Hosp. Surgeon's Asst.	55—1—58—2—100	100—3—136—4—140
(vii)	Part-time Medical Officer	100 fixed	125 fixed
(viii)	Cycle Peon. Gate Durwan, Sweeper, Office bearer	20—4—25	60—1/2—65—1—75

Scales as demanded by the Union

(a) Inspector & Hospital Surgeon	250—15—550
(b) Agents & Asstt. Surgeon	175—7—245—8—325
(c) Typist, Clerk	125—3—140—4—200
(d) Accountant	200—10—300
(c) Driver	100—3—136—4—140
(f) Darwan, Office Peon, Dogwards & Cattlewards Sweepers	75—2.50—100

The staff of the C.S.P.C.A. used to draw dearness allowance as sanctioned by Government from time to time. The minimum dearness allowance was Rs. 50 and the maximum was Rs. 75 when the charter of demands was submitted. The Union has claimed dearness allowance as admissible to the employees of the Government under Government of West Bengal, Finance Department, memo. No.1098-F, dated 28th March 1969. The dearness allowance was revised when the scales of pay were revised after the reference was made to this Tribunal at the rate of 75 per cent. of the rates of dearness allowance admissible to the Government employees at the rates mentioned below :

Pay per month		Revised rates of D.A. Rs.
Below Rs. 110—	—	71
Rs. 110 and above but below Rs. 150	—	98
Rs. 150 and above but below Rs. 210	—	122
Rs. 210 and above but below Rs. 400	—	146
Rs. 400 and above but below Rs. 450	—	160
Rs. 450 and above but up to Rs. 499	—	164

The first question that comes for consideration is what should be the wage structure of the staff of C.S.P.C.A. It is now well settled that the principle of industry-cum-region has to be applied by an Industrial Court, when it proceeds to consider questions like wage-structure, dearness allowance and similar conditions of service. In applying that principle Industrial Courts have to compare wage scales prevailing in similar concerns in the region with which it is dealing and generally speaking, similar concerns would be those in the same line of business as the concern with respect to which the dispute is under consideration. In trying to keep true to the two points of social philosophy and economic necessities which vie for consideration, industrial adjudication has set for itself certain standards in the matter of wage fixation. At the bottom of the ladder, there is the minimum basic wage which the employer of any industrial labour must pay in order to be allowed to continue an industry * * * [vide 1963 (1) L.L.J. 108.] With the above principles in view I have to fix the wage structure of the staff of the C.S.P.C.A. It is clear from the evidence adduced in the case that in revising the scales of pay of the staff of C.S.P.C.A. the Government sanctioned the scales of pay admissible to the staff of the Veterinery Department. The scales of pay as mentioned above and existed when the demand was made by the Union sometime in April 1969, came into force as a result of revision made in 1956. It is clear from the evidence adduced in the case that in revising the scales of pay in 1956 the authorities had adopted the scales of pay recommended by the Pay Committee of 1950 in respect of similar categories of the employees of the Veterinary Department under the Government of West Bengal whose duties are analogous to the duties of same categories of the workmen under the C.S.P.C.A. The same principle was followed when the existing scales of pay as mentioned above and came into force just after the present reference was made. (vide Calcutta Gazette, Extraordinary. January 2. 1962, at pages 39 and 40 and Ext. D). It cannot be disputed that the employees under the Government doing similar work used to get pay in revised scale as per recommendation of the Pay Committee of 1961 when the said revised scales of pay, i.e., existing scales of pay for the workmen of the C.S.P.C.A. came into force just after the present reference. In the circumstances it cannot be said that the authorities were unjustified in fixing the scales in the scales fixed by them when the scales of pay were revised just after the present reference. The conclusion is therefore irresistible that the authorities were justified in rejecting the prayer made by the Union in fixing scales of pay as demanded by the Union in the charter of demands submitted in April 1969. It is contended that the Tribunal should recommend the scales of pay for the similar categories of employees under the Government which have come into force since April 1970. There is some force in the contention raised on behalf of the Union. In view of the nature of reference I am unable to accept the contention raised on behalf of the Union. It cannot be disputed that the revised scales of pay applicable to a Government servant have come into force since April 1970 as a result of merger of pay and dearness allowance. Under the revised scheme no dearness allowance is now payable to a Government servant. The amalgamation of dearness allowance with wages has not been referred to this Tribunal. I would have recommended the revised scales of pay for Government servants of same categories had such question been referred to this Tribunal. In the absence of such a reference it is not possible for this Tribunal to consider the question of amalgamation of dearness allowance with wages. The view I am taking is supported by a decision reported in 1968(10) FLR-247-1961. LLJ., II p. 433. The question is what should be the scales of pay of the workmen of C.S.P.C.A. I have already stated that the authorities were justified when the scales of pay were revised at the existing scales of pay some time after the present reference as scales of pay were fixed keeping in view the scales of pay of Government employees of the similar type. The Union has claimed scales of pay as described in the annexure to the petition including dearness allowance at the rate payable to a Government employee. In my opinion, there will be discremination if both the claims as made by the Union are allowed. In my opinion, the present scales of pay should continue till the scales of pay and the dearness allowance payable to a workman of C.S.P.C.A. are revised in the light of the recommendations of the Pay Commission after merging dearness allowance with pay. I must however observe that justice demands that the dearness allowance should be merged with pay in the light of recommendations of the last Pay Commission appointed by the Government of West Bengal. In view of the observation made above, this Tribunal is not in a position to do the same. The issue regarding scales of pay is decided accordingly.

I shall now come to the question of dearness allowance. The Union claims dearness allowance at the rate as mentioned above and admissible to a Government servant when the demand was made by the Union. It appears that the authorities had sanctioned dearness allowance at the rate of 75 per cent. of the dearness allowance payable to different categories of Government employees after the reference was made to the Tribunal. It is well settled that the whole purpose of the dearness allowance being to neutralise a portion of the increase in the cost of living, it should ordinarily be on a sliding scale and provide for an increase on rise in the cost of living and a decrease on a fall in the cost of living. On consideration of all circumstances of the instant case I fix the dearness allowance of the workmen of C.S.P.C.A. as claimed by the Union at the rate as admissible to a Government employee under the Finance Department memo. No. 1098-F, dated 28th March 1969.

The next question that comes for consideration is whether the workmen of C.S.P.C.A. are entitled to medical allowance. The Union claims medical allowance at the rate of Rs. 8.35P. per month. It appears from the annual report of the C.S.P.C.A. for 1969 that there is a part-time medical officer for the staff. In the circumstances I do not recommend any seperate medical allowance for the workmen of C.S.P.C.A.

The next question that comes for consideration is whether the workmen of C.S.P.C.A. are entitled to get any house rent allowance. The house rent allowance has not been specifically mentioned in the order of reference. The Union has however claimed house rent allowance at the rate of 10 per cent of the basic pay. Nothing has been placed before me to show that the authorities of the organisation like C.S.P.C.A. receiving Government grant pay house rent allowance to its employees. In the circumstances, I am not in a position to recommend house rent allowance for the workmen of C.S.P.C.A.

Issue No. 3 :

The conditions of service prescribed for the staff of the Society have been incorporated in the body of the rules framed by the Society. Ext. 9 is the copy of such rules. It appears from Ext. 9 that the Secretary-Superintendent is empowered to make recommendations before the Disciplinary Board in a manner as prescribed by rule 2 of the Rules framed by the Society. I have carefully gone through the rules framed by the Society. The workmen of the Society who are not Government employees are not therefore entitled to claim that their present service rules should be replaced by the Service Rules governing the employees of the Government of West Bengal. In my opinion, the present service rules of the Society would govern the service conditions of the workmen of the Society subject to the following modification as recommended by the Committee appointed in 1952.

> "We suggest that the Society should adopt the practice which has become normal today not only in Government Departments but also in private business houses, namely, the practice of drawing formal charge-sheets against an employee against whom disciplinary measures have to be taken and of giving the latter an opportunity of being heard in respect of these charges."

I therefore find that the service rules of the Society should not be replaced by the service rules governing the employees of the Government of West Bengal.

This is my award.

ANNEXURE

In the matter of an industrial dispute between Messrs. Carter Pooler & Co. Private Ltd., 1 Kashinath Dutta Road, Calcutta-36 and their workman Shri P. S. Berry, A-213 Lake Town, Calcutta-55. (Case No. 366/69.)

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

Present :

Shri B. C. CHAUDHURI, Judge,

For the Company : Shri S. Sarkar, Advocate.

For the Workman : Shri P. N. Arah, Advocate.

The Government of West Bengal, Labour Department, by its order No. 7215-I.R./IR/10L-69/69, dated the 15th September 1969, referred this industriel dispute between Messrs. Carter Pooler & Co. Private Ltd., 1 Kashinath Dutta Road, Calcutta-36 (hereinafter referred to as the Company), and their workman Shri P. S. Berry, A-213 Lake Town, Calcutta-55, to this Tribunal under section 10 read with section 2A of the Industrial Disputes Act, for adjudication on the following issue :

Issue

Whether termination of service of Shri P. S. Berry by Company letter, dated the 22nd October 1968, is justified ? To what, relief, if any, is he entitled ?

Pursuant to the usual notices served upon the parties they entered appearance and filed their respective written statements.

Preliminary objection raised by the Company is taken up first for hearing at the instance of the Company. The preliminary objection is that the reference is bad in law because Shri P. S. Berry, the employee concerned, was not a workman as defined in section 2(s) of the Industrial Disputes Act at the time of termination of his service. According to the Company Shri Berry was a Works Engineer having managerial power.

In order to appreciate the evidence adduced by the parties it is necessary to refer to the categories of work for doing which a person is employed in any industry which comes within the ambit of the definition of workman under section 2(s) of the Industrial Disputes Act. For an employee in an industry to be workman under section 2(s) of the Industrial Disputes, it is manifest that he must be employed to do skilled or unskilled manual work, supervisory work, technical work, or clerical work. He may be taken out of the definition of workman under the four exceptions contained in the defination. The two exceptions with which we are primarily concerned are Exceptions (iii) and (iv). Under Exception (iii) even a workman who is employed mainly in a managerial or administrative capacity, goes out of the definition of "workman" while under Exception (iv) persons, who are employed in a supervisory capacity draw wages exceeding Rs. 500 per mensem or exercise, by the nature of the duties attached to the office or by reason of the powers vested in them, functions mainly of a managerial nature. It cannot therefore be contended that whenever a technical man is employed in an industry, it must be held that he is employed to do technical work irrespective of the manner in which and the occasions on which the technical knowledge of such person is brought to use or that when a technical employee even gives advice or guides other workmen it must be held that he is doing technical work and not supervisory work. In the case of a person employed to do technical work it depends upon special mental training or scientifical or technical knowledge. If a man is employed because he possesses such faculties and they enable him to produce something as a creation of his own, he will have to be held to be employed on technical work even though, in carrying out that work, he may have to go through a lot of manual labour. If, on the other hand, he is merely employed in supervising the work of others, the fact that, for the purpose of proper supervision, he is required to have technical knowledge will not convert his supervisory work into technical work. The work of giving advice and guidance cannot be held to be an employment to do technical work. A person with technical qualification could on that account be employed in supervisory capacity and in such a case he would be held to do supervisory work (vide 1970, LL.J. II, p. 590).

It is clear from the definition of workman that the words "managerial or administrative capacity" have not been defined in the Act; therefore, have to be interpreted in their ordinary sense. In order to be in a position of management, it is not necessary that the employee should be at the top of the hierarchy or that he should have absolute power in any respect. It is not necessary that the individual should be in the sole control of an organisation or of a department of that organisation. It is not also necessary that the person should have the power of making appointments. If an individual has officers subordinate to him whose work he is required to overlook, if he has to take decision and also the responsibility for ensuring that the matters entrusted to his charge are efficiently conducted and an ascertainable area or section of work is assigned to him, an inference of a position of management would be justifiable. Whether the supervisory functions predominate, or the functions are of mainly managerial nature, is very difficult to assess.

Keeping above principles in view I shall now consider the evidence adduced by the parties. It is not disputed that Shri Berry was first employed by the Company as an Engineer, Development and Design, on a monthly salary of Rs. 750 some time in 1963. Exhibit 1 clearly shows that the main duty of Shri Berry at the time of appointment was that he would be primarily responsible for the installation of machineries, manufacture of Jigs, fixtures and tools, etc., along with other technical jobs that would be assigned to him from time to time. It appears from Ext. 2 that new service terms were introduced by the Company from 1st July 1964. Shri Berry was designated as Technical Assistant and his position was fixed next to the Works Manager. His salary was fixed at Rs. 1,056 in the scale of Rs. 855—1,980 plus dearness allowance. Clause 1 of Ext. 1 as mentioned above was substituted by the following terms :

> "That you will be primarily responsible for all technical matters including installation, manufacture of jigs, tools and fixtures, designs and drawings along with any other technical job that you may be assigned from time to time."

Thereafter Shri Berry was appointed as Works Engineer on 17th February 1965 (vide Ext. 3). The relevant terms and conditions of his service are as follows :

> "Further to our letter of appointment No. Ad/1562/004, dated 24th September 1964, in view of the sincere and valuable services rendered by you, the Management is pleased to promote you as Works Engineer with retrospective effect from 1st August 1964 on the following fresh terms and conditions :

1. That you will be responsible for all technical matters including installation, manufacture of jigs, tools and other fixtures, designs and drawings along with any other technical job that you may be assigned from time to time."

Exhibit 3 also shows that Shri Berry used to get house rent, bonus, etc., under the terms and conditions as embodied in the said letter.

It is not disputed that Shri Berry was the Works Engineer at the time of termination of his service and he used to draw Rs. 1,818 as salary. He also used to get car allowance, medical allowance seperately including bonus in terms of his appointment. Shri Berry, P.W. 1, states that his main duty was to manufacture jigs, fixtures and tools, to install machineries and other works assigned to him from time to time when he was appointed as an Engineer, Development and Design, by letter, Ext. 1. He wants to say that his duty as Works Engineer was the same as he was doing. He used to do all works as mentioned in paragraph 1 of Ext. 3 with his own hand. He was not entrusted with any managerial and supervisory or administrative work. According to him he had never any opportunity to supervise or correct the work of other workmen of the factory. He admits that there are other workmen, namely, supervisors, foremen, mechanics, etc., in the department. He used to take the help of mazdoor at the time of doing heavy job.

The Company has also examined two witnesses O. P. W. 1 Shri Madhusudhan Bhattacharjee, Supervisor, and O. P. W. 2 Shri Subodh Kumar Roy Chowdhury, Inspector of Finished Products. Both the witnesses state that Shri Berry used to supervise all technical works of the Company. According to P. W. 1, Shri Bhattacharjee, allocation of duties was done after the approval of Shri Berry. He states that Shri Berry never did any manual work, skilled or unskilled. It also appears from the evidence of O. P. W. 1 Shri Bhattacharjee that number of workers under Shri Berry in connection with technical work was 500 and there were altogether 12 officers and all of them were under Shri Berry. O. P. W. 2 Shri Roy Chowdhury states that he was promoted as Inspector from Supervisor on the recommendation made by Shri Berry. This witness has also proved Exts. E, F and F/1. These papers show that this witness was directed by Shri Berry to do certain works as per direction made in these documents. Exhibit E shows that the witness was directed to check dimensional specifications of Diesel Forklift Truck by Shri Berry. Exhibits F and F/1 also show the same. Shri Berry admits his signature on Exhibits A to D series. Exhibits C and D show that Shri Berry used to sign the attendance register meant for officers and his position was next to the Works Manager. Exhibit D also shows that Shri Berry used to draw salary by signing in a register meant for officers and his position was next to the Works Manager. Exhibits A/2 and A/3 show that payment vouchers were approved under the signature of Shri Berry. Exhibit B shows that Shri Berry used to issue notice to the members of Production Committee as Joint Secretary. Exhibits B/1 to B/3 are the proceedings of the Production Committee. These proceedings shows that Shri Berry took part in the meeting of the Production Committee held from time to time. Exhibits B/1 and B/2 also show that Shri Berry signed the proceedings either as Secretary or Joint Secretary.

Thus from the evidence discussed above, the question is whether the employee concerned Shri Berry who was Works Engineer drawing wages more than Rs. 1,800 and whose status was just below the Works Manager at the time of termination of his service comes under the purview of the definition of workman as definined in section 2(s) of the Industrial Disputes Act. It is contended on behalf of the employee concerned that Shri Berry who was employed to do technical work was a workman irrespective of the amount of salary he used to draw and/or the nature of duties he used to perform. I am unable to accept such contention. The view I am taking is supported by a decision of the Supreme Court reported in 1970 LL.J., II, p. 590. It appears that the Hon'ble Supreme Court held that the Transport Engineer, District Engineer, Foreman employed by the Burmah Shell Oil Storage & Distribution Company of India Ltd. were not workmen as their duties were of supervisory nature. In view of what has been disclosed in the evidence discussed above, the conclusion is also irresistible that Shri Berry is not a workman and he comes under the Exceptions (iii) and (iv) of the definition. The evidence adduced in this case clearly shows that there were altogether 500 workers and there were also Supervisors, inspectors, Foremen and Helpers including Officers when Shri Berry used to work as Works Engineer under the Company. In view of what has been disclosed in clause 1 of Ext. 3 mentioned above, I do not find any reason to disbelieve the evidence of Company's witnesses that the above workers including supervisors, inspectors and other officers were under Shri Berry. I do not also find any reason to disbelieve their evidence that Shri Berry used to supervise the technical side of the Company and there were 10 or 12 departments under Shri Berry. The documentary evidence adduced by the Company also proves that Shri Berry used to pass orders as technical head. It is hard to believe that Shri Berry who was responsible for all technical matters as a Works Engineer in terms of the letter of appointment did not supervise the work done by the staff subordinate to him.

All these facts along with clause (1) of Ext. 3 prove beyond doubt that Shri Berry who was a Works Engineer was incharge of technical side of the Company, and he used to supervise the work of staff subordinate to him. That being the position it cannot be disputed that Shri Berry comes under the Exceptions (iii) & (iv) of section 2(s) of the Industrial Disputes Act. It is contended that no case was made out by the Company in its written statement that Shri Berry's work was of supervisory nature. It is very difficult to distinguish in the function done by an employee who was solely responsible for technical work whether the said work was of managerial nature or of supervisory character, The view I am taking is supported by a decision reported in AIR 1958, Calcutta, p.278. Upon a consideration of the entire evidence on record and after giving my anxious consideration to the arguments advanced on behalf of both the sides, I am inclined to hold that the employee concerned Shri Berry does not come under the purview of the definition of workman as nature of duties performed by him comes under Exceptions of (iii) & (iv) of section 2(s) of the Industrial Disputes Act.

In the result, I hold that the employee concerned Shri P. S. Berry was not a workman at the time of termination of his service and as such the dispute is not an industrial dispute as defined in section 2(k) of the Industrial Disputes Act.

The reference is bad in law.

The issue referred to this Tribunal for adjudication is:

Issue

"Whether the termination of service of Shri Shanti Kumar Mukherjee is justified? To what relief, if any, is he entitled?

The workman filed written statement. In reply the Company also filed written statement. Thereafter the parties did not take any steps on dates fixed by the Tribunal. Even the parties did not appear on three successive dates of hearing. Those dates were 2nd March 1971, 20th April 1971 and 24th May 1971. AWARD

The Government of West Bengal, Labour Department, has referred an industrial dispute between Messrs. Sadharma Mistanna Bhandar, 91 Premchand Boral Street, Calcutta-12, and their workman Shri Amar Chandra Mullick represented by Shop Assistants' Association of Bengal, B/73 College Street Market, Calcutta-12, to this Court by its order No. 7127-I.R./IR/11L-585/69, dated 15th September 1969, under section 10 read with section 2A of the Industrial Disputes Act, 1947 (XIV of 1947), for adjudication on the following issue :

Issue

Whether termination of service of Shri Amar Chandra Mullick by way of refusal of employment to him is justified? To what relief, if any, is he entitled?

Notices were duly served upon both the parties and they entered appearance and filed their respective written statements. The Company raised certain preliminary objections and prayed for hearing of those preliminary objections first. Accordingly the preliminary objections were heard on 3rd March 1971. By an order, dated 15th March 1971, the preliminary objections were overruled and the case was fixed on 19th April 1971 for hearing on merits. On 19th April 1971 the workman was present but none appeared on behalf of the Company and as such the matter was heard ex parte and 26th April 1971 was fixed for passing necessary award. Subsequently the Company filed a petition praying for rehearing of the case on the grounds mentioned in the petition. The petition was heard in presence of the representative of the workman and the Lawyer for the Company on 26th April 1971 and by consent of the parties the petition was allowed and 29th May 1971 was fixed for hearing of the case on merits. On 29th May 1971 the Company again defaulted and as such the case was heard ex parte.

The case of the workman is that he was an employee of Messrs. Sadharma Mistanna Bhandar. It is alleged that the workman took 2 days' leave on 13th

January 1969 and went to his native village On expiry of the leave he came to resume his duties as usual but he was refused employment and his services were verbally terminated by the Company. Thereafter he requested the Proprietor of the Company on several dates for his reinstatement but to no effect. Thereafter he submitted representation before the the Labour Officer of the Government and as the conciliation failed the Government referred the dispute to this Court for adjudication.

I have already stated hereinbefore that on the date of hearing the Company defaulted and as such the matter was heard ex parte. On behalf of the workman the workman has examined himself on oath. He states that he was an employee of the Company, Messrs. Sadharma Mistanna Bhandar situated at Premchand Boral Street, Calcutta. His services were wrongfully terminated by the Company since 15th January 1969. He says further that no notice was served upon him nor any domestic enquiry was held against him. He says further that he went home with 2 days' leave on 13th January 1969 and when he came to resume his duties on 15th January 1969 he was told by the employer that his services were terminated. He was not given any wages in lieu of notice or any compensation as required under the law. I have no reason to disbelieve all these statement of the workman. It is seen from Exts. 3, 3-A, 2 and 2-A that the workman raised dispute with the employer and requested the employer for his reinstatement but to no ffect. In the circumstances I find that the Company Sadharma Bistanna Bhandar is not justified to terminate the services of the workman. Hence I hold that the workman is entitled to reinstatement with back wages. The Company is hereby directed to reinstate the workman in service and to pay him full back wages within 30 days from the date of publication of this award in the "Official Gazette".

This is my award.

AWARD

The Government of West Bengal, Labour Department, has referred an industrial dispute between Messrs. Graphic Art Concern, 76 Bepin Behari Ganguly Street, Calcutta-12 and their workman Shri Gopal Palodhi, 139C Upper Chitpur Road, Calcutta-6, to this Court by its order No. 5941-I.R./IR/13L-37/70, dated 13th August 1970, under section 10 read with section 2A of the Industrial Disputes Act, 1947 (XIV of 1947), for adjudication on the following issue:

Issue

Whether termination of services of Shri Gopal Palodhi by way of refusal of employment to him is justified? To what relief, if any, is he entitled?

Notices were duly served upon both parties. The case was fixed on 16th November 1970 for filing written statement by the workman. The workman did not appear on that day and the case was again fixed on 11th December 1970 for filing written statement by the workman. The workman did not appear on that day. Thereafter several dates were fixed and the case was ultimately fixed on 19th April 1971 for orders but on that day also neither the workman nor the Company appeared. In the circumstances it appears to me that the parties might have settled the dispute amicably out of Court and there is at present no dispute pending between them.

I accordingly pass a "no dispute" award in this case.

AWARD

By the Government of West Bengal, Labour Department, order No. 8374-I.R./IR/11L-666/69, dated the 30th October 1969, an industrial dispute existing between Messrs. Western Trading Corporation, 55 Canning Street (H Block), Calcutta and their workman, Shri Jainul, C/o. B. D. & Co., 95/90 Canning Street, Calcutta, was referred to this Court under section 10 read with section 2A of the Industrial Disputes Act, 1947 (XIV of 1947), for adjudication, in respect of the following issue:

Issue

Whether termination of service of Shri Jainul is justified? To what relief, if any, is he entitled?

After completion of all necessary steps by the parties concerned, the case was fixed on 25th February 1971 for hearing. On 25th February 1971 neither of the parties was found available. The Court suo-motu gave several chances to the parties concerned to contest the proceedings. But the parties failed to avail of the opportunity on each and every occasion. I, therefore, believe that no outstanding dispute exists between the parties any longer. I, accordingly, dispose of the matter by passing a "No Dispute" award.

I have perused the compromise petition and I am satisfied the terms as embodied therein are legal and fair. I have, therefore, accepted the compromise petition and disposed of the case in terms of the said compromise petition which is made part of the award.

This is my award.

(3) Applications are to be made in the prescribed form which will be available from the office of the Public Service Commission, West Bengal, Anderson House (ground floor), Alipore, Calcutta-27, personally or on sending a large self-addressed envelope with stamps sufficient to cover the postage affixed to it. Candidates who are unable to obtain copies of the prescribed form may apply in any similar typed (not handwritten) form showing exactly the wording and spacing of the sample form published in the "Calcutta Gazette" of the 1st September 1955, provided the blanks are filled up in the candidates' own hand writing.

Those who intend to submit applications personally should do so between 10-30 a.m. and 3-15 p.m. on full working days and between 10-30 a.m. and 12-15 p.m. on Saturdays.

Particulars and certificates required

(4) Candidates should furnish evidence of their age, qualifications and previous experience together with certificates written not more than one year prior to the date of their applications, from responsible persons, testifying to their private character.

The Commission accepts only the age of a candidate as recorded in the School Final or equivalent certificate.

In the case of a female candidate whose age is not recorded in the School Final or equivalent certificate, any of the following evidences of the age is accepted by the Commission:

(1) A certificate from the Headmistress of the school, which she last attended, showing her exact age as recorded in the school register.

(2) An affidavit regarding her age sworn by her father or mother or some other person in a position to know by having been present or heard of her birth at the time of occurrence.

(3) A certificate regarding her age, from a Member of the Legislature or a Gazetted Officer, who must have known the candidate and her family, indicating clearly the evidence on the basis of which he/she satisfied himself/herself on the point.

(5) Candidates must enclose with their applications a fee of Rs. 5 (Rs. 1.25 for candidates belonging to Scheduled Castes or Scheduled Tribes) in the form of a receipted chalan from a Government Treasury or the Reserve Bank of India under the head "XXI—Miscellaneous—Receipts of the Public Service Commission, West Bengal".

Money orders, cheques, etc., in lieu of treasury chalans are not accepted. Postal Orders, however, may be accepted from candidates. They should be crossed and made payable to "The Deputy Secretary, Public Service Commission, West Bengal".

Candidates abroad may deposit their application fees with the High Commission of India or the Embassy, as the case may be, and obtain receipts for the same, which will have to be attached to their applications to be submitted to the Commission.

Candidates in Government service should make sure before depositing fee that their applications will be forwarded by their superior officers.

Except under certain special circumstances, fees paid with the applications are not refunded.

The Commission may remit application fee in respect of genuinely indigent displaced persons from East Pakistan who have migrated to India on or after January 1, 1964. This concession in fee shall remain in force up to December 31, 1969.

A candidate claiming such exemption must furnish besides evidence required under paragraph (1)(c) above, a certificate (in original) from a District Magistrate or a Gazetted Officer or a Member of Parliament or State Legislature to show that he/she is not in a position to pay the prescribed fee.

For a Gazetted post, an indigent displaced person shall, in the first instance, pay the prescribed application fee, but if he/she is selected for and appears at the interview, the fee paid by the candidate will be refunded afterwards. For a non-Gazetted post such candidates will not be required to pay the application fee.

Note: A member of the Scheduled Castes or Scheduled Tribes must furnish with his/her application a certificate in original from a Gazetted Officer or from a Member of Parliament or State Legislature belonging to the Scheduled Castes or Scheduled Tribes specifying the particular caste or tribe to which the candidate belongs.

Address

(6) Candidates should give their present address and should communicate at once any subsequent change of address.

Canvassing

(7) Any attempt on the part of candidates to enlist support of their applications through persons of influence or officials of Government will disqualify them for appointment. Spontaneous recommendations from persons interested in the candidates or otherwise known to them will be disregarded.

Forwarding of applications and submission of advance copies

(8) Applications from candidates who are in permanent or temporary employment under any Government, a local or Statutory Body (e.g., Damodar Valley Corporation), in India will be rejected unless they are submitted through the appointing authority of their posts or service.

Candidates serving under Government or a local or Statutory Body should submit an advance copy in the prescribed form. The application fee should in such cases be attached to the advance copy and not to the original. The candidature of such applicants may not, however, be considered if the original applications do not reach the Commission's office within a fortnight from the closing date. Unless applications in original or advance copies with application fees are received within the closing date, late applications may be rejected.

LABOUR DEPARTMENT

ORDERS

No 2682-I R./IR/10L-275/70.—28th June 1971. —Whereas under the Government of West Bengal, Labour Department, order No. 7477-I.R./IR/10L-275/70, dated 9th November 1970, the industrial dispute between Messrs. Monorama Engineering Industries (P) Ltd., 76 Russa Road East, Tallygunge, Calcutta-33 and their workman Shri Badri Yadav represented by Motor Workers' Union, Calcutta, Howrah, 24 Parganas and Hooghly, 19/2A Pitambar Ghatak Lane, Calcutta-27, regarding the issue mentioned in the said order being a matter specified in the Second Schedule to the Industrial Disputes Act, 1947 (XIV of 1947), was referred for adjudication to the Second Industrial Tribunal;

And whereas the said Second Industrial Tribunal has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the Annexure hereto.

ANNEXURE

In the matter of an industrial dispute between Messrs. Monorama Engineering Industries (P) Ltd., 76 Russa Road East, Tollygunge, Calcutta-33 and their workman Shri Badri Yadav represented by Motor Workers' Union, Calcutta, Howrah, 24-Parganas and Hooghly, 19/2A Pitambar Ghatak Lane, Calcutta-27. (Case No VIII-440 of 1970.)

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL

Present :

Shri ARUN KUMAR COARI, Judge,
Second Industrial Tribunal.

Appearances :

For the Union : Shri Satin Roy Chowdhury, General Secretary of the Union.

For the Company : None.

This reference by the Government vide order No. 7477 I R /IR/10L-275/70, dated the 9th November 1970, is between Messrs. Monorama Engineering Industries (P) Ltd., and their workman Shri Badri Yadav represented by Motor Workers' Union, Calcutta, Howrah, 24 Parganas and

Hooghly and this is the issue which has to be decided :

Issue

Whether termination of services of Shri Badri Yadav is justified? What relief, if any, is he entitled to ?

The case of the workman is that he was a motor driver in the Company and went on leave which was granted to him and when he reported to duty was not allowed to join. Thereafter he sent a registered letter to the Company praying that he be allowed to join. This letter was refused. The original letter as well as the copy and the envelope with the postal remark that it has been refused have been exhibited. The notice on the Company was served but the Company is not presenting to contest the dispute. It appears from the evidence of the workman that the Company also avoided being present before the conciliation officer. I believe, the Company has no case to put forward and that is why they are avoiding to contest the matter in this Tribunal also and as opportunities have been given to the Company which have not been availed of by the Company I hold that the workman has been able to establish his case that his termination of service was unjustified. I decide the issue in favour of the workman and order his reinstatement with full back wages till his reinstatement.

This is the award of the Tribunal.

Shri B. C. CHAUDHURI, Judge,
Fourth Industrial Tribunal.

The Government of West Bengal, Labour Department, by its order No. 5340-I.R./IR/11L-129/69, dated the 21st July 1969, referred this industrial dispute between Messrs. India Linoleums Ltd., 9/1 K. N. Mukherjee Road, Calcutta-1 and their workman Shri Gobardhan Das represented by Motor Vehicles Drivers' Congress, West Bengal, 4B Madan Mohan Burman Street, Calcutta-7, to this Tribunal under section 10 of the Industrial Disputes Act for adjudication on the following issue :

Issue

Whether the termination of service of Shri Gobardhan Das is justified ? What relief, if any, is he entitled to ?

Immediately after the receipt of the reference, notices were served upon both the parties. They appeared and filed their written statements. They also complied with intermediate steps and the case was fixed for hearing but on the date fixed for hearing the parties expressed a keen desire to settle the dispute amicably. It appears from the petition filed by the parties on 20th May 1971 that the industrial dispute under reference is no longer in existence. The petition along with the receipt filed also shows that the workman received Rs. 1,800 from the Company in full and final settlement of the dispute under reference. In view of the prayer made by the parties there is no bar to pass a "no dispute" award. I, therefore, pass a "no dispute" award on the footing that the industrial dispute under reference is no longer in existence.

AWARD

By the Government of West Bengal, Labour Department, order No. 5224-I.R./IR/10L-28/69, dated the 15th July 1970, an industrial dispute existing between Messrs. The New India Conveyor Company (Structural Division), 58/4 B. T. Road, Calcutta-2 and their workman Shri Bholanath Pandey represented by West Bengal Engineering Workers' Union, 48 Dharamtalla Street, Calcutta-13, was referred to this Court under section 10 read with section 2A of the Industrial Disputes Act, 1947 (XIV of 1947), for adjudication, in respect of the following issue:

Issue

Whether dismissal of Shri Bholanath Pandey is justified? To what relief, if any, is he entitled?

Pursuant to the notices the parties appeared and the Union was directed to file written statement on 3rd October 1970. On 3rd October 1970, the Union prayed for an adjournment for filing written statement. Accordingly, the case was fixed on 5th November 1970 for the purpose. On 5th November 1970 also the Union prayed for time and the case was fixed on 28th December 1970 for filing written statement by the Union. On 28th December 1970 the Union was found absent. But the workman concerned as well as the Company appeared before the Court and put in a petition which purports to have been signed by the workman concerned. The petition states that the workman concerned had settled the dispute with the Company out of the Court. As the Union was not found available on that day, the record was directed to be put up on 20th January 1971 for orders. But on and from 20th January 1971 till this day, the Union did not appear before the Court to submit anything in connection with the said petition. I, therefore, am inclined to believe that the workman concerned has actually settled the dispute with the Company and that the dispute under reference is no longer in existence. I, therefore, pass a "No Dispute" award in this case. This disposes of the instant reference.

AWARD

The Government of West Bengal, Labour Department, has referred an industrial dispute between Messrs. Mark-ACC Industrial (P) Ltd., 71 Ganesh Chandra Avenue, Calcutta-13 and their workman represented by Commercial Employees' Union (Calcutta), 12A Netaji Subhas Road, Calcutta 1, to this Court by its order No. 9831-I.R./IR/10L-479/69, dated 19th December 1969, under section 10 of the Industrial Disputes Act, 1947 (XIV of 1947), for adjudication on the following issue:

Issue

Whether the termination of service of Shri Gurudas Das by way of refusal of employment to him with effect from 14th November 1968 is justified? To what relief if any, is he entitled?

Notices were served upon both the parties and they duly entered appearance and filed their respective written statements. The case was fixed for hearing on 28th December 1970. The hearing could not be done on that date as the workman prayed for adjournment which was granted and the case was fixed on 21st January 1971 for hearing. On 21st January 1971 the Company was present but the workman was absent. As per prayer of the Company the hearing was, however, adjourned to 16th February 1971. On 16th February 1971 the workman appeared and filed a petition for adjournment of the hearing which was granted and the case was adjourned to 22nd March 1971 for hearing. On 22nd March 1971 the workman was absent and the case was adjourned to 20th April 1971 for hearing. On 20th April 1971 the workman was also absent and as such the case was again shifted to 13th May 1971 for hearing. On 13th May 1971 the workman was again absent. The hearing was then adjourned to 2nd June 1971. On 2nd June 1971 the Company was present but the workman was absent. In the circumstances it appears to me that the workman is no more interested in the reference. I accordingly pass a 'No-dispute' award in the present case.

AWARD

The Government of West Bengal, Labour Department, by its order No. 4417-I.R./IR/10L-98/67, dated the 7th September 1967, referred this industrial dispute between Messrs. Teamco Pvt. Ltd., 188 Maniktala Main Road, Calcutta and their workmen represented by East Calcutta Engineering Workers' Union, 38/H/27 Maniktala Main Road, Calcutta, to this Tribunal under section 10 of the Industrial Disputes Act for adjudication on the following issue:

Issue

Whether refusal of employment to Shri Chain Singh from 22nd March 1966 and termination of his employment thereafter is justified? To what relief, if any, is he entitled?

After service of usual notices the Union and the Company entered their appearance and filed their respective written statements.

The case of the Union is that the workman Shri Chain Singh was in the employ of the Company for a long time. He went to his native village in Punjab for attending marriage ceremony of his brother which took place on 10th March 1966. Before going to Punjab he applied for three weeks' leave from 2nd March 1966 and the same was sanctioned. After the expiry of leave he went to attend his duty on 22nd March 1966 but the Company refused to allow him to join his duty. The workman incurred displeasure of the Company for taking active part in the Union affairs. The workman was refused employment without any charge-sheet on 22nd March 1966 and he was dismissed thereafter. The Union took up the cause of the workman and raised a dispute before the Labour Commissioner. The Union asserts that the refusal of employment and subsequent dismissal were illegal and unjustified and the workman is entitled to reinstatement with compensation for the period of unemployment.

The Company has denied all the allegations made by the Union in its written statement. The case of the Company is that the workman started remaining absent from his duty on and from 1st March 1966 without any prior permission either orally or in writing or any intimation to the Company. The Company heard nothing from him even up to 16th March 1966. Hence, it sent a letter to him by registered post with A/D, stating therein the fact of the aforesaid unauthorised absence and mentioning to that, "You are hereby directed to report within 48 hours of receipt of this letter and explain us the reason of your unauthorised absence, failing which your name shall be removed from our muster roll without any further reference to you, which note". The said letter was returned to the Company with two postal remarks, one dated 24th March 1966 and the other dated 29th March 1966, both reading 'tried to make delivery but the addressee appears to evade delivery'. After the return of letter, dated 16th March 1966, the Company had no other alternative but to conclude that the workman was no more interested in the employment under the Company and that he deserted his employment of his own accord. Thereafter the Company sent a letter on 30th March 1966 informing the workman that his name had been removed from the muster roll. The said letter was also received back from the Post Office with the above remarks. The Company also asserts that the dispute referred is not an industrial dispute and the Tribunal has no jurisdiction to adjudicate over the same.

Both sides adduced oral and documentary evidences. The two letters produced by the Union were marked as Exts. 1 and 1/a. Some letters and other documents produced by the Company were also marked as Exts. 2 to 7/b. The documents produced by the Company's witnesses including some other documents were also marked Exts. A to C.

The preliminary objection regarding maintainability of the reference taken up by the Company in its written statement were heard on 13th August 1968. The objections were duly considered by the Tribunal and the same were decided against the Company. At the time of final hearing the learned Lawyer for the Company also contended that no dispute was raised by the workman with the Company before the matter was referred to the Labour Department. No such case was made out in the written statement. No such case was also made out at the time of hearing of preliminary objection. In view of the order passed by the Tribunal on 9th September 1966 I am inclined to hold that the Company is not entitled to raise the issue regarding preliminary objection afresh, and the Tribunal has got jurisdiction to decide the issue under reference.

I shall now consider the central issue under reference. In order to appreciate the oral evidence adduced by the parties it is necessary to refer to the documentary evidence. Exts. 1 and 1/a are the two post cards. Ext. 1 is a letter. dated 21st February 1966, in Gurmukhi language addressed to the workman at his Calcutta address. Ext. 1/a is also a letter in Gurmukhi language addressed to the workman at his Calcutta address. The postal seal of this letter is illegible. It appears that somebody wrote the date on Ext. 1/a as 9th March 1966. Ext. 2 is a letter addressed to the workman by the Manager of the Company on 16th April 1966. By this letter the manager had informed the workman that he was absenting himself from his duty from 1st March 1966, without permission or any intimation. The workman was also informed that his conduct amounted to resignation. He was further directed to report within 48 hours of the receipt of the letter. This letter was sent to the workmen by registered post. The registered envelope exhibited in the case bears the following endorsement made by the Postman on 23rd March 1966 and 29th June 1966 respectively 'Tried to make delivery but the addressee appears to evade delivery' (vide Exts. 2/a and 2/b). Ext. 4 is the original letter, dated 30th March 1966. By this letter the Company had informed the workman about the sending of the above letter, dated 16th March 1966 and the return of the same by the Post Office with the remark mentioned above. The Company also informed the workman that he was not interested in employment and he deserted the service under the Company. It also appears that the Company had informed the workman that his name was removed from the muster roll. The registered envelope received back from the Post Office by the Company also bears the remark, dated 11th April 1966 and 14th April 1966 of the type mentioned above (vide Ext. 4). Ext. 5 is the letter addressed to the Labour Commissioner by the Secretary of Calcutta Engineering Workers' Union on 30th April 1966. There is no indication in the letter to show that the workman was refused employment by the Company on 22nd March 1966 after the expiry of alleged leave. It was simply stated that the Company terminated the services of the workman and one Har Charan Singh in a most unjustified and illegal manner. This letter was duly sent by the Labour Department to the Company. Ext. 6 is the reply sent by the Company. Ext. 6 clearly shows why the Company treated the service of the workman as abandoned on grounds mentioned in the letters mentioned above. Exts. C to F are the correspondences between the other workman Har Charan Singh and the Company. Ext. 7 series are the petitions filed by different workmen including Punjabi workmen before the Company from time to time for leave, etc. These petitions also show how leave was sanctioned to the workmen who prayed for leave. Exts. A to A/9 are the debit vouchers granted by the Sudarshan's Seven Works in favour of the workmen. All these vouchers show that the workman Chain Singh signed his name in these vouchers on revenue stamps, received wages for the period from 13th February 1966 to June 1966. The signatures of the workman in Exts. A to A/5 are not disputed. There is, however, dispute regarding the signatures of the workman in Exts. A/6 and A/7. These documents along with admitted signatures including the signatures of workman in the identity cards were sent to the Handwriting Expert. Ext. 9 series are the Photographs taken by the Expert. It appears from the report of the Expert that the signatures of the workman in Exts. A/6 to A/9 and the admitted signatures mentioned above were made by the same person.

I shall now consider the oral evidence adduced in the case. The first witness is the workman himself. He has been working as a permanent employee of Messrs. Inchek Tyres Ltd. since December, 1968, drawing a salary of Rs. 300 per month. According to him he got the letter (post card), Ext. 1, from his native village on 23rd or 24th February 1966 and came to know that the marriage of his cousin would take place on 10th March 1966. He handed over the leave application to his employer Shri Teja Singh on 2nd March 1966 praying for three weeks' leave in order to attend the marriage ceremony of his relative in Punjab and the leave was sanctioned. It may be mentioned that Teja Singh died during the pendency of this proceeding. The witness returned back to Calcutta on 21st March 1966 and went to join his duties on 22nd March 1966. The Durwan stopped him at the gate and asked him to wait till the arrival of the manager. After the arrival of the manager he was informed that his service was terminated as he had joined the Union. The witness asserts that no registered letter was delivered to him. According to him he addressed Ext. 1/a to his son in Calcutta. The letter, however, shows that the same was not addressed to his son but the witness himself. He has stated that he did part-time job under Shri Pitam Singh (O.P.W. 1) for 4 or 5 months from February 1966. He however states that he worked under Shri Pitam Singh in February 1966 but not in March 1966. He has also denied the suggestion that he worked as a part-time worker in February 1966 and thereafter secured a job at a salary of Rs. 380 per month from March 1966. He however admits that Shri Pitam Singh gave him Rs. 150 in March 1966 but he did not sign any receipt for the same. He also accepted Rs. 100 towards the end of March 1966. He also states that out of the sum of Rs. 250 received by him in March 1966, from Shri PitamSingh, Rs. 150 represented his son's emoluments and the balance of Rs. 100 represented his emolument. He collected his son's salary from Shri Pitam Singh for the months of March and April 1966 and for other months' payment was accepted by his son himself. The witness has denied his signatures, Exts. A to A/9. It may be mentioned at this stage that Exts. A/6 and A/7 corroborate the evidence of witness that he received Rs. 250 from Shri Pitam Singh in the month of March 1966. P.W. 2, Shri Kuldev Singh, son of P.W. 1, has also contradicted the evidence of his father by saying that the letter, Ext. 1/a, dated 9th March 1966, was written by his maternal uncle Shri Surjit Singh to his father. This fact by itself proves that the letter, Ext. 1/a, was not written by P. W. 1 from Punjab and addressed to his son. He has made a categorical statement to the effect that he himself signed the receipts for all payment received from Shri Pitam Singh and he was unemployed during the months of February and March 1966. It also appears from the evidence that he used to grant receipt for whatever emoluments he got from Shri Pitam Singh. There is nothing in evidence to show that his father ever granted any receipt to Shri Pitam Singh on his behalf. P.W. 3, Shri Paritosh Bhanga, is a workman of the Company. He is in very good terms with the workman Shri Chain Singh. According to him Shri Chain Singh was driven out by the Durwan of the Company in the beginning of March 1966 when he returned from his native village. He admits that he used to submit written application whenever he used to go on leave. It also appears from his evidence that orders used to be passed on the leave applications filed by him from time to time. The witness wants to say that leave application was not necessary for Punjabi workers. It may be mentioned at this stage that the leave applications produced by the Company show that the same were also made by the Punjabi workers.

The first witness examined on behalf of the Company is O.P.W. 1, Shri Pitam Singh, Proprietor of Messrs. Sudarshan's Seven Works. According to him the workman Chain Singh was a Mechanic-in-charge of his workshop from 13th February 1966 to 4th August 1966. The workman worked in the factory throughout the month of March 1966 and received a payment of Rs. 250 by way of wages under receipt signed by him. It appears from evidence of witness that Exts. A to A/9 are the receipts signed by Chain Singh.

It appears from his evidence that payments under the above receipt were all Shri Chain Singhs dues and they did not represent any money due to his son. He corroborates the evidence of P.W. 2 by saying that Kuldev Singh had himself received the salary and put his signature on the receipt. The evidence of the witness that the workman worked under him during the period mentioned above remains unchallenged. Suggestion has been made to him that the workman worked during the above period under him from 6 p.m. to 9 p.m. This fact by itself proves the payment of this workman in Calcutta in March 1966. O.P.W. 2 Shri Parimal Chandra Ghosh is the Manager of the Company. According to him no leave was taken by the workman as claimed. He sent the registered letter, Ext. 2, to the workman on 16th March 1966. It appears from his evidence that the letter was received back from the post office with the endorsement mentioned above. He also sent the letter, Ext. 4, to the workman which was also received back from the post office with the endorsement mentioned above It appears from the evidence of witness that there was no certified standing order of the Company at the relevant time. The witness has also proved certain leave application filed by other workmen. O.P.W. 3, Shri Sreedhar Chatterjee is a Handwriting Expert. According to him the writer of the signatures Chen Singh in Exts. A to A/9 is the writer of the admitted signature of Chain Singh sent to him.

Thus from the evidence discussed above the question is whether the service of the workman was terminated after the alleged refusal of employment on 22nd March 1966 or whether the Company was justified in treating the service of the workman as abondoned on the ground that the workman remained absent without any leave and began to work elsewhere when the Company sent a registered letter to the workman on 16th March 1966 asking him to join within 48 hours. The evidence which the workman has adduced in support of his case that he went to Punjab to attend a marriage ceremony after taking leave from 2nd March 1966 and was not allowed to join his duty on 22nd March 1966 when he went to the Company after expiry of leave is neither substantial nor satisfactory. Upon evidence of such inconclusive character it is very difficult to hold that the workman went to Punjab after taking leave on 2nd March 1966. I have already stated that there is no indication in the letter addressed to the Labour Commissioner on 13th April 1966 by the Secretary of the Union that the workman was on leave during the period from 2nd March 1966 to 21st March 1966 and he was refused employment on 22nd March 1966 (vide Ext. 5). The written statement filed by the Union on 20th November 1967, is silent on the point. There is nothing in the written statement to show that the workman went to Punjab during the period mentioned above. It was first stated in the additional written statement filed by the Union after hearing of the preliminary objection that the workman took leave from 2nd March 1966 to attend marriage ceremony in Punjab and he was refused employment when he went to attend his duty on 22nd March 1966. There is no document to prove that the workman went to Punjab. The letter, Ext. 1/b, addressed to the workman sometime in March 1966 does not in any way prove that he was in Punjab in the month of March 1966. On the other hand, it appears from the evidence discussed above, that the workman worked under O.P.W. 1 Shri Pitam Singh during the month of March 1966. It is contended that no case was made out in the written statement that the workman worked under Shri Pitam Singh. In view of what has been disclosed in the evidence discussed above, I am not inclined to draw any adverse presumption against the Company on that ground. It is admitted by the workman that he had worked under O.P.W. 1 sometime from February 1966 to August 1966 save and except in the month of March 1966. According to the Company the workman did part-time job under O.P.W. 1 in February 1966 and thereafter began to do whole-time job from March, 1966. It is admitted by the workman that he used to receive money from O.P.W. 1 as his wages after granting receipt under his signature. He also admits that he had received a sum of Rs. 350 from O.P.W. 1 in the month of March 1966. In view of what has been disclosed in the evidence of expert I do not find any reason to disbelieve the evidence adduced on behalf of the Company that the signature of Chain Singh in the receipts, Exts. A to A/9 are the signatures of workmen Exts. A/6 and A/9 corroborate the evidence of workman that he had received a sum of Rs. 250 from O.P.W. 1 in the month of March 1966. In view of what has been disclosed in the evidence of P.W. 2, Kuldev Singh, I am not inclined to believe the evidence of workman that he had received wages for his son from O.P.W. 1 for the month of March 1966. I have read the contents of the letter, dated 16th March 1966, sent by the Company to the workman by registered post. It is hard to believe that the Company sent the said letter after granting leave to the workman on 2nd March 1966. All these facts disprove the story set up by the workman that he went to Punjab after taking leave on 2nd March 1966. On the other hand, the evidence adduced in the case proves beyond doubt that the workman began to work as a full-time worker under O.P.W. 1 from March 1966 and worked there up to August 1966. It cannot be disputed that the workman was working under O.P.W. 1 Shri Pitam Singh when the Company sent the second registered letter on 30th March 1966. This conduct on the part of the workman proves beyond doubt that the workman had himself abandoned the service and the Company was justified in treating the same as abandoned. It is contended on behalf of the workman that the certified standing orders were not in existence and the Company was not justified in treating the service of workman as abandoned at the relevent time. In my judgement there is no bar to draw an inference regarding abandonment or relinquishment. It is true that under common law an inference that an employee has abandoned or relinquished service is not easily drawn unless from the length of absence and from other surrounding circumstance an inference to that effect can be legitimately drawn and it can be assumed that the employee intended to abaondon service. In the instant case the workman remained absent from his duty without any leave from 2nd March 1966. He began to work elsewhere. The Company sent a registered letter directing him to attend his duty within 48 hours. The letter was received back with the endorsement mentioned above. Thereafter the Company treated the services of the workman as abaondoned and informed him by registered post. All these facts go to prove that the workman had himself let the Company to believe that he had abandoned the service and the Company was justified in believing the same. That being the position it cannot be said that the workman was refused employment on 22nd March 1966 and thereafter his service was terminated as alleged. Upon a consideration of the entire evidence on record and from the facts and circumstances of the case I find that the workman who had himself abandoned his service is not entitled to claim that the Company had refused employment to him on 22nd March 1966. I also find that the workman Shri Chain Singh who has been working elsewhere since March 1966, is not entitled to any relief.

This is my award.

Pursuant to the usual notices served upon the parties, they entered appearance and filed their respective written statements. Thereafter various dates were fixed for taking various steps in this case.

On 9th June 1971, however, Shri M. M. Saha, Advocate, appearing on behalf of the Union and Shri N. S. Ahluwalia, Manager of the Company appeared and filed a joint petition of compromise duly signed by the authorised representatives of both sides stating that the parties had succeeded in reaching an agreement on 6th April 1971 by which all the existing disputes including the dispute referred for adjudication have been finally settled by the abovesaid agreement. The parties have also filed a copy of the Memorandum of Settlement (agreement), dated 6th April 1971. They have further stated that they had no longer any dispute between them in respect of the issues mentioned in the Order of Reference. and they prayed that the Tribunal should pass a "No-dispute" award in terms of the Settlement reached on 6th April 1971.

AWARD

This is a reference under section 10 read with section 2A of the Industrial Disputes Act, by the Government of West Bengal, Labour Department order No. 4950-I.R./IR/11L-406/70, dated the 26th June 1970, for determination of the following dispute alleged to be existing between Messrs. General Industries Corporation and their workman Shri Maysan Khan:

Issue

Whether the termination of service of Shri Maysan Khan is justified? To what relief, if any, is he entitled?

The workman and the Company have filed written statements. In the written statement filed by the Company it is contended that the reference is bad in law inasumch as the dispute is not an industrial dispute within the meaning of the Industrial Disputes Act because the workman had not raised any dispute with the employer before he raised the same with the Government of West Bengal. The learned Advocate for the Company has pressed this preliminary objection.

It is a well settled principle of law that a reference is incompetent even if the dispute was raised before the Conciliation Officer, if the dispute had not been raised with the management before moving the Government in the matter. Therefore, it is to be seen whether the dispute was raised with the management before it was raised with the Government. P.W. 1 is Shri Maysan Khan. His evidence is that he received the letter of dismissal, dated 18th December 1969, on 20th December 1969. It is his evidence that on 20th December 1969 after he had received the letter of dismissal, he telephoned Shri Saxena of the Company and made a demand for his reinstatement, but Shri Saxena told him over telephone that he was unable to do anything in the matter. This evidence of P.W. 1 that he telephoned Shri Saxena on the very day after he had received the letter of dismissal is his ipse dixit, and is not convincing. Hence I am unable to rely on this piece of evidence. His further evidence is that on the very same date he being accompanied by the Union Secretary Shri D. Majumdar met Shri Saxena at his Alipore quarters, and at that time he left with Shri Saxena a petition demanding his reinstatement. But P.W. 1 is unable to say the address of Shri Saxena's quarters. It further appears from evidence that at the relevant time Shri D. Majumdar was not the Secretary of the Union. P.W. 1 has also not examined

Shri D. Majumdar to corroborate him. O.P.W. 1 Shri Inder Pardasani is the Works Secretary of the Company. It is in evidence that he looks after the general administration of the Company. To Shri Pardasani it is suggested in cross-examination that Shri Pardasani was present when P.W. 1 met Sexena at his quarters and left with him a petition. Shri Pardasani has denied this suggestion on oath. Therefore, Shri Khan has not examined Shri D. Majumdar, his evidence that Shri D. Majumdar was the Secretary of the Union at the relevant time remains uncorroborated, and his further evidence that he met Shri Saxena at his quarters in presence of O.P.W. 1 is also denied by O.P.W. 1. There is also no evidence except the uncorroborated testimony of P.W. 1 that he left a petition with Shri Saxena. In this state of evidence it is difficult to believe that P.W. 1 Shri Maysan Khan really met Saxena at his quarters and made representation to him for his reinstatement at that time. P.W. 1's further evidence is that on 22nd December 1969 he sent a letter of appeal to the Company under certificate of posting. He filed a copy of the alleged letter of appeal before the Tribunal, and it has been marked Ext. 1 (after objection). In the four corners of his written statement nowhere P.W. 1 has mentioned that he telephoned Shri Saxena, that along with Shri D Majumdar he met Shri Saxena at his Alipore quarters, and that he sent a letter of appeal to the Company under certificate of posting. The evidence of O.P.W. 1 is that in the Company there is a section for receiving and issuing letters. His positive evidence is that no such letter of appeal was received by the Company from P.W. 1. He has deposed that the Company received a letter from the Labour Directorate, and from that letter only the Company came to know for the first time that the workman Shri Maysan Khan moved the Labour Department, and prior to that the workman did not raise any dispute over the termination of his services with the Company. Ext. 1(a) is a certificate of posting. It bears postal seals. The dates appearing in the postal seals are not very clear, and year appearing in the seals look like '68' instead of '69. Therefore it is difficult to rely upon this certificate of posting for the purpose of ascertaining the date of posting of the letter. Moreover, a certificate of posting has not the same presumptive value of the service of a letter which is attached to a letter sent by registered post. That being so, I am also unable to put reliance upon this piece of evidence of P.W. 1 that he sent a letter of request or appeal to the Company on 22nd Decembe 1969 particularly because of absence of any such averment in his written statement and also because of apocryphal nature of the document, Ext. 1.

Considering all these aspects I hold that Shri Maysan Khan has not been able to prove that he raised a dispute regarding termination of his service with the management prior to his moving the Government in the matter, and hence it cannot be said that an industrial dispute exists between the parties. As such, I hold that the present reference is incompetent.

AWARD

By the Government of West Bengal Labour Department, order No. 3281-I.R./IR/10L-146/68, dated the 1st June 1968, an industrial dispute existing between Messrs. The Bharat Metal Foundry and Workshop, 35 Becharam Chatterjee Road, Behala, Calcutta-34 and their workman Shri Tarapada Kaga, 59/17 Becharam Chatterjee Road, Behala, Calcutta-34, was referred to this Court under section 10 read with section 2A of the

Industrial Disputes Act, 1947 (XIV of 1947), for adjudication, in respect of the following issue :

Issue

Whether termination of services of Shri Tarapada Kaga is justified? To what relief, if any, is he entitled?

The parties put in a joint petition of compromise on 21st April 1970. As the full payment as per the joint petition of compromise was not made by the Company to the workman concerned by that day, the record was directed to be put up on 20th August 1970 at the instance of both the parties as by that date the entire payment as per the joint petition of compromise was likely to be paid by the Company to the workman concerned. Accordingly, the record was put up on 20th August 1970. The representatives of both the sides appeared on that day and intimated the Court about the payment of the entire money to the workman concerned by the Company. As the worker concerned was not found available on that day, the record was directed to be put up on 18th September 1970. The workman, did not, however, appear before the Court thereafter. In the circumstances, I am inclined to believe that the workman concerned has been paid the entire sum by the Company. I, therefore, pass an award in terms of the said joint petition of compromise which shall form part of the award. This disposes of the instant reference.

(Case No. 8/70 U/s 33A.)

BEFORE THE SEVENTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present :

Shri S. N. SANYAL, Judge,
Seventh Industrial Tribunal.

AWARD

This is an application by Shri Tarani K. Routh under section 33A of the Industrial Disputes Act. It is alleged by the petitioner that he is a permanent workman of the opposite-party Messrs. East India Bakery and he has been drawing daily wages at the rate of Rs. 3.12 Paise. It is a condition of service of the petitioner that he would have to work for 6 (six) days in a week, but he would be paid 7 (seven) days' wages. In other words, the petitioner under the condition of service was being paid wages for the weekly off-day. If the petitioner works on any weekly off-day, he is paid extra wages for that day. A dispute is pending before this Tribunal under the order of the Government of West Bengal, Labour Department, order No. 2848-I.R./IR/11L-200/67, dated 27th June 1967, between Messrs. East

India Bakery and the workmen in respect of several issues. The petitioner is concerned in this dispute. During the pendency of the said reference, the opposite-party contravened the provision of section 33(1)(a) of the Industrial Disputes Act by altering the condition of service of the petitioner as the Company arbitrarily and illegally stopped the payment of wages for the weekly off-days to the petitioner with effect from 20th April 1970. Hence this application under section 33A of the Industrial Disputes Act, The petitioner prays for an award directing the Company to refrain from stopping payment to the petitioner and to pay to the petitioner wages for the weekly off-days including arrear wages.

In its written statement, the Company has contended that the application is not maintainable. The Company has raised preliminary objection that as there has been no contravention of section 33 of the Industrial Disputes Act, the application under section 33A does not lie and the Tribunal has no jurisdiction to try this case at all. The Company denies that the payment of the wages for the weekly off-days has been stopped. The contention of the Company is that there has been no such stoppage of the wages for the weekly off-days. The application should be rejected.

The preliminary objection was taken up for hearing. The only witness examined is Shri Tarani Kumar Routh. The Company did not examine any witness.

In his evidence Shri Tarani Routh has stated that he is an employee of East India Bakery for the last 20/22 years and he gets daily wages at the rate of Rs. 3.12 Paise. The contention of Shri Tarani Routh is that his conditions of service were that he would have to work for six days in a week and he would be paid for seven days in a week. Shri Routh has stated that if he had to work for, any weekly off-day, he would be paid Rs. 3.12 Paise as extra wages. In his evidence Shri Routh has stated that on 20th April 1970 he was told by the owner that he would be paid for six days in a week and since then he has not been paid his wages for seven days in a week, but he has been paid for six days in a week. The Company has produced a receipt which was written and signed by Shri Routh. In this receipt, dated 15th December 1970, it is stated that Shri Routh is getting his wages in full. The learned Advocate for the Company has admitted that Shri Routh had to work for six days in a week and he was to be paid for seven days. It is contended by the learned Advocate for the Company that the application is not maintainable as there has been no contravention of section 33 of the Industrial Disputes Act. It is admitted by the learned Advocates of both sides that a reference is pending before the Tribunal between the Company and its workmen in respect of several issues including Grades and Scales of Wages, and Dearness Allowance. The learned Advocate for the Company has argued that the receipt granted by the workman would show that wages have been paid in full. He has argued that even if it be assumed that there has been non-payment of wages, the same will not mean any alteration in the conditions of service and as such the provision of section 33A of the Industrial Disputes Act would not be attracted. It has been argued by the learned Advocate for the Company that the workman is entitled to seek remedy by an application before the Authority under the Payment of Wages Act. He has referred to the decision reported in 1958 (I) LLJ., 84 in this connection. The learned Advocate for the petitioner-workman has argued that the condition of service was that the petitioner would work for six days in a week, but he would be paid wages for seven days. His contention is that the non-payment of wages for the weekly off-day would mean that there has been alteration in the condition of service to the prejudice of the workman concerned and it would amount to contravention of section 33 of the Industrial Disputes Act and the provisions of section 33A of the Industrial Disputes Act would be attracted. It has been submitted by the learned Advocate for the workman that the workman is not only entitled to go to the Authority under the Payment of Wages Act, but he can also file an application before this Tribunal under section 33A of the Industrial Disputes Act.

I have considered the contentions of the learned Advocates and the materials on record. The question is whether there has been contravention of the provisions of section 33(1)(a) of the Industrial Disputes Act as alleged by the petitioner. The only allegation of the petitioner is that there was non-payment of wages for the weekly off day. The question to be considered is whether the non-payment of wages for the weekly off-day would mean alteration in the condition of service to the prejudice of the workman. It has been held in the decision referred to above that non-payment of wages is neither an alteration in the conditions of service nor does it amount to any punishment. Such a case comes and has to be dealt with under the provisions of the Payment of Wages Act. It appears that the Industrial Tribunal will have no jurisdiction to proceed with the complaint-petition filed under section 33A of the Industrial Disputes Act unless there has been contravention of the provisions of section 33 of the Act In my opinion, non-payment of wages for the weekly off-day will not mean alteration in the conditions of service. The Tribunal has thus no jurisdiction to proceed with the complaint-petition filed under section 33A of the Industrial Disputes Act as there has been no contravention of the provisions of section 33 of the Act. The objection raised by the Company should thus be upheld. The application is not maintainable. The application under section 33A of the Industrial Disputes Act is rejected.

AWARD

By order No. 5626-I.R./IR/10L-242(A)/66, dated the 28th October 1967, the Government of West Bengal, Labour Department, referred an industrial dispute existing between Messrs. Gobindo Sheet Metal Works & Foundry, 74 and 75 Narikeldanga Main Road, Calcutta-54 (Office: 210 Mahatma Gandhi Road, Calcutta-7) and their workmen represented by Gobindo Sheet Metal Works & Foundry Ltd. Mazdoor Union, 2/1 Ghore Bibi Lane, Calcutta-54, to this Tribunal under section 10 of the Industrial Disputes Act, 1947, for adjudication on the following issues:

Issues

1 Whether deducation of wages and other dues of the workmen for the period from 27th December 1966 to 14th May 1967 is justified? What relief, if any, are the workmen entitled to?

2. Bonus for the accounting year 1372 B.S.

3. Whether lock-out of the factory with effect from 18th August 1967 is justified? What relief, if any, are the workmen entitled to?

Pursuant to reference made by Government in the matter, notices were issued upon the parties, whereupon both parties entered appearance. The Union filed its written statement on 27th December 1967; while the written statement of the Company was filed on 28th February 1968. Thereafter both parties prayed for adjournments. The case was fixed for peremptory hearing on 23rd July 1968. However, the Company filed a petition on the date fixed praying for hearing of preliminary objections raised in their written statement before the case was heard on merits. However, the preliminary objections could not be taken up for consideration because the parties themselves were never ready on the dates fixed for hearing the same. On 5th February 1971 parties filed a joint petition praying for an adjournment on the ground that the case was likely to be amicably settled. A joint petition of compromise was eventually filed on 11th June 1971.

I have carefully considered the terms of the joint petition of compromise filed by the parties. The terms are fair and legal and must, on consent of parties, be given effect to. The parties have settled all the three issues referred to this Tribunal for adjudication and nothing remains for the Tribunal to adjudicate upon. The parties pray that the Tribunal should "accept the terms of compromise and give an award accordingly". In deference to the wishes of the parties, the terms of compromise embodying in the petition of compromise, are accepted and the petition of compromise be made part of the award passed accordingly.

This is my award.

The Government of West Bengal, in its Labour Department, by order No. 4936-I.R./IR/10L-274/69, dated the 10th July 1969, referred to this Tribunal an industrial dispute between Messrs. Nandy & Co., P-62 Bentinck Street, Calcutta-1, and their workman Shri Dhananjoy Shome, 36 Benode Behari Aditya Lane, Buxarah, Howrah, for Adjudication in respect of the following issue:

Issue

Whether the termination of services of Shri Dhananjoy Shome by way of refusal of employment to him with effect from 26th January 1969 is justified? To what relief, if any, is he entitled?

Immediately after the receipt of the reference notices were served upon both the parties. They appeared and filed their written statements. They also complied with intermidiate steps and the case was fixed for hearing on 4th February 1970. Thereafter the case was adjourned from time to time for hearing either on the prayer of the Union or the Company. None was present on behalf of the parties on 5th March 1971, 24th March 1971, 30th March 1971, i.e., dates fixed for hearing. The case was ultimately fixed for hearing on 5th May 1971. The relevant order on 5th May 1971 runs as follows :

> "The Company is present. The workman is absent. To 28th May 1971 for hearing if any or no dispute award".

None was present on 28th May 1971. Thereafter the case was adjourned to 10th June 1971 for no dispute award. None was also present on 10th June 1971. I am satisfied from the conduct of the parties that they are not willing to proceed with the case any further on the ground that the industrial dispute under reference is no longer in existence. In the circumstances, I make a 'no dispute' award on the ground that the industrial dispute under reference is no longer in existence.

AWARD

The Labour Department, Government of Wes Bengal, referred an industrial dispute betwee Messrs. New Bharat Rubber Industries (P) Ltd. and their workmen represented by New Indi Rubber Industries Workers' Union, to this Tribunal by its order No. 1311-I.R./IR/11L-21/70, date 26th March 1971, for adjudication upon the matter under section 10 of the Industrial Dispute Act, on the following issue :

Issue

> Whether lock-out of the factory from 23rd April 1970 and its continuance is justified? To what relief, if any, are the workmen entitled ?

After service of the notices upon the parties, none appeared on the date fixed for appearance on 30th April 1971. Thereafter, the case was adjourned to 12th May 1971 for appearance. The parties did not appear on that date as well. Then the case was again adjourned to 25th May 1971 for appearance and filing written statement, if any.

On 26th May 1971 both the parties filed a joint petition of compromise praying for disposing of the reference in terms of the petition of compromise. The petition was signed by the Director of the Company and 4 other persons including President and Vice-President of the Union.

I have considered the terms of the settlement reached between the parties. The terms appear to be quite lawful, fair and reasonable. I am satisfied that the dispute covered by the issue under reference has been amicably settled in terms of the petition of compromise and it is a bona fide settlement. Accordingly, I would make a compromise-award in the case as prayed for.

In the result, I make a compromise award in terms of the joint petition, dated 26th May 1971, which do form part of the award as Annexure.

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present :

Shri P. L. CHATTERJI, Judge,
Fifth Industrial Tribunal.

This is an application under section 33A of the Industrial Disputes Act. The original reference out of which this case has arisen was made under G. O. No. 3512-I.R./IR/11L-251/69, dated the 27th May 1969.

After service of notice upon the Company it appeared and filed its written statement on 18th July 1970. Since then neither party has appeared nor taken any steps in spite of time being given repeatedly by the Tribunal for taking necessary steps. It therefore appears that the petitioner Shri John Desai is no longer interested in proceeding with his petition under section 33A against his employers Messrs. St. Vencent's Co-operative Nursing Home. Accordingly I adjudicate that there no longer exists any industrial disputes between the parties. Hence I pass a "no dispute" award.

This is a reference under section 10 of the Industrial Disputes Act by the Government of West Bengal, Labour Department, order No. 2164-I.R./IR/10L-33/70, dated the 10th March 1970. The dispute is between Messrs. Steel Rolling Mills of Hindusthan Private Limited and their workmen represented by Engineering Sramik Union. The Government has referred the following issue to this Tribunal for adjudication.

Issue

Introduction of a gratuity scheme.

Messrs. Steel Rolling Mills of Hindusthan Private Ltd. (hereinafter referred as 'Company'), has raised a preliminary objection alleging that the Union did not raise the dispute with the management of the Company before moving the Labour Directorate in the matter. Another contention of the Company is that in view of the introduction of the West Bengal Employees Payment of Compulsory Gratuity Ordinance, 1971 (West Bengal Ordinance No. 1 of 1971), the issue under reference has become ineffective. O.P.W. 1 Shri B. S. Batra is the Labour Officer of the Company. His positive evidence on oath is that no demand for introduction of a gratuity scheme was made by the Union either in writing or orally. The Union has not appeared to contest this preliminary objection raised by the Company. The evidence O.P.W. 1 is unchallenged evidence on oath. There is no reason to disbelieve his evidence. Therefore, I find that the Company has been able to establish that before moving the Labour Directorate the Union did not raise the subject-matter of the dispute with the management of the Company. That being so, there exists no industrial dispute and hence the order of reference is incompetent. If any authority is needed I may refer to the case of Sindhu Resettlement Corporation Ltd. and Industrial Tribunal, Gujrat and others, reported in L.L.J., 1968, Vol. I, p. 834.

As regards the other contention of the Company that because of the introduction of the West Bengal Ordinance No. 1, 1971, relating to payment of compulsory gratuity to employees in West Bengal, I also find sufficient force in the argument of the learned Advocate for the Company that this Tribunal has no jurisdiction to go into the question of gratuity. Hence I uphold both the contention of the learned Advocate for the Company.

Accordingly I pass this award.

AWARD

This is a reference by the Labour Department, Government of West Bengal, under order No. 308-I.R./IR/11L-319/70, dated 16th January 1971, for adjudication of an industrial dispute existing between Messrs. Samar Singh Jaiswal (P) Ltd of P.O. Jhalda, district Purulia and their workman Shri Shyama Charan Gupta, C/o. Secretary, Gala Mazdoor Sangh, Bengal Hotel, P.O. Asansol, district Burdwan, in relation to the following issue:

Issue

Whether termination of service of Shri Shyama Charan Gupta with effect from 26th June 1970 is justified? To what relief, if any, is he entitled?

On receipt of the reference notices were duly served on the parties and the parties entered their appearance. They filed their respective written statements and thereafter the case was set down for final hearing.

The workman has examined himself and the Secretary of the Union espousing his cause as F.Ws. 1 and 2. The Company has examined its Factory Manager Shri Dip Singh Jaiswal. The parties have also adduced documentary evidence in support of their respective cases relating to the issue.

Before I enter into the evidence on record to determine the issue in question I like to give brief statements of cases made out by the parties in their respective written statements. The workman alleges that he had been working as an Accountant for a considerable period in the Shellac Factory of the Company-O.P. at Jhalda, that there were about 200 workmen employed in the said factory, but the employer regularly exploited and fleeced the poor workmen and deprived them of the minimum wages payable as per statute to them and other legal dues such as Provident Fund, Dearness Allowance, Annual Bonus, Over Time Wages, etc., that the said employer had been systemetically violating the provisions of Factories Act and Rules and, that the workman thought it his pious duty to save his co-workers from such dastardly exploitation by organising and setting up a Trade Union of the employees and workmen engaged in the factory and in other factories of the same industry at Jhalda, that with the help of other co-workers the workman formed a Trade Union under the name Gala Mazdoor Panchayat and the said Union started functioning at Jhalda and in due course the workman was elected as Vice-President of the said Union in the General Meeting of the members of the Union held on 23rd June 1970 at Jhalda, that the employer did not tolerate this mustering of their workmen under the banner of the Union and with a victimising motive the employer suddenly dismissed the workman from his service on and from 26th June 1970 by their letter, dated 13th July 1970, falsely alleging that the workman had been absenting from 26th June 1970 without intimation, that the workman never absented himself from work as alleged, but he was stopped from his work by the management illegally on and from 26th June 1970, that the management grossly violated the provisions of natural justice in dismissing the workman and that in these circumstances the action of the employer was illegal and as such the Tribunal should pass proper order against the order of dismissal of the workman and reinstate him with full wages for the period of his non-employment.

The Company in its written statement alleges that the alleged dispute is an individual dispute, that the order of reference is incompetent, invalid, illegal and without jurisdiction, that the workman was working as an Accountant-cum-Cashier in the factory of the Company on a temporary basis, that the workman was appointed on 29th December 1969 and continued in employment until the cessation of his employment in the Company, that the employees of the factory are paid their legal and statutory dues and bonus too under the Payment of Bonus Act, 1965, that provident fund is not payable to the workmen of the factory because the entire Shellac Factory has been exempted from the operation of the Provident Fund Act, 1952 and the scheme framed therein, that all the allegations made by the workman are false, that during the first week of June 1970 the claimant was unable to examine the shortage of cash to the extent of Rs. 1,258.52 P. and by a memorandum, dated 7th June 1970, he was asked to explain the shortage of cash, that in reply the workman stated that certain items of expenditure had not been debited to the account through inadvertance as a result of which there had been discrepancy, that the workman was further asked by memorandum, dated 22nd June 1970, to explain the shortage and in reply he stated that he could not find out relevant vouchers for the shortage, that he was given time up to 25th June 1970 to produce the vouchers in question, but he failed to produce the same, that the management accordingly made a report to the police and the claimant absented himself from duties with effect from 26th June 1970 without any permission from the management and/or without giving any information to it, that as the workman was absenting himself from his duties the Factory Manager went to him after two days at the Company's quarters provided for the workman and asked him to resume duties, but he did not turn up, that acording to the Industrial (Employment Standing) Orders Act, 1946, which are applicable to the workman, his absence from duties for more than 10 days constituted an act of misconduct for which he was liable to be dismissed, that the termination of the employment of the workman is lawful, bona fide and justified, that no useful purpose would have been served by holding a departmental enquiry in the facts and circumstances of the case and the reasons indicated in the letter, dated 13th July 1970, by which the service of the workman was terminated are sufficient to justify the action of the management and that in these circumstances the workman is not entitled to any relief from the Tribunal.

In support of the statement of case as made out by the workman and as stated above the workman has given detailed evidence before the Tribunal and he was cross-examined at length. His evidence in short is that the Company was depriving the workman of all the legal and statutory dues and also violating the factory laws, that for redress of the grievances he formed a Union under the name and styled Gala Mazdoor Panchayat at Jhalda, that on 23rd June 1970 a meeting was held and Office Bearers were elected in that meeting and he was elected as Vice-President of the Union and P.W. 2 Shri Mahendra Singh was elected as Secretary, that because of these activities he was stopped from doing his work in the factory on and from 26th June 1970 and the Manager, O.P.W. 1 Shri Dip Singh Jaiswal, asked him not to enter the factory, that he immediately demanded his job from the Manager and the latter asked him to await the decision of the Maliks, that the decision of the Maliks was conveyed to him in the letter Ext. 1, dated 13th July 1970, that this letter was the letter of termination of his service with effect from 26th June 1970, that his service was terminated without service of any charge-sheet or without making any enquiry, that besides making any demand of justice from the management he took up the matter to the Asstt. Labour Commissioner, Asansol, for necessary conciliation, that all his efforts to get back his job were foiled by the management, that inspite of giving his job the management falsely implicated in a criminal case and that because of this unlawful action of the management he was entitled to reinstatement with full back wages for the period of non-employment. The employer sought to press for a reply to the question that no demand of justice was made by him after his service was terminated and the employer's Advocate also sought to point out in course of cross-examination of the workman that no notice was required, no charge-sheet was required nor any enquiry was necessary before the termination of service of the workman. P.W. 2 Shri Mahendra Singh, Secretary of the Union, gave evidence against the illegal termination of service of the workman. O.P.W. 1 Shri Dip Singh Jaiswal, Manager of the factory of the Company at Jhalda, has in his evidence sought to lay emphasis on the facts that the service of the workman was terminated on and from 26th June 1970 because he was absenting himself from his work from that day because of a police action against him at the instance of the management for his alleged criminal misappropriation of the Company's fund. In his cross-examination he says that they follow the Model Standing Orders provided by the Government of West Bengal in their relations with the workmen as they have no Standing Orders of their own. In his cross-examination, however, he admits that no charge-sheet was issued to the workman nor any enquiry was made before he issued the letter of termination on behalf of the management. In course of his deposition the workman's Advocate sought to elicit from the manager an answer to their suggestion that because of the Union's activities of the workman he was victimised by the management illegally on and from 26th June 1970.

From the evidence as discussed above it becomes clear that before the workman was dismissed from service by the letter, dated 13th July

1970 (Ext. 1), no charge-sheet was issued to him nor any domestic enquiry was held by the management. The Company may seek to allege in its written statement that no charge-sheet was required to be issued in this case and that no domestic enquiry was necessary for termination of the service of the workman who forfeited the rights by his act of misconduct. Let me now turn to the Model Standing Orders [Bengal Industrial Employment (Standing Orders) Rules] which apply to the factory and their workman according to the Manager, Shri Dip Singh Jaiswal. Rule 14(v) describes habitual absence without leave or absence without leave for more than 10 days as an act of misconduct for which a workman may be suspended or dismissed if he is found guilty of misconduct. If the workman really absented himself from duties from 26th June 1970 and absented without leave for more than 10 days from that date there was certainly a ground for the employer to make an allegation of misconduct against him. But mere allegation is not proof and before the service of a person against whom an act of misconduct as in Rule 14(v) of the Rules as alleged is terminated, the employer of the management must find him guilty of such misconduct, but in this case I find from letter Ext. 1 that there is no whisper about the management's mind that they were convinced that the workman was guilty of an act of misconduct. The letter simply says that as the workman was absenting himself from his duties without any intimation since 26th June 1970, his service is no longer required. In support of this allegation of absence without leave against the workman the employers filed the attendance register wherefrom it may be seen that the workman was absent from the office from 26th June 1970. But the workman's charge is that he was prevented from his office on and from 26th June 1970 because of his Union activities. That a Union has been formed with the workers of the factory of the industry at Jhalda and that P.Ws. 1 and 2 were prime-movers behind the formation of the Union will be proved from the evidence on record. The allegations of the workman that he was presented from entering into the factory because of his Union activities get support from the fact that the letter terminating the service of the workman was issued long after 15 days from 26th June 1970. If the workman really absented himself from duties on and from 26th June 1970 the management must have issued firstly a letter asking for an explanation from the workman as to why he was absenting himself from his duties on and from 26th June 1970. Such show cause notice would have been issued to the workman also in case the management really found that the workman was absenting from duties because of initiation of a police case against him. It is true that the management filed a criminal case against the workman for alleged shortage in cash, but in the facts and circumstances of the case I do not think that this police action prevented the workman from attending his office on and from 26th June 1970. From what I have stated above I can point out again that the management terminated the service of the workman on and from 26th June 1970 obviously being exasperated at the activities of the workman which he pursued in forming the Union and in putting up the grievances of the workmen of the factory of the industry before the employer. Rule 14(d) provides that no order of dismissal shall be made unless the workman concerned is informed in writing of the alleged misconduct and is given an opportunity to explain the circumstances alleged against him, and to adduce evidence, if any, in his favour, at an enquiry to be held for this purpose. There is no controvercy in this case that no information in writing of the alleged misconduct was conveyed to the workman and that he was not given an opportunity to explain the circumstances alleged against him, and to adduce evidence in his favour. To be more precise, no charge-sheet was issued to the workman and no domestic enquiry was held into the alleged acts of misconduct against the workman.

I have already stated that the employer's contention is that no charge-sheet was required to be issued, that no domestic enquiry was necessary in this case. But as I have discussed the relevant rules on the points it would appear crystal clear that such a charge-sheet was necessary and that a domestic enquiry was required to be held before the alleged misconduct was held to have been proved against the workman. The principles of natural justice ought to have been observed in this case and, therefore, the management definitely acted illegally in this case in terminating the service of the workman. The learned Advocate appearing for the Campany sought to urge before the Tribunal that even though no enquiry was made before dismissing the workman, it was open to the management to justify the action before the Tribunal by leading all relevant evidence before it. Evidence has been led before the Court but the law is now well-settled that "where the employer has failed to make an enquiry before dismissing or discharging a workman it is open to him to justify the action before the Tribunal by leading all relevant evidence before it. In such a case then employer would not have the benefit which he had in the cases where domestic enquiries have been held. The entire matter would be open before the Tribunal which will have the jurisdiction not only to go into the limited questions open to a Tribunal where domestic enquiry has been properly held, but also to satisfy itself on the facts adduced before it by the employer whether the dismissal or discharge was justified. The important effect of omission to held an enquiry was merely this that the Tribunal would not have to consider only whether there was a prima facie case but would decide for itself on the evidence adduced whether the charges have really been made out".

The law as stated is clear and the entire evidence is assessed by the Tribunal with an open mind. The charge of absence without leave against the workman has not been proved on the evidence on record. The Company has not also been able to satisfy the judicial conscience of the Tribunal that a police action was initiated against the workman rightly and correctly for any alleged shortage in cash. On the other hand, it appears to me that the workman was victimised by the management which resorted to unfair labour practice. Considering all the facts and circumstances of the case I come to the conclusion that there was no case against the workman for the management to terminate his service on and from 26th June 1970 and, therefore, the order of termination of service as passed by the Company against the workman is illegal. The workman must, therefore, be reinstated in service and paid full back wages from 26th June 1970 till the date of his reinstatement.

The learned Advocate appearing for the Company raised certain other legal points, one of which was that it was an individual dispute and not an industrial dispute and that the reference was bad in law. But from the facts and circumstances of the case as discussed by me above there cannot be any doubt that the reference was competent and the dispute was an industrial dispute as defined under the act. The other point was that no demand of justice was made by the workman on the management immediately after the order of termination was served on the workman and that as such the instant dispute could not be said to have been converted into an industrial dispute. I have already discussed the evidences on record. Even if another look is given to the evidences it would undoubtedly appear clear that immediately after the order of termination was passed and served on the workman he made an oral demand of justice on the management. The employer's hands in this case are not clean and when the employer did not care to observe even the minimum principles of natural justice and it seemed to bear some bias against the workman it was not fair for it or warranted in the facts and circumstances of the case to say that no demand of justice was made on the management in this case. The point is thus decided against the employer.

My order on the question of reinstatement of the workman and his right to get back full back wages, therefore, stands.

This disposes of the instant reference on contest.

Requisition

NOTIFICATIONS

No. 3836-Reqn./2M-58/68.—16th April 1971.—Whereas the properties specified in the schedule below were requisitioned by an officer of the State Government on behalf of the Central Government under sub-rule (1) of rule 75 of the Defence of India Rules;

And, whereas the said properties were subject to requisition under section 3 of the Requisitioned Land (Continuance of Powers) Act, 1947 (XVII of 1947), and were acquired for the purpose of the Central Government under section 5 of the said Act before its repeal by the Requisitioning and Acquisition of Immovable Property Act, 1952 (XXX of 1952);

And whereas the acquisition of the said properties was not inconsistent with the provisions of the Requisitioning and Acquisition of Immovable Property Act, 1952 (XXX of 1952), and, as such, was deemed, by virtue of clause (b) of sub-section (2) of section 24 of the said Act XXX of 1952, to have been made in accordance with the provisions of the said Act;

And whereas no agreement fixing the amount of compensation payable for such acquisition can be reached;

And whereas on the prayer of the claimant (Shri Abhoy Singh Sahela) the matter was referred to arbitration for determination of compensation payable in respect of the acquisition of the said properties and Shri M. K. Ray, W.B.H.J.S., was appointed Arbitrator by this Department Notification No. 5420-Reqn., dated the 3rd May 1962;

And whereas on the basis of this reference the said Arbitrator in Arbitration Case No. 18/62(V) passed an order on the 11th August 1962, observing, inter alia, that the claimant had been offered 2/3 of 1/3 share in landlord's interest but his case was that he was entitled to a compensation to the extent of 10 ans. share of the entire land value of 1/9 share of the disputed land and that Messrs. Craig Jute Mills and others would not be entitled to any compensation and so this was a case of apportionment and sent back the case for resubmission after proper appointment of an Arbitrator;

And whereas the matter being brought to the notice of the State Government they were examining the issue regarding proper appointment of an Arbitrator as observed by the Arbitrator;

And whereas in the meantime the claimant filed an application before the Hon'ble High Court under Article 226 of the Constitution for issuing a Writ of Mandamus upon the State Government to make a proper appointment of an Arbitrator to determine the dispute as to the person or persons who are entitled to the compensation in respect of the said properties;

And whereas the Hon'ble High Court by a judgement, dated the 27th September 1965 made the rule absolute to this extent that the respondent State Government shall appoint another Arbitrator with direction upon him to determine the compensation payable in the share of the petitioner, which share the petitioner must establish before the Arbitrator and if for this purpose it is necessary to add to the reference other parties, the Arbitrator shall be given liberty so to do or the respondent must itself do so;

And whereas the said Arbitrator Shri M. K. Ray, who heard the case previously, is not available at present for re-hearing the case and a fresh appointment of another Arbitrator is necessary in terms of the directions issued by the Hon'ble High Court;

Now, therefore, in exercise of the power conferred by clause (b) of sub-section (1) of section 8 of the Requisitioning and Acquisition of Immovable Property Act, 1952 (XXX of 1952), read with section 24 of the said Act and section 6 of the Requisitioning Land (Continuance of Powers) Act, 1947 (XVII of 1947), and with the Government of India, Ministry of Works, Housing and Supply, Notification No. 1808-EII/53 (SRO 904), dated the 9th May 1953, the Governor is pleased to appoint Shri R. (3) Applications are to be made in the prescribed form which will be available from the office of the Public Service Commission, West Bengal, Anderson House (ground floor), Alipore, Calcutta-27, personally or on sending a large self-addressed envelope with stamps sufficient to cover the postage affixed to it. Candidates who are unable to obtain copies of the prescribed form may apply in any similar typed (not handwritten) form showing exactly the wording and spacing of the sample form published in the "Calcutta Gazette" of the 1st September 1965, provided the blanks are filled up in the candidates' own hand writing.

Those who intend to submit applications personally should do so between 10-30 a.m. and 3-15 p.m. on full working days and between 10-30 a.m. and 12-15 p.m. on Saturdays.

(4) Candidates should furnish evidence of their age, qualifications and previous experience together with certificates written not more than one year prior to the date of their applications, from responsible persons, testifying to their private character.

The Commission accepts only the age of a candidate as recorded in the School Final or equivalent certificate.

In the case of a female candidate whose age is not recorded in the School Final or equivalent certificate, any of the following evidences of the age is accepted by the Commission.

(1) A certificate from the Headmistress of the school, which she last attended, showing her exact age as recorded in the school register.

(2) An affidavit regarding her age sworn by her father or mother or some other person in a position to know by having been present or heard of her birth at the time of occurrence.

(3) A certificate regarding her age, from a Member of the Legislature or a Gazetted Officer, who must have known the candidate and her family, indicating clearly the evidence on the basis of which he/she satisfied himself/herself on the point.

(5) Candidates must enclose with their applications a fee of Rs. 5 (Rs 1.25 for candidates belonging to Scheduled Castes or Scheduled Tribes) in the form of a receipted chalan from a Government Treasury or the Reserve Bank of India under the head "XXI—Miscellaneous—Receipts of the Public Service Commission, West Bengal".

Money orders, cheques, etc., in lieu of treasury chalans are not accepted. Postal Orders, however, may be accepted from candidates. They should be crossed and made payable to "The Deputy Secretary, Public Service Commission, West Bengal".

Candidates abroad may deposit their application fees with the High Commission of India or the Embassy, as the case may be, and obtain receipts for the same, which will have to be attached to their applications to be submitted to the Commission.

Candidates in Government service should make sure before depositing fee that their applications will be forwarded by their superior officers.

Except under certain special circumstances, fees paid with the applications are not refunded.

The Commission may remit application fee in respect of genuinely indigent displaced persons from East Pakistan who have migrated to India on or after January 1, 1964. This concession in fee shall remain in force up to December 31, 1969.

A candidate claiming such exemption must furnish besides evidence required under paragraph (1)(c) above, a certificate (in original) from a District Magistrate or a Gazetted Officer or a Member of Parliament or State Legislature to show that he/she is not in a position to pay the prescribed fee.

For a Gazetted post, an indigent displaced person shall, in the first instance, pay the prescribed application fee, but if he/she is selected for and appears at the interview, the fee paid by the candidate will be refunded afterwards. For a non-Gazetted post such candidates will not be required to pay the application fee.

Note: A member of the Scheduled Castes or Scheduled Tribes must furnish with his/her application a certificate in original from a Gazetted Officer or from a Member of Parliament or State Legislature belonging to the Scheduled Castes or Scheduled Tribes specifying the particular caste or tribe to which the candidate belongs.

Address

(6) Candidates should give their present address and should communicate at once any subsequent change of address.

Canvassing

(7) Any attempt on the part of candidates to enlist support of their applications through persons of influence or officials of Government will disqualify them for appointment. Spontaneous recommendations from persons interested in the candidates or otherwise known to them will be disregarded.

Forwarding of applications and submission of advance copies

(8) Applications from candidates who are in permanent or temporary employment under any Government, a local or Statutory Body (e.g., Damodar Valley Corporation), in India will be rejected unless they are submitted through the appointing authority of their posts or service.

Candidates serving under Government or a local or Statutory Body should submit an advance copy in the prescribed form. The application fee should in such cases be attached to the advance copy and not to the original. The candidature of such applicants may not, however, be considered if the original applications do not reach the Commission's office within a fortnight from the closing date. Unless applications in original or advance copies with application fees are received within the closing date, late applications may be rejected.

AWARD

By order No. 8247-I.R./IR/10L-312/70, dated the 18th December 1970, the Government of West Bengal, Labour Department, referred an industrial dispute existing between Messrs. Associated Equipment & Switchgear Co. (P) Ltd., 3 Biren Roy Road West, Calcutta-34 (Regd. Office : 45 Armenian Street, Calcutta-1), and their workmen represented by Associated Equipment & Switchgear Co. (P) Ltd. Workers'

Union, 455-A Diamond Harbour Road, Behala, Calcutta-34, to this Tribunal under section 10 of the Industrial Disputes Act, 1947, for adjudication on the following issues:

Issues

1. Whether the dismissal of Shri Gobinda Chandra Bhattacharjee is justified? To what relief, if any, is he entitled?
2. Whether the suspension of work by the workmen since 11th September 1970 is justified? To what relief, if any, are they entitled?

Pursuant to the order of reference, statutory notices were served on the parties, however, whereupon the Union entered appearance on 18th February 1971. The Union filed its written statement on 29th April 1971. On 12th June 1971, however, a joint petition was filed by the parties intimating settlement of all the disputes amicably out of Court. The parties now pray that the Tribunal should accept the terms of settlement and make an award accordingly.

I have carefully considered the terms of settlement which appear to be fair and legal. The terms of settlement should be accepted and acted upon. An award should be passed in this case accordingly.

Evidently, the parties have settled all the disputes and there subsists no industrial dispute between them. I pass such award making the joint petition of compromise part of the award.

This is my award.

ANNEXURE

In the matter of an industrial dispute existing between Messrs Air Conditioning Corporation Ltd., 17 Taratolla Road, Calcutta-53 and their workman Shri R. S. Bhutia represented by Air Conditioning Corporation Employees' Union, 8 Mondal Para Road, Calcutta-34 (Case No. 61 of 1970)

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present :

Shri P. L. CHATTERJI, Judge,
Fifth Industrial Tribunal.

This is a reference under section 10 of the Industrial Disputes Act by the Government of West Bengal, Labour Department, order No. 750-I.R./IR/101-190/68, dated the 22nd January 1970. The dispute is between Messrs. Air Conditioning Corporation Ltd. and their workman Shri R. S. Bhutia represented by Air Conditioning Corporation Employees' Union. The following issue has been referred by the Government of West Bengal to this Tribunal for adjudication :

Issue

Whether refusal of employment to Shri R. S. Bhutia from 4th January 1969 is justified? To what relief, if any, is he entitled?

The parties filed their respective written statements. On 11th May 1971 the parties filed a joint petition of compromise along with a memorandum of settlement. The prayer made in the joint petition was for the passing of a "no dispute" award as the disputes between the parties were stated to have been settled amicably out of Court by a bi-partite settlement, dated 6th May 1971

Shri S. R. Ghosh, the learned Advocate for the Union, took time for confirming if the disputes between the parties had really been settled or not. But on the date fixed for his confirmation whether the disputes had really been settled between the parties or not, Shri Ghosh submitted before the Tribunal that he being not in touch either with the Secretary or the Assistant Secretary of the Union, he was unable to deny that the disputes existing between the parties had really been amicably settled. On the other hand, the learned Advocate for the Company has stressed with all the emphasis at his command that the disputes between the parties had been amicably settled. This representation by the learned Advocate for the Company has further been fortified by the President of the Union who was present in Court with Shri S. R. Ghosh, and who said that the disputes existing between the parties were really settled amicably between the parties is further borne out by the joint petition of compromise filed by the parties along with the memorandum of settlement. I, therefore, find that the parties amicably settled the disputes between themselves, and they are no longer interested in proceeding with the subject-matter of the present reference.

Hence I pass a "no dispute" award. The joint petition of compromise and the memorandum of settlement are made parts of the award.

4 **Short recital of the Case :**

The Company declared closure of its factory including its other activities at 17 Taratolla Road, Calcutta-53, with effect from 3rd January 1970 by its notice, dated 2nd January 1970. The Company also closed its Central Service Station at 2 Justice Chandra Madhab Road, Calcutta-20, with effect from 21st April 1970 by its notice, dated 20th April 1970 for the reasons stated in the aforesaid notice. The Company stated that the closures were and are bona fide, just and proper and the same had been declared under unavoidable circumstances beyond the control of the Company. It accordingly offered to pay compensation to the workman in accordance with the proviso to section 25FFF of the Industrial Disputes Act. The Company categorically stated that it has no intention of reopening/restarting the factory and the Central Service Station.

The Union representing the workman, however, raised certain Industrial Disputes regarding the closures, etc., before the Labour Commissioner, West Bengal and the Assistant Labour Commissioner took up the matter in disputes in conciliation. The aforesaid matters in disputes were further discussed at bi-partite and tri-partite level at length and ultimately the parties hereto, without sticking to each other's contention regarding the bona fide or otherwise of the closures, payment of compensation, etc., amicably settled the said disputes on the following terms and conditions :

5. **Terms of settlement :**

(1) It is agreed that as the Company has, in fact closed its factory and Central Service Station in terms of the notices, dated 2nd January 1970 and 20th April 1970, the services of all the workmen excepting those retained by the Company temporarily, stand terminated with effect from 3rd January 1970 and 21st April 1970 respectively. (2) It is further agreed that compensation will be paid to the workmen in accordance with sub-section (1) of section 25FFF of the Industrial Disputes Act and not as per the proviso thereto.

(3) It is also agreed that the compensation as agreed to herein under sub-clause (2) above, will be paid to the workmen within one month from the date of signing this settlement and the workmen who have already been paid compensation in accordance with the proviso to sub-section (1) of the section 25FFF will be paid the balance compensation due to them, if any, in terms of this settlement within the said period.

(4) It is further agreed by and between the parties herein that bonus for the relevant year to the extent of 4 per cent. of the salary/earned by the individual workman calculated proportionately for the period commencing from 1st April 1969 to 2nd January 1970 so far as the workmen of the factory are concerned and from 1st April 1969 to 20th April 1970 so far as the workmen of the Central Service Station are concerned, will be paid to such of the workmen who have not yet collected the said bonus along with other dues payable under this settlement.

(5) It is further agreed by and between the parties that no salary will be paid to the workmen of the Central Service Station at No. 2, Justice Chandra

Madhab Road, Calcutta-20, for the period of strike and lock-out, that is, from 31st December 1969 to 20th April 1970, as would appear from the closure notice, dated 20th April 1970.

(6) This fully and finally settles all the disputes and/or claims including that of closure before the Labour Commissioner pending up to date between the parties.

(7) It is also agreed by the Union representing the workmen that in view of the closure of the Factory as well as the Central Service Station and the substantial benefits to the workmen including Shri R. S. Bhutia under this settlement, the disputes regarding (1) Shri R. S. (8) It is further agreed that a copy of this settlement along with a joint petition shall be filed within fifteen days of the signing of the settlement before the Fifth Industrial Tribunal, West Bengal, Calcutta, before whom the said two disputes as mentioned hereinabove in sub-clause 7 are pending for a "No dispute award" in respect of these two references.

(9) The Union as well as the workmen undertake that they shall not raise any disputes of whatsoever nature against the Company before any authority in future except the implementation of the settlement.

(10) The Union representing the workmen further undertake not to interfere in any manner whatsoever with the management's right to movement of persons and goods, raw materials, finished goods, machineries and other properties and documents belonging to the Company and lying in the factory, office and the Central Service Station at any time pursuant to the closure of the factory and the Central Service Station as aforesaid.

AWARD

By the Government of West Bengal Labour Department, order No. 5071-I.R./IR/11L-223/69, dated the 12th July 1969, an industrial dispute existing between Messrs. Indian Publicity Bureau Private Limited, 6/2 Madan Street, Calcutta and their workman represented by the West Bengal Shops and Establishments Employees' Association, 13A Creek Lane, Calcutta-14, was referred to this Court under section 10 of the Industrial Disputes Act, 1947 (XIV of 1947), for adjudication, in respect of the following issue:

Issue

Whether the termination of service of Shri Ramen Dutta is justified? To what relief, if any, is he entitled?

After the Union filed its written statement, the Company was directed to file its written statement on 30th December 1969. On 30th December 1969, the Company prayed for time and the case was fixed on 9th February 1970 for filing written statement by the Company. On that day too the Company prayed for time and the date for filing written statement by the Company was adjourned to 24th February 1970. But the Company failed to appear and take steps on 24th February 1970 as well as on the subsequent dates fixed for filing written statement. The case was, therefore, fixed on 19th August 1970 for hearing. The workman appeared on 19th August 1970 and prayed for an adjournment but failed to appear on the adjourned date. The Court, suo motu, gave several chances to the Union to represent the case. But the Union did not avail of the chances at all. In the circumstances, I am inclined to believe that the parties are no longer interested in proceeding with this case and that the dispute under reference is no longer in existence. I, therefore, dispose of this matter by passing a "no dispute" award.

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL

Present :

Shri ARUN KUMAR COARI, Judge,
Second Industrial Tribunal.

This is a reference by the Government of West Bengal, vide order No. 2992-I.R./IR/11L-213/70, dated the 9th April 1970, to resolve a dispute between Messrs. Garg Glass Works and their workman Shri Jagadish Chandra Bose and the issue to be decided is :

Issue

Whether the termination of service of Shri Jagadish Chandra Bose is justified ? To what relief, if any, is he entitled ?

The workman in his written statement alleges that he joined the Company as a stenographer-cum-clerk on 17th January 1969 and the Company being satisfied after trial issued a letter of appointment to the petitioner with effect from 13th January 1969. On 31st May 1969, the petitioner was in bad need of money and requested the Company for payment of salary for the month of May 1969 and this was paid. On 2nd June 1969 the petitioner as usual went to attend his office at 9 a.m. but he was told by the Company that his service was no longer required That the petitioner at 4 p.m. on that day handed over an application to the Proprietor of the Company which contained demand for reinstatement. Then there was a registered letter to the Company claiming reinstatement with back wages and other compensation for such wrongful termination of his service but the prayer of the petitioner was turned down and so the petitioner took up the matter to the Labour Commissioner and as conciliation failed hence this reference.

The Company in the written statement alleged that the petitioner was deficient in stenography and his service was terminated within the probationary period and he was paid full wages for the period he worked. That the workman never demanded reinstatement and the Company pray that the issue be answered against the workman.

Appearances of the parties are as follows :

For the Company : Shri S. K. Majumder, Advocate.

For the Workman : Shri Saroj Ghosal.

The letter of appointment which is admitted is Ext. A. It is dated 13th January 1969 and the letter shows that the workman was appointed as stenographer-cum-clerk. He was to join on 17th January 1969 on a consolidated salary of Rs. 175 per month and that he would be on probation for six months and during this period the service can be terminated without any notice and thereafter one month's notice on either side.

The applicant claims to be a stenographer but Ext 'E' has been written by him in stenography but most of it in long hand and this would go to prove that at the time of his appointment, i.e., 24th January 1969 he was not stenographer worth the name, and in order to continue in service he would have to improve a lot. The workman himself in his evidence does not say that he showed any improvement in his stenography since after his appointment and I will accept the evidence of the son of the Proprietor who also looks after the business of his father that the workman could not be retained as a stenographer-cum clerk because he was deficient in stenography. The terms of the letter of appointment would go to show that he would be on probation for six months and he was discharged within this period of probation. The employer need not assign any specific reason for discharging a probationer But the question is whether the action of the Company in discharging the man is mala fide If the workman is a stenographer of this quality which is proved by Ext. E then unless he made considerable improvement in his work he could not be retained as stenographer-cum-clerk. The workman in his evidence says that the dealings of the Company with him all along was cordial and there was no unpleasantness whatsoever. The son of the proprietor in his evidence says that the workman was warned several times though not in writing to improve his quality of work but as he could not show any improvement in his work he was paid his dues and was discharged. The representative of the workman referred me to Supreme Court decision reported in 1966 (1) L.L.J. page 398 between Utkal Machinery Ltd., versus Santi Pattanaik. In that case the lady workman alleged that superior officer taking advantage of his superior position misbehaved with her to which she offer resistance and she offered evidence to that effect. There is no counter evidence. On such facts their Lordships held that the discharge of the workmen from service was mala fide. The facts which we are concerned are quite different. Here there is no question of misbehaviour on either side. The management says that the workman was deficient in work for which he was taken and he was put on probation for six months and as he did not show any improvement, he was discharged within the probationary period I see no mala fide in the action of the Company and therefore I cannot order his reinstatement.

The Company has also taken legal objection that there was no demand of the workman for his reinstatement rather there was a demand for compensation The letter addressed to the Labour Commissioner on the 11th July 1969 is for compensation under the Payment of Wages Act The Company was issued a notice by the Government to meet this demand for the arrears of payment vide Ext. C. I therefore, am unable to accept the allegation of the workman that he approached the management for reinstatement on the very day and I place no reliance on Ext. 1. This letter was not sent through post and I believe that this was not handed over by the applicant to the Proprietor of the Company and if he had asked for reinstatement on 2nd June 1969 which is the date of Ext. 1 he could not have made any demand under the Payment of Wages Act several weeks thereafter which is admitted by the workman himself. It was submitted that there were two conciliation—one for payment of wages and compensation and another for reinstatement. There may or may not have two conciliation but there is no satisfactory evidence that the workman demanded reinstatement before the Company and not having made that he could not have approached the Government for his reinstatement. The law is now well settled that the dispute has to be raised before the employer and if that is not done a reference by the Government is bad in law and I will hold that as the dispute was not raised before the employer the reference is bad in law. So the workman's case failed both on merits as well as in law.

I therefore answer this issue against the workman and my award would be that the workman is not entitled to reinstatement and also not entitled to any relief whatsoever by this Tribunal.

This is a reference by the Government under section 10 read with section 2A of the Industrial Disputes Act, vide order No. 11-I.R./IR/11L-352/70, dated 5th January 1971, to resolve a dispute between Messrs. Satya Agencies & Industries and their workman Shri Hari Singh. The issue to be decided is:

Issue

Whether termination of services of Shri Hari Singh by way of refusal of employment to him is justified? What relief, if any, is he entitled to?

After due notices to the parties the workman appeared on 23rd February 1971 and he was given time to file written statement. Then there were six adjournments and it seems the workman is wilfully absenting himself because he is not interested to get the dispute resolve. There is no point to keep this matter alive. So I pass a "no dispute" award in this case.

In the matter of an industrial dispute existing between Messrs. Supriya Restaurant, 27 Kanaidhar Lane, Calcutta-12, and their workmen represented by West Bengal Shops & Establishments Employees' Association, 13-A Creek Lane, Calcutta-14 (Case No. 333 of 1970.)

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present :

Shri P. L. CHATTERJI, Judge,
Fifth Industrial Tribunal.

This is a reference under section 10 of the Industrial Disputes Act by the Government of West Bengal, Labour Department, order No. 6040-I.R./IR/11L-310/70, dated the 18th August 1970. The dispute is between Messrs. Supriya Restaurant and their workman represented by West Bengal Shops & Establishments Employees' Association. The issue for adjudication is :

Issue

Whether closure from 22nd March 1970 is real? To what relief, if any, are the workman entitled?

Notices were duly served upon the parties. The Union filed its written statement on 27th January 1971 after taking several adjournments. Thereafter The Company took time for filing written statement. The Company look time for filing written statement. The Company was given as many as six times for filing written statement, but it did not file written statement. As a last one the Company was given another chance on 2nd June 1971 for filing written statement with the direction that in case of failure on the part of the Company to file written statement by 16th June 1971 the reference would be taken up for ex parte hearing. The Union was accordingly informed to remain present in Court on 16th June 1971. But on 16th June 1971 the Company again failed to file written statement and took no steps. What was more, the Union also did not turn up on that date and took no steps in spite of the order of the previous date directing ex parte hearing in case of failure on the part of the Company to file written statement on the date fixed. From what is stated above, it appears that the parties are no longer interested in the dispute and for that they are no longer willing to get the reference heard before the Tribunal, otherwise the Company would have filed written statement or the Union would have certainly appeared on 16th June 1971 for the hearing of the reference in the absence of the Company, pursuant to the order of the Tribunal, dated 2nd June 1971. The failure of the Company to file written statement as well as the absence of the Union on 16th June 1971, the date fixed for ex parte hearing of the case, lead to the reasonable conclusion that the parties are no longer interested in the dispute.

Accordingly I pass a "no dispute" award.

In the matter of an industrial dispute existing between Messrs. Air Conditioning Corporation Ltd., 17 Taratolla Road, Calcutta-53 and their workmen represented by Air Condioning Corporation Employees' Union, 8 Mondal Para Road, Calcutta-34. (Case No. 62/70.)

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present :

Shri P. L. CHATTERJI, Judge,
Fifth Industrial Tribunal.

This is a reference under section 10 of the Industrial Disputes Act by the Government of West Bengal, Labour Department, order No. 754 I.R./IR/10L 190/68, dated the 22nd January 1970 The disputes are between Messrs. Air Conditioning Corporation Ltd. and their workmen represented by Air Conditioning Corporation Employees' Union. The following issues have been referred by the Government of West Bengal to this Tribunal for adjudication :

Issues

1 Whether the staff of the Sales Department are entitled to travelling allowance similar to that of the Accounts Department ?

2 Whether the stoppage of the supply of 1 pound milk per head per day to the staff of the Accounts Department is justified ? To what relief, if any, are they entitled ?

3 Whether the discontinuance of the payment of tiffin allowance of Rs. 15 per month to the staff of the Sales Department is justified ? To what relief, if any, are they entitled ?

4 Whether non-payment of Overtime Wages for one hour daily from 13th April 1966 to the staff of the Accounts Department was justified ? To what relief, if any, are they entitled ?

5. Whether stoppage of annual increments to the workmen for the year 1968 was justified ? To what relief, if any, are the workmen entitled ?

The parties filed their respective written statements. On 11th May 1971 the parties filed a joint petition of compromise along with a memorandum of settlement. The prayer made in the joint petition was for the passing of a 'no dispute' award as the disputes between the parties were stated to have been settled amicably out of Court by a bi-parties settlement, dated 6th May 1971.

Shri S. R. Ghosh, the learned Advocate for the Union, took time for confirming if the disputes between the parties had really been settled or not But on the date fixed for his confirming whether the disputes had really been settled between the parties or not, Shri Ghosh submitted before the Tribunal that he being not in touch either with the Secretary or the Assistant Secretary of the Union, he was unable to deny that the disputes existing between the parties had really been amicably settled. On the other hand, the learned Advocate for the Company has stressed with all the emphasis at his command that the disputes between the parties had been amicably settled This representation by the learned Advocate for the Company has further been fortified by the President of the Union who was present in Court with Shri S. R. Ghosh and who said that the disputes existing between the parties were really settled amicably between the parties. That the disputes were amicably settled between the parties is further borne out by the joint petition of compromise filed by the parties along with the memorandum of settlement. I, therefore, find that the parties amicably settled the disputes between themselves, and they are no longer interested in proceeding with the subject-matter of the present reference.

Hence I pass a 'no dispute' award.

The joint petition of compromise and the memorandum of settlement are made parts of the award.

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL CALCUTTA

In the matter of an Industrial Dispute under Government of West Bengal, Order of Reference No 754-I.R./IR/10L-190/68, dated 22nd January 1970, between Messrs. Air Conditioning Corporation Ltd., 17 Taratolla Road, Calcutta-53 (hereinafter referred to as the Company) and their workmen represented by Air Conditioning Corporation Employees' Union, 8 Mondal Para Road, Calcutta-34 (hereinafter referred to as the Union).

four jurisdictional objections to the maintainability of this instant reference and sought for their determination first before the case was gone into on merits. The Tribunal by its order No. 15, dated 12th September 1970, allowed only one of the four such points namely, "whether there was any demand of justice at the bipartite level on the Company by the workman concerned or by anybody else on his behalf and whether there was any refusal thereof" for being heard first, keeping the three other points aside for decision at the time of final hearing of the case.

Both the parties have adduced oral and documentary evidence on the preliminary point. P.W. 2, Shri D Banerjee has stated that immediately after receipt of the letter of retrenchment (Ext. 2) at forenoon on 3rd May 1968, he made demand of justice on the Company through Shri Roy, the then in-charge of the Company's Site Office at Durgapur where the petitioner was working and on the next day he went down to Calcutta to meet the bosses there and made demand of justice also on them and that all of them refused to meet his demand. There is no document to support Shri Banerjee's such statements but by way of collateral proof of his alleged demand he puts forward a carbon copy of the letter (vide Ext. 3) which he wrote to the Company on 6th May 1968 and despatched it under certificate of posting (vide Ext. 1) on 7th May 1968 Certificate of posting may at times be a proof of service by post but in this case it is risky to place any reliance on this certificate of posting There are several cogent reasons for my saying so. The Town Inspector (P.W. 1) Shri M. Paul who came to depose for the petitioner does not give satisfactory evidence. On the other hand it appears from his evidence that he does not know anything about the posting of service of the letter Ext. 3, under the alleged certificate of posting Ext. 1. Shri S. Roy (O.P.W. 1) who was the direct boss of Shri Banerjee at the Durgapur Site Office of the Company at the relevant time has denied to have received any demand of justice by or on behalf of the workman made either orally or in writing by service of any such letter (Ext. 3) through post office. In fact he says that there was no demand of justice by or on behalf of the workman after his retrenchment from service by the Company on 3rd May 1968. Though at certain stages of his deposition he has faltered to some extent but these vacillations of his part are negligible. The whole of his evidence if read together certainly gives the impression that the workman did not make any demand of justice on the Company after he was retrenched from service consequent upon gradual reduction in work and his being surplus to the Company's requirement (vide Ext. 2). The workman made a complaint to the Deputy Labour Commissioner on 10th May 1968, (vide letter Ext. A) against his retrenchment and if he had made any demand of justice on the Company before raising the dispute before the Labour Commissioner he must have made a mention about his such demand in his letter. When the letter is ominously silent on this point the inevitable presumption will be that he did not make any demand of justice on the management before he approached the Deputy Labour Commissioner for redress of his grievances against the Company

The decisions of the Supreme Court have now finally established the proposition that a demand by the workman must be raised first on the management and rejected by them before an industrial dispute can be said to arise and exist (vide AIR 1970, Delhi P. 60 at P. 65). I have already stated that no such demand was made and so there could be no question of rejection or acceptance of the same. It was laid down by the Hon'ble Supreme Court in AIR 1968, SC P. 529 that if no dispute at all is raised by the employees with the management, any request sent by them to the Government would only be a demand by them and not an industrial dispute between them and their employer. The complaint Ext. A was, therefore, a mere demand by the workman on the Government in the form of a request and not an industrial dispute as defined under the law.

The workman has put in a lengthy written statement but curiously enough he did not mention anything about his alleged demand of justice in any paragraph of the written statement. To be precise, there is no whisper about this material point within the four corners of the written statement. Even after the Company filed its rejoinder the workman did not specifically allege anything on the point in the counter rejoinder. Curiously enough the letter Ext. 3 on which the workman now seeks rely was not mentioned in the material paragraph 8 of the written statement The proper adjudication of an industrial dispute requires the pleadings of the parties and the framing of issues to ascertain the real dispute between the parties. A Tribunal would be acting beyond its jurisdiction in giving its decision on a matter which has not been raised in the pleadings. Here in this case the workman has not raised the point in his pleadings and as such the Tribunal would not be justified in passing any order on the point in favour of the workman (vide 37 FJR, P. 451). When the particular ground has not been taken in the pleadings, it would be too much for the Tribunal to say that an industrial dispute has been raised or exists in the matter. The Tribunal has, therefore, not the jurisdiction to consider and decide the reference which obviously becomes incompetent.

This disposes of the instant reference on contest

After service of statutory notices, the Union representing the workmen and the Company entered appearance and filed their respective written statements. Of the four Contractors, Messrs. Shewmangal Sharma & Co. and Messrs. Daulat Kumar Sharma filed their written statements on 19th March 1969. After ascertaining correct addresses from Government, the Tribunal issued fresh notices upon the remaining Contractors Messrs. Jagannath Sharma &

Co. and Messrs. Dasharath & Co. The notice issued under registered post was refused by Messrs. Jagannath Sharma & Co. Notice could not be served on Messrs. Dasarath & Co. and registered notice was returned with the report 'not known'. Eventually, Messrs Dasarath & Co. appeared through authorised representative Shri P. R. Sen Gupta, Advocate.

Thereafter much time was lost because the parties neglected to take steps and get ready for hearing, and for other reasons. But on 21st June 1971, the parties filed a joint petition stating that the case was likely to be amicably settled out of Court. On 28th June 1971, a joint petition of compromise was filed by the parties.

The petition of compromise is subscribed by the Manager of Messrs. Gobindo Sheet Metal Works & Foundry and the officials of the Union representing the workmen. Of the four contractors named in the order of reference, three namely: (1) Messrs. Shewmangal Sharma & Co., (2) Messrs. Daulat Kumar Sharma, and (3) Messrs. Dasarath & Co., have also joined in the petition of compromise. The major parties, i.e., the Company and the workmen have also given unequivocal declaration to the effect that the parties do not press any claim or press for any benefit against the remaining contractor No. 3 Messrs. Jagannath Sharma & Co. In the result, all necessary parties have joined in the petition of compromise, and the Contractor who did not join, will not be bound by the terms of the compromise. Evidently, the issues referred to this Tribunal can be effectively disposed of in the absence of the said contractor.

On consideration of the terms of the petition of compromise, I find that they are fair and legal, and there is no bar to their being acted upon. The parties have addressed themselves mainly to issue No. 1 referred to this Tribunal. In view of the settlement arrived at in respect of issue No. 1, the other issue relating to "Abolition of contract labour" is not pressed by the parties and parties agree that there is no dispute regarding this issue. The petition of compromise thus covers the entire reference excepting "abolition of contract labour" which is no longer in dispute and is sufficient for the purpose of disposal of the order of reference. Consequently, a compromise award in terms of the joint petition should be passed in this case.

In the result, the issues referred to this Tribunal be disposed of in terms of the petition of compromise which be made part of this award covering the entire dispute.

This is my award.

Issues

Whether the workmen claimed by the Unions to be on piece rates are really under piece rate scheme or whether the schemes in question are incentive schemes as claimed by the management? On what basis the bonus they are entitled to is to be computed?

Whether the workmen employed in the Steel Foundry Division are entitled to the Pujah bonus paid to the workmen of the Parent Division? What relief, if any, are they entitled to by way of Pujah bonus for the year 1965?

Both parties were taking interest for quite sometime but from 3rd October 1970, i e, for long seven months the Unions are not taking any interest and are not appearing though the Company appeared several times and prayed for adjournment. There were five more adjournments only on the petition of the Company and every time the Unions were absent and on the last date, i.e., on 25th May 1971, neither the Company nor the Unions were present. On the previous day I was given to understand on behalf of the Company that there is a closure of the Company and that is why the Unions are wilfully absenting themselves and though there is a possibility of the reopening of the Company, it is not known when it will be reopened. It is no good keeping the case pending when parties are wilfully absenting themselves and if and when the Company reopens a fresh reference may be made but for the present I see no reason to keep the reference alive when parties are not taking any interest in the case for so many months.

I therefore pass a "no-dispute" award in this reference.

AWARD

By order No. 8499-I.R./IR/8L-65/69, dated the 5th November 1969, the Government of West Bengal, Labour Department, referred an industrial dispute existing between Messrs. The India Hosiery Mills, 223 Manicktalla Main Road, Calcutta, and their workmen represented by Hosiery Workingmen's Union, 1A Joy Bhattacharjee Lane, Calcutta-3, to this Tribunal, under section 10 of the Industrial Disputes Act, 1947, for adjudication on the following issue :

Issue

Whether the closure of the factory with effect from 10th June 1969 is real? To what relief, if any, are the workmen entitled?

On receipt of statutory notices, both parties appeared and filed their respective written statements.

Briefly stated, the case of the Union is that the opposite party-Company is a profitable manufacturing concern which denied its workers their just benefits. By their letter, dated 17th April 1969, the Hosiery Workingmen's Union placed a charter of demands before the Factory Manager for refixation of wages and increments. Thereafter the management began to oppress the workmen in various ways. According to the Union the Company illegally declared a lock-out of the factory on 10th June 1969 and threw all its workmen out of employment. Since then the factory is under lock and key. It is alleged, however, that the Company is running its business at 112 and 113 Old China Bazar Street, Calcutta-1, and manufacturing its products at various other places. Before this lock-out, the Union had requested the Labour Department of the Government of West Bengal to intervene in the matter and to help settlement of the dispute. However, there was no conciliation and the Government made this reference in respect of the dispute. The Union prays that this Tribunal would hold that the lock-out is unjustified and the workmen are entitled to full wages and other benefits.

The defence of the Company, inter alia, is that by notice, dated 10th June 1969, the Company's undertaking was permanently closed down. Thereupon the service of all workmen employed in the factory stood terminated. It is claimed that no industrial dispute could exist between a closed undertaking and its former workmen. Adverting to merits of the allegations made in the Union's written statement, the Company points out that the undertaking was running at a loss and had to be closed down. The allegation of indulging in unfair labour practice is denied. It is claimed that the factory has been closed down permanently. The concern which carries on business at

112 and 113 Old China Bazar Street, Calcutta, under the name of style of Rabindra Hosiery, is a distinct wholesale trading concern which has no connection with the answering Company, it is alleged. That being so, there cannot be any question of answering Company still carrying on business at a different place. All other material allegations of the Union's written statement, are challenged. On the averments, the parties came to trial.

P.W. 1 Shri Prasad Chandra Adhikary, who is the Proprietor of Messrs. The India Hosiery Mills, states that by notice of closure, dated 10th June 1969, Ext. 1, the Mill was closed down. The original notice was hung up on the main entrance of the factory. The Labour Commissioner, Chief Inspector of Factories, E.S.I., Corporation, Regional Provident Fund Commissioner and the Secretary of the Hosiery Workingmen's Union were served with separate copies of this notice of closure. In this notice, the Factory Manager gave clear reasons why the undertaking was being closed down. It was stated that in view of the circumstances "the Management, viz., the employer has decided to close down the factory undertaking of the Company stated above, under section 25FFF of the Industrial Disputes Act. Accordingly, it is hereby notified for the information of the workmen/employees employed in this factory undertaking that this undertaking is hereby closed with effect from 10th June 1969." All employees were invited to receive closure benefits and other dues from the Company. There cannot be any doubt that this is unambiguous expression of desire of the management to close down the undertaking. The learned Advocate for the workmen, however, argues that the management failed to give valid reasons for closure of the undertaking. According to him closure of the factory cannot be presumed in the absence of mention of acceptable reasons like want of raw materials or power, inability to sell the goods or inability to secure credit in the market or recurring heavy losses in the business. This argument does not appeal to me because section 25FFF of the Industrial Disputes Act which was invoked for effecting closure of the undertaking provides for closure "for any reason whatsoever". Validity of the closure would not depend on the reasons given or on the motive of the management. The law is now well-settled that it is not for the Industrial Tribunals to enquire into the motive for closure to find out whether the closure is justified or not. This view finds support from the Supreme Court decision in the case of Indian Hume Pipe Co. Ltd. and their workman reported in 1969 (I) L.L.J., 242. In a case like this the essence of the matter is the factum of closure by whatever reason motivated. Prima facie the notice of closure Ext. 1 served on the Union and Government officials indicates a clear intention to close down the factory. On consideration of evidence in this case also there is no escape from the conclusion that the undertaking was closed down with effect from 10th June 1969 as alleged. P.W. 1 Shri Prasad Chandra Adhikary states that his factory remain closed since 10th June 1969 and that almost all the workmen have since received closure benefits and other dues from him. He states further that he has no intention to reopen the factory. A number of receipts showing payment of closure benefits to workmen have been filed by the Company. These are Exts. 2 series. The witnesses examined for the Union are unable to deny that most of the workmen are thus reconciled to the factum of closure of the factory. The fact that the factory remains idle also cannot be questioned. In cross-examination D.W. 3 Shri Jugol Kumar Ghosh is constrained to admit that the factory is not running at present. Company is carrying on business elsewhere. It is common ground that the machineries of the factory are still at the factory site. In the result, the conclusion would be that the factory machineries are idle since 10th June 1969 and there is really a close down of the factory.

The learned Advocate for the Union argues that the fact that electric lines have not been dismantled and the machineries are still lying in the factory indicates that the factory is running. This is an absurd proposition. On the facts established it must be held that the factory has been closed down.

On behalf of the Union it is pointed out that the closure is preceded by a history of a feud between the management and the workmen. The admitted position is that the workmen had sent a charter of demands on 17th April 1969. In this state of affairs, it is argued that the closure must be held to be merely a lock-out of the undertaking. In this connection, the learned Advocate for the Union cites the Madras High Court case of Shri Ramachandra Spinning Mills and State of Madras reported in 1957 (I), L.L.J., 90. In this case his Lordship laid down that an employer who shuts down his place of business as a means of reprisal and commits an act of belligerency, the result would be lock-out and not a bona fide closure. In other words, the Madras High Court took the view that the Tribunal had the liberty to examine the motive of the management in order to determine whether there was a lock-out of the factory. According to him, in this case it is abundantly clear that the management shut down the place of business for the purpose of compelling the workmen to come to terms with him. However, the Supreme Court of India has since explained how far the Industrial Tribunals can go in the matter. In Kalinga Tubes Ltd. and their workmen reported in 1969 (I), L.L.J., 557, their Lordships of the Supreme Court laid down that the discussion of the case law yields the result that entire set of circumstances and facts have to be taken into account while endeavouring to find out in fact whether there had been a closure and the Tribunal and the Court are not confined to a set of facts. The essence of the matter is the factum of closure by whatever reason motivated. The motive of the Company in shutting down an undertaking is immaterial. It should be taken for granted that an undertaking can be closed down "for any reason whatsoever" under section 25FFF(1) of the Industrial Disputes Act. In my judgment the fact that in this case the closure was preceded by a charter of demands submitted by the workmen can be no indication of the fact that the closure which came in its wake, was illegal.

In 1970 Lab. I.C. 1119, their Lordships of the Patna High Court have also laid emphasis on the fact that the expression "closure" under section 25FFF of the Industrial Disputes Act can only be factual closure of business and not a pretext of closing of the place of business. The learned Advocate for the Union argues that as held in this case, the question if there was a lock-out of the factory cannot be decided as a preliminary issue. This argument has no substance because in the instant case the employer's clear case is that there has been a closure of the business. In the case decided by their Lordships of the Patna High Court that there was no plea of closure of business. In my judgment this decision is of no avail to the Union.

It is, therefore, necessary for me to examine with care whether a real closure has been established in this case. As we have already seen the factory is idle since the notice of closure was served on the Union. Most of the workmen have received closure benefits and the proprietor has given in clear terms that he has no intention to reopen the factory. This is sufficient to indicate a factual closure of the undertaking. On behalf of the Union, however, it is urged that the factory is still working at 112 and 113 Old China Bazar Street. In its written statement the Company has pointed out that the trading concern which is running at 112 and 113 Old China Bazar Street has a different name and style and is a distinct concern. D.W. 2 Shri Anilbaran Majumder also admits that the factory undertaking of India Hosiery Mills was situated at 223A Manicktolla Main Road and has remained idle since the closure. The shop at 112 and 113 Old China Bazar Street is carried on in the name of Rabindra Hosiery. That being so, the plea that the India Hosiery Mills is still carrying on business as before, cannot be sustained. The learned Advocate for the Mills also submits, that the workmen cannot have grievance as if a sister trading concern it is running at 112 and 113 Old China Bazar Street. Even assuming that the two concerns belonged to the same proprietor, it was open to the proprietor to close down one of them. In this connection the decision of the Supreme Court reported in 1970 (I), L.L.J., 343 is cited. In this case their Lordships laid down that closure of a branch of business, even if it does not amount to closure of the entire business, cannot be interfered with by Industrial Tribunal, if in fact, the closure is real and genuine. Applying these principles to this case, it must be held that closure of the factory cannot be challenged merely because the proprietor runs a trading concern for selling hosiery goods at 112 and 113 Old China Bazar Street.

On consideration of the materials on record and circumstances of the case, I must hold that the factory undertaking was closed down after the notice accompanied by offer of payment of closure and other benefits. The conclusion is that the factory was closed down on 10th June 1969. It follows that the workmen are fighting against a dead undertaking. I must hold that this is no industrial dispute and it is not open to this Tribunal to entertain the reference which, on facts proved, must be held to be incompetent. The reference fails. The preliminary point is thus answered in favour of the Company. The case cannot proceed. The case must also be disposed of accordingly. The workmen cannot get any relief.

This is my award.

AWARD

By order No. 5453-I.R./IR/10L-380/67, dated the 21st October 1967, the Government of West Bengal, Labour Department, referred an industrial dispute existing between Messrs. Katia Steel Rolling Works, 613 Barrackpore Trunk Road, P.O. Agarpara, 24-Parganas and their workman, Shri Kedar Singh, C/o. Ramshis, Messrs. Oriental Metal Industries (P) Ltd., P.O. Agarpara, 24-Parganas, to this Tribunal under section 10 of the Industrial Disputes Act, 1947, read with section 2A thereof, for adjudication on the following issue:

Issue

Whether the termination of service of Shri Kedar Singh by way of refusal of employment to him is justified? What relief, if any, is he entitled to?

After receipt of statutory notices, both parties appeared and filed their respective written statements.

Briefly stated, the case of the workman is that at the material time he was a watch and ward staff of the employer Messrs. Katia Steel Rolling Works, with a good record of service. On 11th March 1966 the workman received bullet injuries in Police firing which took place near the factory premises. He was thereafter admitted in R. G. Kar Medical College Hospital for treatment. After treatment he was discharged from the hospital on 23rd December 1966 with the advice to take rest for two weeks. After the said period of rest he reported for duty at the factory. However, the management refused to give him employment His written demand for employment, dated 10th January 1967 and 27th February 1967 went unheeded. His subsequent representation to the Assistant Labour Commissioner, West Bengal, dated 27th February 1967, was followed by an infructuous conciliation proceeding. Thereafter this reference was made by the Government. The workman prays that this Tribunal should declare that the action of the employer in terminating his service is illegal and pass an order directing his reinstatement with all back wages.

The Company took technical and material pleas in its written statement. It is claimed that this Tribunal has no jurisdication to entertain the reference because the reference does not relate to any Industrial dispute. It is claimed further that there was no refusal of employment as alleged by the workman. It is admitted that after discharge from the hospital, the workman approached the Company for resuming his duties and on failure to furnish a certificate of fitness, he was not allowed to resume his duties. On these grounds, the claim of the workman is resisted by the Company.

The material facts of the case remain undisputed. The workman accidentally sustained bullet injury while he was on duty. As D.W. 1 Shri N. Bakshi admits that he was sent to the hospital where he remained for 8 or 9 months. After discharge from the hospital he came to the factory seeking job. The period of his stay in the hospital and the date of his discharge have also been established in this case. It is common ground that on 11th March 1966 the workman received bullet injury while he was on duty in the factory. The discharge certificate Ext. 1 shows that the workman was under treatment in R. G. Kar Medical College Hospital between 11th March 1966 and 23rd December 1966. The admitted position also is that the petitioner Kedar Singh was an insured employee under the E.S.I. Act. He had been discharged from the R. G. Kar Medical College Hospital with the advice to take rest for two weeks. This also appears from the discharge certificate Ext. 1. The workman (P.W. 1) Kedar Singh states that after discharge from the hospital he went to see the Manager of the factory with the discharge certificate. The Manager told him that he should go back and return only when he is fit. The witness then went to see the E.S.I. Panel Doctor. He gave him some medicines and asked him to obtain writing from the Factory Manager, whereupon further treatment might be given. Accordingly he went to the Factory Manager with his medical card. Evidently, the endorsement of the Factory Management to the effect that he was in service was necessary before the E.S.I. Panel Doctor could resume his treatment. The witness states that the Factory Manager who had taken his card told him next day that the card had been mislaid. So, it was not possible for him to go to the E.S.I. Panel Doctor again to obtain a certificate as under Regulation 60, Employees' State Insurance (General) Regulations. However, he insisted on being given employment. The management refused to give him employment. He served two letters on the Company demanding employment Exts. 2, 2(a). Admittedly the Company did not send any reply. Thereafter the witness moved the Labour Commissioner and this reference was made.

D.W. 1 Shri N. Bakshi, Manager of Katia Steel Rolling Works admits all the material facts elicited from the workman. He states that when Kedar Singh came to resume duties, his leg was stiff and he found that he was unfit for employment. The other reason why he was not given employment is that he did not produce any fit certificate. The question now is, whether the management was justified in refusing employment to the workman.

The Manager, (D.W. 1 for the Company) has given two reasons why Kedar Singh was refused employment—(1) He had not the requisite physical fitness; and (2) although he was an insured employee, he did not produce any final certificate of fitness. Evidently, the witness made an eye-estimation of physical fitness of Kedar Singh. In his examination-in-chief the witness says "I asked him whether he could walk some distance. If he could, I could take him in. But he failed to walk some distance". Thus, one finds that the witness ignored the discharge certificate granted by a reputed Hospital of Calcutta. In the discharge certificate, Ext. 1, the workman was advised to take rest for only two weeks. Not only active movement was not prohibited, the hospital recommended active movement and massage for the workman. It is not impossible that the leg of the workman was stiff due to dis-use. There is no evidence in this regard. In any event, there is nothing to show whether such stiffness was temporary or permanent. Consequently, there is nothing to show that the Manager (D.W. 1) made a correct estimate of physical condition of the workman. I am not prepared to give his evidence more importance than the discharge certificate granted by the hospital where he was under treatment of Dr. S. Bhattacharji, F.R.C.S.

The learned Aovocate for the Company insists that in the absence of a final medical certificate before commencement of work for wages, the management was not under any compulsion to give Kedar Singh employment sought for. Regulation 60 of Employees' State Insurance (General) Regulations is cited by the learned Advocate in support of this workman. The learned Advocate for the workman, however, points out that in this case the Manager of the factory had himself mislaid the card, on production of which the workman could obtain final medical certificate from the Panel Doctor. Consequently, the management could not insist upon final medical certificate as contemplated in Regulation 60 of Employees' State Insurance (General) Regulations. Further it is contended that Regulation 60 merely clarifies the duty of the insured workman to obtain final medical certificate from the Panel Doctor. If he resumed without such medical certificate, it might not be possible for the E.S.I. Corporation to shoulder the responsibility for the workman. The Company cannot insist on such certificate. On a careful consideration of the facts I must hold that the Company was not justified in refusing employment to the workman on the ground that the final medical certificate had not been produced. In the first place, I am inclined to accept the evidence of P.W. 1 Kedar Singh that the Manager himself mislaid his card and that the Panel Doctor could have taken steps for issue of final certificate only on perusal of the certificate of the Factory Management in that card. Thus, failure to bring medical certificate from the Panel Doctor was not due to any negligence of the workman. Again, it was quite possible for the Management to take Kedar Singh back in service and to take up the question of final medical certificate with the E.S.I. Corporation at the same time. The action taken by the Company obviously was not honest and straightforward.

The fact also remain that the workman had been given treatment for a long time in a premier hospital in Calcutta. He was armed with a discharge certificate from that hospital. It did not note any permanent disability sustained by the workman. In a case like this, the discharge certificate should have been accepted by the Company as evidence of temporary disablement and fitness. Regulation 53 of the Employees' State Insurance (General) Regulations provide that the E.S.I. Corporation can "accept any other evidence of sickness or temporary disablement if in its opinion, the circumstance of any particular case so justified". In other words, the workman who had with him a bona fide document of discharge from the hospital and which itself was evidence of his temporary disablement and return to normalcy, should have been accepted by the E.S.I. Corporation as final medical certificate in terms of Regulation 60 of the Employees' State Insurance (General) Regulation. There cannot be any doubt that the Factory Manager was too anxious to avoid giving employment to Kedar Singh and he insisted on a fit certificate from the Panel Doctor fully knowing that he would not be able to procure such certificate.

In view of my findings above, I must hold that neither the poor physical condition of the employee nor absence of a final medical certificate could be regarded as valid grounds for refusing employment to Kedar Singh. The absence of bona fides is clearly established when the Factory Manager is constrained to admit in cross-examination that the Company did not enter into any correspondence that with Kedar Singh so long as he was in the hospital and that the Company did not ask Kedar Singh to produce a certificate of fitness whereupon he would be provided with his job. In cross-examination the Factory Manager also gives out that he was not prepared to take back Kedar Singh in service. The reason is not, as we have already seen, that fitness certificate is not available; it is because the "Company has already employed another man in his place". In my judgment the Company was guilty of unfair labour practice when it refused employment to Kedar Singh without any sufficient cause.

The technical ground taken in the Company's written statement was not pressed during trial. The ground was that no dispute had been raised with the Company before this reference was made by the Government. It was established by evidence that Kedar Singh had made two demands in writing before approaching the Labour Commissioner. The technical ground is also of without substance.

In view of my findings above, the aggrieved workman is entitled to succeed. It must be held that his service was illegally terminated by way of refusal to give employment. He is, therefore entitled to be reinstated in service with all back wages.

This is my award.

AWARD

This reference under section 10 of the Industrial Disputes Act, 1947, was referred by the Government of West Bengal, Labour Department, by its order No. 961-I.R./IR/8L-9/65, dated the 5th March 1965, to this Tribunal for adjudication of the issue that arising out of the dispute between Shri Kamal Krishna Bose, Shri Shamsundar Agarwala, Shri Hiralal Agarwala (Pasari), Shri Radheshyam Agarwala, Shri Bojarangalal Agarwala Owners of Powerloom Factory (hereinafter referred to as the Employers), and Messrs. Jain Company, Contractor, 7/4 Nilganj Road, P. O. Agarpara, 24 Parganas, on the one part and their workmen represented by Panihati Municipal Powerloom Workers' Union, Mahesh Banerjee Road, P.O. Panihati, 24-Parganas, on the other, over the termination of services of Sharvashri Sudharsan Dey, Nanigopal Dhar, Birendra Kumar Dhar and Lokenath Das.

Issue

Is the management justified in terminating the services of Sharvashri Sudharsan Dey, Nanigopal Dhar, Birendra Kumar Dhar and Lokenath Das? To what relief, if any, are they entitled?

Parsuant to the usual notices served upon the parties the parties entered appearance and filed their respective written statements.

The preliminary objection raised by the employers is taken up first for consideration. It is contended on behalf of the employers that the present reference tagging different employers and different employees who have got different interest is not maintainable.

The order of reference on the face of it shows that the Tribunal is to determine whether the termination of services of the four workmen mentioned therein by the management is justified. It also describes five persons and a contractor known as Messrs. Jain Company as management. It cannot be disputed that the issue as referred is quite good in law if the four workmen described in the order of reference were employed by the management described therein and their services were terminated by the said management. The pleadings of the parties and the evidence adduced in the case go to prove that the employers named in the orders of reference and described as management have got different business and the workmen employed by them are also different. It is not disputed that the workmen Birendra Kumar Dhar and Lokenath Das were employed by Shri Kamal Krishna Bose to run the looms belonging to him. It is not also disputed that Nanigopal Dhar was employed by Shri Shamsundar Agarwala, and Sudharsan Dey was employed by Shri Radheshyam Agarwala in the looms separately run by them. Ext. 1 shows that Nanigopal Dhar raised a dispute with Shri Shamsundar Agarwala regarding termination of service. Ext. 2 also shows that Lokenath Das and Birendra Kumar Dhar raised a dispute with Shri Kamal Krishna Bose regarding termination of their services under him. All these facts support the contention of the employers that the interest of different employer and the workmen under them is different, and they cannot be tagged in the same order of reference to determine the issue in a manner as described above. It is contended on behalf of the Union that the dispute may be treated as a dispute under section 10(5) of the Industrial Disputes Act. In that view of the matter it is submitted that reference as sent by the Government is maintainable. After giving my anxious consideration to the arguments advanced on behalf of both the sides and in view of what has been disclosed in the evidence and the pleadings of the parties, I am unable to hold that the dispute may be treated as a dispute under section 10(5) of the Industrial disputes Act. It is well settled that the jurisdiction of the Tribunal is only to try an industrial dispute referred to it for adjudication by the appropriate Government by an order of reference passed under section 10. It is not open to the Tribunal to travel materially beyond the terms of reference, for it is well settled that the terms of settlement determine the scope of its power and jurisdiction from case to case. In view of the order of reference this Tribunal is not entitled to determine the termination of services of the workmen under different employers with different interest. In that view of the matter I have got no other alternative but to hold that the reference as made is bad in law.

AWARD

The Government of West Bengal, Labour Department, has referred an industrial dispute between Messrs. B. M. Press, 118/2 Bepin Behari Ganguly Street, Calcutta-12, and their workman represented by the West Bengal Press Workers' and Employees' Union, 84/1A Bepin Behari Ganguly Street, Calcutta-12, to this Court by its order No. 5921-I.R./IR/13L-50/67, dated 9th August 1968, under section 10 of the Industrial Disputes Act, 1947 (XIV of 1947), for adjudication on the following issue :

Issue

Is the termination of service of Shri Suranjan Mitra justified ? What relief, if any, is he entitled to ?

The case of the Union may be briefly stated as follows :

The workman Shri Suranjan Mitra was an employee of the O. P.-Company. He was a leading and active member of the Union. Shri Mitra was arbitrarily dismissed from service by the Company by a letter, dated 26th July 1967. It is alleged that the said order of dismissal of Shri Mitra was illegal, mala fide and it was an act of victimisation on the part of the Company. After the dismissal the Company was approached for reinstatement of Shri Mitra but to no effect. Thereafter the Union took up the case of Shri Mitra and referred the matter to the Labour Commissioner for conciliation but that too failed. The Union prays for reinstatement of Shri Mitra with full back wages.

The Company in its written statement has denied the above allegations of the Union. It is contended that the Union is an omnibus Union and as such the said Union has no concern with the workmen employed by the Company. It is further contended that Shri Mitra was not dismissed but that his services were terminated by way of discharge as the Company lost its confidence in Shri Mitra. It is further contended that the action taken by the Company against Shri Mitra was fair and bona fide and for good grounds. The allegation that Shri Mitra was dismissed from service with a view to victimise him is baseless.

At the very outset the learned Lawyer for the Company has raised a preliminary point about maintainability of the reference. It is contended that the present reference is under section 10 and that the Union which has espoused the case is an omnibus Union and it has no concern with the workmen employed in the Company and that the workmen of the Company were at the material time not members of the said Union and as such the Union is not competent to espouse the case on behalf of the dismissed workman It is further contended that the dispute is an individual dispute and as such it cannot be regarded to be an industrial dispute within the meaning of Industrial Disputes Act. Before the enactment of section 2A of the Industrial Disputes Act an individual dispute could not per se be an industrial dispute, but it might become so if it is taken up by a trade union or a substantial number of workmen. This position of law created hardship for individual workmen who were discharged, dismissed, retrenched or whose services were otherwise terminated when they could not find support by a Union or an appreciable number of workmen to espouse their case. Section 2A ibid, however, does away with the requirement of espousal of an individual dispute for converting it into an industrial dispute in cases where a dispute or difference arises out of discharge, dismissal, retrenchment or otherwise termination of service of the individual workman. In the instant case according to the Union Shri Mitra was illegally dismissed from service. According to the Company Shri Mitra was discharged as the Company lost confidence in him. Be that as it may in this reference we are concerned about dismissal or discharge of a single employee, namely, Shri Mitra. That being so under section 2A ibid this individual dispute can be regarded to be an individual dispute. It is true that in the instant case conciliation proceeding was not initiated by Shri Mitra himself. But the case of Shri Mitra was referred to the Labour Commissioner by the West Bengal Press Workers' and Employees' Union which is of course not the Union of the workers employed in the O. P.-Company but a general trade union. P. W. 1 Shri Anil Bose who is the Secretary of the above Union has stated on oath that on 20th July 1967 Shri Mitra was a member of the above Union. He has further stated that in 1967-68 about 12 or 13 workmen of the O. P.-Company were members of the above Union. While cross-examined he has given the names of the workmen of the O. P.-Company who were members of the above Union. It is also seen from Exts. 1, 4A that not only Shri Mitra but a good number of workmen of the O. P.-Company were members of the above Union in 1967-68. I have no reason to disbelieve this evidence of the Union. That being the position I think the Union was competent to take up the case of Shri Mitra and that espousal of the case of Shri Mitra by the said Union is perfectly legal. The reference of the dispute is, therefore, maintainable and I find accordingly The preliminary point raised by the Company is accordingly overruled.

Coming to the merits of the case I find that the Union has succeeded in proving that the termination of service of Shri Mitra by the O.P.-Company is unjustified. The contention of the O. P.-Company that Shri Mitra was not dismissed but his services were terminated by way of discharge is without any substance. Shri Mitra was discharged by a notice, dated 20th July 1967, marked Ext. 1(i). It is seen from the said notice that Shri Mitra's services were terminated as the Company lost confidence in him. The reasons for such loss of confidence as given in the said notice are that Shri Mitra is alleged to have adopted a very curious policy in respect of his attendance, works and various other tactics and that Shri Mitra was responsible for displacement of machine-parts of certain machines and for certain other mistakes. O. P. W. 1 Shri Bhaba Ranjan Majumdar, Proprietor of the Company, has also stated that he lost confidence because he used to come late and sometime he was found sleeping in the machine room and that he also poured some mobil oil in the machine and damaged the armature and consequently there was serious loss in the Company's business. From this it is clear that Shri Mitra's services were not terminated by way of discharge but he was discharged from service by way of punishment. That being so before the action of discharge by way of punishment could be taken against the workman the employer was bound on the principle of natural justice to draw a regular proceeding against him. In the instant case no charge-sheet was issued to Shri Mitra requiring him to explain the alleged misconduct nor there was any domestic enquiry to enquire into the alleged charges. So the Company by discharging Shri Mitra has clearly violated the rules of natural justice. It is of course true that absence of any domestic enquiry will not by itself make the order of discharge or dismissal illegal but the Company may justify its action before the Tribunal by adducing sufficient and cogent evidence. In the instant case, however, the Company has not adduced any evidence to show that Shri Mitra was guilty of the charges as enumerated in the notice, rather order of dismissal, dated 20th July 1967, marked Ext. 1(i). In the circumstances I find that the termination of service of Shri Mitra is unjustified and illegal and that Shri Mitra is entitled to reinstatement with full back wages. The Company is, therefore, directed to reinstate Shri Mitra in service and to pay him full back wages within 30 days from the date of publication of the award in the Official Gazette.

This is my award.

ANNEXURE

In the matter of an industrial dispute between Messrs. Ivan Milutinovic-PIM, 36 Ganesh Chandra Avenue, Calcutta-13, and their workman Shri Kali Ranjan Mukherjee, 402 Kalighat Road, Calcutta-26. (Case No. 497/69.)

The Government of West Bengal, Labour Department, by its order No. 9108-I.R./IR/10L-457/69, dated the 26th November 1969, referred this industrial dispute between Messrs. Ivan Milutinovic-PIM, 36 Ganesh Chandra Avenue, Calcutta-13, and their workman Shri Kali Ranjan Mukherjee, 402 Kalighat Road, Calcutta-26, to this Tribunal under section 10 read with section 2A of the Industrial Disputes Act for adjudication on the following issue :

Issue

Whether the termination of service of Shri Kali Ranjan Mukherjee is justified? What relief, if any, is he entitled to?

Parsuant to the usual notices served upon the parties, they entered appearance and filed their respective written statements.

The case of the workman is that he was employed as Assistant Mechanic by Messrs. Ivan Milutinovic (hereinafter referred to as the Company), at Paradwip Port Project sometime in January 1964 and subsequently transferred from Paradwip Port Project to Haldia Port Project. He was one of the senior technical hands in the Company. His service was illegally terminated by the Company in July 1968. On receipt of the notice of termination of service he contested the illegal nature of retrenchment on the basis of a written agreement of the management with the President of Messrs. Ivan Milutinovic-PIM Employees' Association, Haldia. Thereafter he raised a dispute before the Labour Commissioner. The workman asserts that the termination of service was not at all justified and he is entitled to reinstatement with back wages.

The Company had denied the allegations made by the workman. It is contended that the workman had voluntarily accepted on 25th July 1969, a sum of Rs. 1,164.52 p. in full and final settlement of all his dues including termination benefit, etc., on completion of project work and he has no legal right to raise any dispute questioning the propriety of his termination since the termination was effected due to closure of the Company's establishment at Haldia on completion of its project work. The Company also asserts that there cannot be any industrial dispute or individual dispute after the closure of the concern.

I shall first consider the preliminary objection raised by the Company. Relying upon the decision reported in 1968 LLJ I, (SC) 835 the Company contends that a mere demand to a Government without a dispute being raised by the workmen with their employer, cannot become an industrial dispute. Whether such dispute was raised by the employee concerned or not is a question of fact. It cannot be disputed that the Union raised a dispute regarding termination of services of the workman at Haldia Port Project by sending a letter through a Solicitor. Ext. 1 is the copy of the letter sent to the Company on 27th November 1968, by registered post. Ext. 1 a is the acknowledgment receipt. It appears from the evidence of the workman that he also approached the two Directors of the Company and made verbal demand on three or four occasions before he raised the dispute before the Labour Commissioner. No rebuting evidence has been adduced on behalf of the Company to prove that no demand was made by the workman before he raised a dispute before the Labour Commissioner. Upon materials on the record the conclusion is irresistible that a dispute was raised by the workman with the Company before he raised the dispute before the Labour Commissioner. I therefore, find that the preliminary objection raised by the Company has got no substance.

The next question that comes for consideration is whether the workman can claim that he was illegally terminated by the Company. It is not disputed that the workman was employed by the Company first at Paradwip Port Project in Orissa sometime in 1964 and thereafter he was transferred to Haldia Port Project after completion of work at Paradwip Port Project. In view of what has been disclosed in the evidence adduced by the parties it cannot be disputed that the Company's establishment at Haldia Port Project was closed after the completion of work there. It cannot also be disputed that the services of workmen at Haldia Port Project were terminated by the Company after serving proper notice upon them. Ext. 6 is the closure notice, dated 4th July 1968, served upon the workman. By this notice the workman was informed about the closure of the establishment at Haldia Port Project. He was also informed that the Company would try to secure alternative job for him at Bombay and he would not get any wage during the period of unemployment. He was further informed that he would collect dues including closure compensation on account of the closure of the Haldia Port Project. It appears from the evidence that the Union as well as the workmen raised dispute with the Company after the closure of the establishment at Haldia. Ext. 2 is the copy of the letter sent by the workman to the Labour Commissioner on 27th June 1969. There is nothing in the letter to show that any skilled worker junior to the workman was employed by the Company. Ext. 3 is the letter addressed to the Assistant Labour Commissioner of West Bengal by the Company on 19th August 1969, after receipt of the copy of the letter of the workman sent to the Company by the Labour Department. By this letter the Company informed the Labour Department as to why the service of the workman was terminated. It is clear from this letter that the service of workman was terminated on account of closure of the establishment of Haldia Port Project. The last portion of the letter runs as follows:

> "Reference is invited to the last paragraph of the Company's letter, dated 4th July 1968, from which and also from Mr. Mukherjee's note, dated 25th July 1969 it will be apparent that Mr. Mukherjee had to exercise his option regarding collection of dues under circumstances described above."

It is clear from the evidnce that the workman received a sum of Rs. 1,164.52P. as final benefits from the Company on 25th July 1969 and made the following endorsement in the Pay Roll to the effect "Received in full and final settlement". He also put his signature under the following typed-written endorsement:

> "I confirm having received from Ivan Milutinovic-PIM, Haldia Dock Project. 36 Ganesh Chandra Avenue, Calcutta-13, the sum of Rs. 1,164.52 P. (Rupees one thousand, one hundred sixty-four and paise fifty-two only) in full and final settlement of all my dues including termination benefits, etc., on account of completion of the project work and termination my service consequent upon that. I have no claim whatsoever on the Company and dispute with the Company".

Thus from the evidence discussed above, the question is whether the workman is entitled to raise the plea that the termination of his service by the Company is illegal. It is clear from the evidence that the Company's project work at Haldia was closed after completion of work there. It is also clear that the services of the workmen were terminated by closure notice and the workmen were informed that they were at liberty to receive the closure benefits payable to them under law and they were also at liberty to wait for future employment at Bombay Project. The evidence adduced in the case also proves that the workman had received the entire closure benefits after he raised the dispute before the Labour Commissioner and made endorsement of the type as mentioned above in Ext. B, i.e., the office copy of the closure notice sent to the workman.

In my judgment, the workman who had received the entire closure benefits from the Company knowing full effect of the same is not entitled to claim that the termination of service of the Company is illegal. The view I am taking is supported by the decision reported in 1968 LLJ I. p. 356-1968 LLJ II, Madras, 132 where it has been held that where earstwhile workmen who had sufficient time to reject the terms offered by the management, received the payment and passed a stamp receipt to the management in full and final settlement of their claims at the time of closure of the business with full knowledge of their right under the Act, the workers were stopped from claiming subsequent benefit. Upon consideration of the entire evidence on record and from the facts and circumstances disclosed in the case, I am inclined to hold that the workman is not entitled to raise the plea that the Company was not justified in terminating his service. I also find that the workman is not entitled to get any relief.,

AWARD

By order No. 1115-I.R./IR/10L-32/71, dated the 27th March 1971, the Government of West Bengal Labour Department, referred an industrial dispute existing between Messrs. Roy & Co., 13 Kaliprasanna Singhee Road, Calcutta-2 and their workman Shri Bankim Behari Samanta, village Bansda, P.O. Almalhara, district Midnapur, to this Tribunal under section 10 of the Industrial Disputes Act, 1947, read with section 2A thereof, for adjudication on the following issue:

Issue

Whether the termination of services of Shri Bankim Behari Samanta by way of refusal of employment to him is justified? What relief, if any, is he entitled to?

Pursuant to the order of reference, notices were issued directing the parties to appear before the Tribunal on 22nd April 1971. On that date the Company entered appearance through Shri D. K. Das Gupta, Advocate, but the workman Shri Bankim Behari Samanta went unrepresented. The workman was thereafter directed to file written statement by 21st May 1971. The workman did not appear on 21st May 1971. Neither was any step taken to file written statement as directed. The record was again put up on 11th June 1971 for orders. The workman was again absent and neglected to take steps. In the circumstances, 25th June 1971 was fixed for disposal of the case. Today the record is put up for final orders.

Evidently, the workman has been guilty of serious laches and negligence in prosecuting the case. It appears from the Postal Acknowledgment kept in the record that he had received intimation of the reference and the date fixed for appearance in due course. Not only did he fail to attend on the date fixed, he omitted to appear on four successive dates fixed for appearance and steps between 22nd April 1971 and 25th June 1971. In this state of affairs, it is clear that the workman is no longer interested in the subject-matter of the dispute. Indeed the conduct of the workman leads one to the conclusion that the industrial dispute has, for all practical purposes, ceased to exist. Consequently, a "no dispute" award must be passed in this case.

In the circumstances, I pass a "no dispute" award in this case. The reference is disposed of accordingly.

AWARD

By Labour Department order No. 3733-I.R./IR/11L-279/70, dated 25th April 1970, the Governor was pleased to refer the instant dispute between

Messrs. Orient Longmans Ltd., 17 Chittaranjan Avenue, Calcutta-13 and their workmen represented by Orient Longmans Employees' Union, 17 Chittaranjan Avenue, Calcutta-13, under section 10 of the Industrial Disputes Act, 1947, to the First Industrial Tribunal constituted under notification No. 808-I.R./IR/3A-2/57, dated the 11th March 1957, for adjudication, on the following issue:

Issue

Bonus for the year 1967-68.

On receipt of the reference, notices were issued to the parties and both the parties appeared and filed their respective written statements. The case of the Union as made out in the written statement is as given below:

The Company are a well reputed and highly prosperous concern and at first they were known as Longmans Green & Company Limited. Since 1948 the Company ran their business under the name of Messrs. Orient Longmans Limited which was a private Limited Company. From 28th March 1961 the Company were converted into a Public Limited Company under the name and stile of Messrs. Orient Longmans Limited and since then the financial year of the Company is from the month of October of a year to the month of September of the next following year. It is contended from the side of the Union that since the inception of the Public Limited Company in the year 1961-62 the Company paid 3½ months' wages inclusive of dearness allowances as those stood on the 30th April of the relevant year as bonus to the workmen and that the said bonus was paid in three instalments, namely, one month's wage at the time of Rathajatra Festival in the month of June or July, one month's wage on the eve of puja for puja purchases in the month of July or August and 1½ month's wages at the time of puja in the month of September or October. The further case of the Union is that the Company paid bonus to the workmen at the said rates irrespective of the trading result of the Company. The Company also paid three months' wages as bonus to the executive officers since 1961-62. The case of the Union is that the payment of bonus at the said rates became "the practice, custom, term of employment or common understanding in the Company" and in this way the Company paid bonus to the workmen as well as to the executive officers in 1962, 1963, 1964, 1965, 1966 and 1967 but in 1968 only two months' total wages were paid to the workmen as bonus without assigning any "cogent reason" therefor and this gave rise to serious industrial unrest amongst the workmen. The dispute was referred to the Labour Commissioner and a conciliation proceeding was started but without any result and ultimately it has been referred to this Tribunal. The contention of the Union is that the workmen are entitled to 3½ months' wages as bonus for the year 1967-68.

The aforesaid claim of the Union is resisted by the Company and their case in the written statement is as follows:—The Company totally deny that there was any practice, custom, term of employment or common understanding or any agreement whatsoever that the Company would pay 3½ months' wages as bonus to the workmen and they contend that they paid bonus to the workmen at the aforesaid rate from 1962 to 1967 out of bounty as the Company earned profits in the said years, but in 1967-68 the Company incurred loss and as such the workmen were entitled to bonus at the rate of 4 per cent. of their wages, but in view of long standing good relation between the Company and their workmen the Directors sanctioned 2 months' wages as bonus to the workmen as a special case. The further case of the Company is that in the said year one month's advance pay was granted to the workmen at the time of puja and the said advance pay has not been adjusted. The case of the Company is that the workmen are not entitled to any further bonus for 1967-68 than what have already been paid to them.

In this case it is admitted by both the parties that for 6 years namely from 1962 to 1967 the workmen of the Company got 3½ months' wages as bonus in three instalments as mentioned above and that in 1967-68, that is in the year at issue, the workmen got 2 months' wages as bonus. It is also admitted from the side of the Union at the time of hearing that in 1967-68 apart from 2 months' wages as bonus, the workmen were paid one month's advance pay and that the said advance pay has not been adjusted. At the time of hearing I was given to understand by the learned Lawyer of the Company that the Company had no intention to adjust in future the said advance pay paid to the workmen in 1967-68. Thus in 1967-68 the workmen practically got 3 months' wages as bonus and there is no dispute as to the aforesaid facts.

The Union, however, demands that the workmen are entitled to 3½ months' wages as bonus even for 1967-68 as in previous years and at the time of hearing it is contended from the side of the Union that there was a verbal agreement to that effect between the workmen and the Company. The P.W. 1 contends that he looks after the affairs of the workmen and the Union and that there was a verbal agreement to that effect between the workmen and the Company and at the time of the said agreement the P.W. 1 and some other employees on behalf of the Union and the Secretary and the Deputy Secretary of the Company on behalf of the Company were present. The Secretary of the Company has deposed on behalf of the Company (O.P.W. 1) and he totally denies that there was any agreement verbal or otherwise between the Company and the workmen as to payment of bonus to the workmen. The evidence on the side of the Union as to that point is quite a vague and loose statement and it does not inspire any credence. Besides, no such case of verbal agreement as to payment of bonus has been made out in the written statement of the Union. In the writen statement of the Union only a reference has been made to an implied agreement to that effect. Thus the case of the Union as to the verbal agreement relating to the payment of bonus is nothing but an after-thought affair and it fails altogether.

Of course, there may be an implied agreement though there may not be any express agreement as to payment of bonus. Section 34(1) of the Payment of Bonus Act, 1965 over-rides any other law for the time being in force or the terms of any award, agreement, settlement or contract of service made before 29th May 1965 which is inconsistent to the said section. Section 34(3) of the said Act, however, provides that subject to the minimum bonus payable, the employees and the employer can enter into an agreement as to payment of bonus "under a formula which is different from that under" the said Act. Now according to the case of the Union the alleged agreement as to payment of bonus at the rate of 3½ months' wages is in force from 1962, that is from before the date as mentioned in section 34(1) of the Payment of Bonus Act, 1965. Now, when the alleged agreement is said to have continued even after the 29th May 1965, it may be assumed that there was a new agreement (if there was any agreement at all) under section 34(3) of the said Act. Be that as it may, in order to draw an inference of an implied agreement or an implied term of employment as to payment of bonus it is necessary to prove that the payment was unbroken for a sufficiently long period and that the circumstances in which the payment was made was such as to exclude that it was paid out of bounty and in this connexion reference may be made to the decision as reported in (1952-53) 4 Indian Factories Journal Reports at page 248. The fact of payment in a year of loss would be an important factor in excluding the hypothesis that the payment was out of bounty and incoming to the conclusion that it was a matter of obligation based on implied grant. The Company have filed their profit and loss accounts and balance-sheets from the year ending on the 30th April 1965 up to the year ending on the 30th April 1968 (Ext. B series) and it appears from there that consistently from 1965 up to 1967 the Company earned profits but in 1968 the Company incurred loss. There is thus no material to suggest that the Company impliedly agreed to pay bonus to the workmen at the rate of 3½ months' wages even when the Company incurred loss and the case of the workmen that there was an agreement between them and the Company that the Company would pay them bonus at the aforesaid rate irrespective of their trading results has no basis or substance whatsoever and such a case fails altogether.

The further case of the Union is that the Company paid bonus at the aforesaid rate to the workmen as customary bonus and in this connexion the Union refers to a statement submitted by the Company in the office of the Labour Commissioner (Ext. 2) in which the bonus paid to the workmen in 1965-66 was described as customary bonus. The officer of the Company contends in his evidence that in the said document the word "customary" was incorrectly used by the then Manager of the Company. We are to decide here the real nature of the payment of bonus to the workmen and not how the same was described by an officer of the Company in a statement before the Labour Commissioner. In the case of customary or traditional bonus also it must be shown that the payment was made over an unbroken series of years for a sufficiently long period and the circumstances that the payment depended upon the earnings of profits would have to be excluded and it must be proved that the payment was made even in the years of loss. The payment of bonus for 6 years at a particular rate does not appear to be sufficiently long as to make out a case for a customary or traditional bonus. Further, as already discussed, it has not been proved in this case that the Company paid bonus at the said rate even in a year of loss. It is not the case of any party that the Company incurred loss in any year from 1962 to 1967. Thus the case of customary bonus sought to be made out from the side of the Union fails too.

It has already been mentioned that in 1967-68 the Company practically paid 3 months' wages as bonus to the workmen and that appears to be sufficient and all right. It may be mentioned here that the said bonus was more than the maximum bonus as mentioned in section 11 of the Payment of Bonus Act, 1965 and the workmen are not entitled to any further bonus for the said year.

In the circumstances the bonus so paid for the year 1967-68 is held by me to be the bonus for the said year.

RESOLUTION

New Delhi, the 1st February 1971.

No. 26/7/70-EC.—The Government of India attaches the highest importance to the development of an integrated and self-reliant electronics industry in the country, as rapidly as possible. Electronics occupies a key position in modern science and technology. It has a vital role to play in the fields of Atomic Energy, Communications, Defence, Education, Entertainment and Space

Technology. It is assuming increasing importance in the monitoring and control of production processes in the Engineering, Chemical and Metallurgical industries. Because of its dynamic character, its pervasive nature and its significant impact on science, industry and society, electronics is today in the vanguard of technological progress. Technological progress and obsolescence are both very rapid in this field. An intensive promotional effort relating to both production and research and development is, therefore, essential to ensure a rapid growth of self-confidence and of indigenous capabilities.

2. In order to ensure the necessary balanced development of electronics in the country, the Government of India consider it necessary to set up an organisation free from all non-essential restrictions or needlessly inelastic rules, which will review the entire field of electronics with regard to research, development and industrial operations, with full authority to formulate policy in this field and to direct implementation, on sound technical and economic principles, of all measures, both promotional and regulatory, that are necessary for the country to attain self-reliance in the shortest possible time and in the best possible manner.

3. After careful consideration the Government of India have decided to establish an Electronics Commission with full executive and financial powers.

4. **Constitution.**—(a) The Electronics Commission shall consist of full time and part time members. The total number of members shall be not less than four but not more than seven.

(b) The Chairman of the Electronics Commission will also be Secretary to the Government of India in the Department of Electronics.

(c) A Member of the Commission will be the Member for Finance who shall also be ex-officio Secretary to the Government of India in the Department of Electronics in financial matters.

5. **Functions.**—The Electronics Commission shall be responsible—

(a) for formulating policy in the field of electronics, paying due regard to other general policies of Government;

(b) for preparing the budget of the Department of Electronics for each financial year and obtaining Government approval thereto; and

(c) for the implementation of Government policy in all matters concerning electronics through appropriate agencies of Government.

6. Within the limits of the budget provision, approved by Parliament, the Commission shall have the powers of the Government of India, both administrative and financial, for carrying out its work.

7. **Chairman.**—(a) The Chairman, in his capacity as the Secretary to the Government of India in the Department of Electronics shall be responsible for arriving at decisions on technical questions and advising Government on matters of policy relating to electronics. All recommendations of the Commission on policy and allied matters shall be put up to the Prime Minister through the Chairman.

(b) The Chairman shall have the power to overrule the other Members of the Commission, except that the Member for Finance shall have the right to ask that any financial matter, in which he does not agree with the Chairman, be referred to the Prime Minister and the Finance Minister.

(c) The Chairman may authorise any Member of the Commission to exercise on his behalf, subject to such general or special orders as he may issue from time to time, such of his powers and responsibilities as he may decide.

8. **Member for Finance.**—The Member for Finance shall exercise the powers of a Secretary to the Government of India in the Department of Electronics in all financial matters concerning the Department of Electronics except in so far as such powers have been, or may in future be, conferred on or delegated to the Department.

9. The Commission shall have power to frame its own rules of procedure. It may meet at such times and places in India as may be fixed by the Chairman.

Order

Ordered that a copy of the Resolution be communicated to all the Ministries/Departments of the Government of India and all the State Governments/Union Territories.

No. 3021-I.R./IR/11L-228/70.—17th July 1971.—Whereas under the Government of West Bengal, Labour Department, order No. 9401-I.R./IR/11L-166/67, dated 3rd December 1969, the industrial dispute between Messrs. ANNEXURE

In the matter of an industrial dispute existing between Messrs. Allied Anodisers, 25 Radha Madhab Dutta Garden Lane, Calcutta-10 and their workmen represented by West Bengal Engineering Workers' Union, 48 Dharmatala Street, Calcutta-13. (Case No. VIII-523/69.)

BEFORE THE THIRD INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri P. K. BANERJI, M.A., B.L., Judge,
Third Industrial Tribunal.

For the Union: Shri M. M. Saha, Advocate.

For the Company: None.

AWARD

By order No. 9401-I.R./IR/11L-166/67, dated the 3rd December 1969, the Government of West Bengal, Labour Department, referred an industrial dispute exsiting between Messrs. Allied Anodisers, 25 Radha Madhab Dutta Garden Lane, Calcutta-10 and their workmen represented by West Bengal Engineering Workers' Union, 48 Dharmatala Street, Calcutta-13, to this Tribunal under section 10 of the Industrial Disputes Act, 1947, for adjudication on the following issue:

Issue

Whether the termination of services of Shri Rabindra Nath Sajjan and Shri Sib Sundar Das by way of refusal of employment to them is justified? To what relief, if any, are they entitled?

After receipt of notice the parties entered appearance and filed their respective written statements. Thereafter the Company raised certain preliminary objections relating to maintainability of the order of reference, and the Tribunal decided to hear these preliminary objections first. Accordingly the preliminary objections were taken up for hearing on 15th February 1971. Some documents were then marked as exhibits at the instance of the Company. On 18th February 1971, which was the next date of hearing, the parties filed a joint petition intimating conditional settlement of the dispute on terms embodied in the petition. One of the terms of settlement was that the Company would pay retrenchment compensation and other dues to the workmen concerned on 22nd February 1971, whereupon the workmen would give up claims under the present order of reference. In view of such talk of settlement, hearing was postponed. Amicable settlement of the dispute, however, did not materialise because the Company failed to make the aforesaid payment. On 12th April 1971, Shri M. M. Saha, Advocate for the Union and Shri J. R. Jain, Labour Adviser of the Company, appeared and prayed for some time for payment by the Company and settlement of the dispute. On 19th April 1971, however, Labour Adviser of the Company neglected to appear though the learned Advocate for the Union was present. In the interest of justice, the case was adjourned till 27th April 1971, for reporting compromise. Time for reporting compromise was extended till 10th May 1971, because none appeared for the Company on 27th April 1971. Even on 10th May 1971, the Company did not appear. The learned Advocate for the Union submitted that the talks had failed. The case was then fixed for hearing on 2nd July 1971. On this day also the Company neglected to appear. The Union was ready for hearing. At the outset the Union filed a petition stating that the Company failed to make payment in terms of the condition of settlement arrived at on 18th February 1971 and the talks of settlement were, therefore, infructuous. Accordingly the Union prayed that the petition for conditional settlement should be treated as void and inoperative and the case should be decided by the Tribunal according to law. From the resume of the case given above, it is clear that the Company had deliberately withdrawn from the compromise and that the compromise was never finalised. There was, therefore, no bar to the case being taken up for ex-parte disposal against the Company which in effect refused to participate in the proceeding.

Briefly stated the case of the Union is that on account of long-standing difference of opinion between the management and the workmen, the management issued a notice on 1st June 1968 falsely declaring closure of the factory. The real intention of the management was to oust founder partners from the factory. With a view to victimise workmen, the management terminated the services of some workmen illegally. Most of the workmen, however, were reinstated in service. The Union challenges the Company's bona fides in terminating services of the two workmen namely, Shib Sundar Das and Rabindranath Sajjan and seeks reinstatement with back wages and continuity of service.

The defence of the Company, inter alia, is that the factory under the name and style of Allied Anodisers had been closed down along with dissolution of the partnership of the firm. The new partnership which came into existence later recommissioned the manufacturing establishment, and recalled most of the workmen. According to the Company the services of the two workmen named in the order of reference were determined in terms of the notice of closure. On these averments the parties appeared before this Tribunal for adjudication of the dispute touching the termination of services of Shri Rabindranath Sajjan and Shri Shib Sundar Das. As pointed out above, the Company, in effect, declared to participate in the proceeding when the case was taken up for disposal.

P.W. 1 Shri Rabindranath Sajjan stated that on 7th August 1963 he had been appointed as Stenographer in the office of Messrs. Allied Anodisers and that in that capacity he had last drawn emoluments at the rate of Rs. 220 per mensem. The witness claimed that on 1st June 1968 the Company issued a notice declaring its intention to suspend work with effect from 3rd June 1968. However, his service was never terminated. On 20th September 1968 the witness went to the factory to make enquiries but he was told that his services had been terminated. He was offered two months' pay in full and final settlement. Naturally he refused to accept such payment. The witness stated that the factory was never closed. Similarly, P.W. 2 Shri Shib Sundar Das who was appointed Accountant of the Company in September 1968 and was drawing Rs. 355 per mensem in that capacity stated that his services were not terminated by the Company by any notice. On 20th September 1968 he was told by the Company that his service was terminated. He was offered two months' pay in full and final settlement, but he did not accept such payment. Both the witnesses claimed reinstatement in service without break of service and all back wages. From the materials on record it is clear that the closure of the factory was only a pretence of the management and the factory was never closed down. It is also clear that the services of the two workmen had not been terminated legally. There cannot be any doubt that the services of the two workmen had never been terminated.

In this state of affairs the only conclusion would be that the services of Shri Rabindranath Sajjan and Shri Shib Sundar Das had not been terminated and refusal of employment to them was not justified. I must, therefore, hold that these two workmen are entitled to reinstatement without break of service and they should get all back wages.

This is my award.

AWARD

The Government of West Bengal, Labour Department, has referred an industrial dispute between Messrs. Victoria Motor Works, 181 Lower Circular Road, Calcutta-14 and their workman Shri Amanath Kazi, P. O. and village Begri, Howrah, to this Court by its order No. 2465-I.R./IR/10L-59/70, dated 21st March 1970, under section 10 read with section 2A of the Industrial Disputes Act, 1947 (XIV of 1947), for adjudication on the following issue :

Issue

Whether the termination of services of Shri Amanath Kazi is justified ? To what relief, if any, is he entitled ?

The case of the workman may be briefly stated as follows :

He was appointed as a Motor Mechanic in the O.P.-Company with effect from 8th August 1969 at a monthly salary of Rs. 250. It is alleged that prior to his joining with the O.P.-Company, the workman was serving with one Messrs. Hindco Engineering Works, Calcutta and as such the O.P.-Company taking the advantage of his connection with the previous employer persuaded him to approach the customers of his previous employer to secure business for the O.P.-Company. But as he did not accede to the said request of the O.P.-Company, the O.P.-Company started bad behaviour with him and began to behave rudely and mercilessly with him. As a result of this, the O.P.-Company with a view to victimise him terminated his service verbally without any rhyme of reason with effect from 24th September 1969. It is further alleged that as per terms of employment he was entitled to 2 months wages at the time of his termination but the O.P.-Company did not pay him the said wages nor he was served with any notice of termination of service. Thereafter he wrote a letter to the Company on 27th September 1969 protesting against their attitude but no reply was given to him. Thereafter he referred the matter to the Labour Commissioner on 26th September 1969 for intervention in the matter. As no settlement could be arrived at the present reference has been made by the Government. The workman prays for reliefs as would be available to him under the law.

The O.P.-Company is contesting the reference on various grounds. It is contended that the present reference is bad in law as the Government of West Bengal, Labour Department, was not competent to refer the dispute to this Court because there was no existing industrial dispute between the workman and the O.P.-Company and because the workman also did not raise any industrial dispute with the O.P.-Company any time before the reference. It is further contended that the workman himself voluntarily left the service for joining the service of his previous employer, and that he was not discharged or dismissed from their service and as such the question of payment of two months wages does not arise.

The learned Lawyer for the O.P.-Company at the very outset of the argument has contended that the present reference is ultra vires and illegal and that this Court has no jurisdiction or is not competent to adjudicate over the alleged dispute. It is further contended that the alleged dispute is not an industrial dispute because the workman never raised any such industrial dispute with the O.P.-Company any time before the reference. It appears to me that this contention is well founded. It is now well settled that a mere demand to the Government without any dispute being raised by the workman with their employer cannot become an industrial dispute (Sindhu Resettlement Corporation Ltd. and Industrial Tribunal, Gujrat and others 1968, I. L.L.J., 134). In the instant case it appears from the workman's letter, dated 29th September 1969, to the Proprietor of the O.P.-Company, marked Ext. 2, that he did not question the Company's right to terminate his service nor did he ever challenge the propriety and legality of termination of his service. All that he contended in his said letter is that under terms of his employment he was entitled to 2 months wages at the time of discharge and that the Company should not have terminated his service verbally but by a written order. It is therefore seen that the workman never raised any dispute with his employer with regard to termination of his service. In the written statement filed by the workman in this Court there is also no such argument that he raised any such dispute with regard to termination of his service with his employer. It is also curious that he had also not prayed for his reinstatement. The workman while deposing on oath has of course stated that besides the letter, dated 29th September 1969, he had been to the Proprietor of the Company and requested him to reinstate him in service. I am, however, not inclined to accept that statement of the workman because it is directly contrary to what has been written in the letter, dated 27th September 1969. In the circumstances I hold that the workman never raised any dispute about termination of his service with his employer and as such in view of authority cited hereinabove I hold that the present reference is incompetent and illegal and not maintainable and as such this Court is not competent to adjudicate over the dispute and the workman is not entitled to any relief in terms of the present reference.

This is my award.

AWARD

By the Government of West Bengal, Labour Department, order No. 6735-I.R./IR/11L-505/70, dated the 24th September 1970, an industrial dispute existing between Messrs. Hindusthan Medical Syndicate (Agency Department), 56/1 Biplabi Rash Behari Bose Road, Room No. C-19, Calcutta-1 (hereinafter referred to as the Company), and their workman Shri Kanter Jha, C/o. Dr. P. K. Acharya, 4-B Madan Mohan Barman Street, Calcutta-7, was referred to this Tribunal under section 10 read with section 2A of the Industrial Disputes Act, for adjudication in respect of the following issue:

Issue

Whether the termination of service of Shri Kanter Jha by way of refusal of employment to him is justified? To what relief, if any, is he entitled?

Pursuant to the usual notices served upon the parties, they entered their appearance and filed their written statements.

The case of the workman is that he was in the employ of the Company as a driver. He received a telegram from his native village on 8th January 1970 regarding the death of his grandmother. He approached the management during the period from 8th January 1970 to 10th January 1970 and prayed for leave but his prayer was refused. As a consequence he had to leave Calcutta on 11th January 1970 after attending his duties up to 10th January 1970. The letter, dated 13th January 1970, was addressed to him by the proprietor of the Company to show cause for leaving the station without permission. On his return he verbally offered his explanation and went to resume his duties on 1st February 1970, but he was refused employment without any reason. Thereafter a letter was addressed to the proprietor by the General Secretary, Calcutta Byawasayee Karmachari Union, challenging the illegal act of the Company. Then there was a conciliation over the dispute. The workman asserts that his service was terminated by the Company illegally and he is entitled to reinstatement with back wages.

The Company in its written statement admits that on 9th January 1970 the workman verbally approached the Company for leave which the Company had to refuse on the ground that at the relevant time it was very busy season of the year for the Company for the purpose of trade and business. Thereafter the workman left Calcutta without any leave after doing his duties on 10th January 1970. The Company issued a registered letter to the workman on 13th January 1970 asking him to show cause within seven days as to why disciplinary action should not be taken against him. The Company also sent a letter to the workman on 27th January 1970 under certificate of posting stating that his service would be automatically terminated in case of his failure in submitting explanation within seven days for his unauthorised absence. The workman came on 6th February 1970 and sought permission to join his duties. The Company wanted written reply and explanation for the two letters sent to him for his unauthorised absence but he refused to comply with the same. The workman was also informed that his case would not be considered without receiving any explanation from him. The Company asserts that the workman is not entitled to reinstatement with back wages.

Preliminary objection raised by the Company in its written statement was disposed of against the Company by order No. 8, dated 22nd March 1971. There is no substance in the objection regarding maintainability of the reference raised by the Company in its written statement.

The next question is whether the Company was justified in refusing employment to the workman when the workman went to the Company sometime in February 1970. It is admitted that the workman received a telegram from his native village on 8th January 1970 regarding death of his grandmother and approached the management for leave, but the leave was refused (vide Ext. 1). No case was made out in the written statement of the Company that the workman also prayed for leave on previous occassion on account of death of his grandmother. I am, therefore, not inclined to believe the story introduced for the first time at the time of hearing of the case that the workman had also prayed for leave on account of illness of his grandmother on previous occasion. There is nothing to show that the workman made any written application before the management. It is also admitted that the workman did his duties up to 10th January 1970 and thereafter left for his native village on 11th January 1970 without any leave being sanctioned by the Company. It is not disputed that the Company issued a letter, Ext. 2, to the workman at his native village on 13th January 1970 by registered post, and the same was received by the workman on 15th January 1970. The relevant portion of the letter runs as follows ·

> "You are being directed by the undersigned to show cause why disciplinary action should not be taken against you for your leaving the station without due permission."

The above letter on the fact of it shows that no date was fixed for submitting explanation by the workman. The Company asserts that the second letter was sent to the workman under certificate of posting on 27th January 1970. Ext. A along with certificate of posting is the copy of that letter. This letter referred to the letter sent to the workman by registered post on 13th January 1970. According to the workman this letter was not received by him. The relevant portion runs as follows :

> "Further to our Registered with A/D letter, dated 13th January 1970, wherein we asked you to furnish your written explanation within a reasonable time to show cause for your unauthorised absence from the place of duty, you have not done so as yet. If you fail to do so within 7 (seven) days from date to furnish your written reply, you will be automatically discharged for continued absence without notice for more than 10 days in accordance with the provisions of misconduct of model standing order and the Company will have no obligation to employ you."

It is admitted that the workman went to attend his duties sometime in February 1970 but the Company did not allow him to join his duties. According to the Company the workman was asked to submit explanation in reference to two letters sent to him on 13th January 1970 and 27th January 1970 respectively but the workman did not submit any explanation. The workman states that he wanted to give reply to the letter received by him at his native village and he also wanted to have it written by somebody but Benoy Babu told him that his service had been terminated. It is not disputed that the Union addressed the letter, Ext. 3, to the proprietor of the Company on 11th February 1970. The principal question is whether the Company was justified in treating the service of the workman as automatic termination for remaining absent without leave for more than 10 days. It is contended on behalf of the Company that the Company was justified in treating the service of the workman as automatic termination under the rules framed under the Industrial Employment (Standing Orders) Act, 1946. My attention has been drawn to rule 18(4) of the Model Standing Orders under the Industrial Employment (Standing Orders) Rules, 1946. It is admitted that the number of workmen under the Company is less than 50. The Company does not also come under the purview of the definition of industrial establishment as defined in section 2 of the Industrial Employment (Standing Orders), 1946. That being the position, it is reasonable to hold that the provisions of the Industrial Employment (Standing Orders) Act, 1946, do not apply in the instant case. It is contended on behalf of the Company that though the rules framed under the Industrial Employment (Standiny Orders) Act, 1946, do not apply strictly in the instant case, the Company is justified in applying the said rules for treating the service of the workman as automatic termination for not submitting any explanation within the time fixed. It is however contended on behalf of the workman that the Company comes under the purview of West Bengal Shops And Establishments Act, 1963 and the rules framed thereunder, and the action of the Company cannot be held to be legal for violating the rules framed under the West Bengal Shops and Establishments Act, 1946. In view of the case made out by the Company in its written statement and the letter of appointment issued to the workman under rule 53 of the West Bengal Shops and Establishments Rules, 1964, it cannot be disputed that the Company is a commercial establishment within the meaning of section 2(2) of the West Bengal Shops and Establishments Act, 1963. Rule 20 of West Bengal Shops and Establishments Rules provides how the cases of unauthorised absence should be dealt with. There is a specific provision that a notice under registered post shall be sent to the employee concerned asking him to explain in writing the reason of his absence within 15 days of the date of issue of notice. In the instant case no date was fixed when the letter by registered post was issued to the workman at his native village on 13th January 1970. The subsequent letter issued to the workman under certificate of posting on 27th January 1970 cannot be said to have been issued in compliance with rule 20, as the same was not sent by registered post. I may mention at this stage that leave was due to the workman when he prayed for the same after receiving telegram from his native village. The Company was fully aware why the workman went to his native village. So, the question of asking the workman for explanation did not arise. The Company could have proceeded against him for going to his native village after the leave being refused. The Company did not take that step. That being the position, the action taken by the Company on the basis of the letter issued on 27th January 1970 is illegal. In the circumstances, it is reasonable to hold that the Company was not justified in refusing employment to the workman when he approached the Company sometime in the beginning of February 1970. I therefore find that Shri Kanter Jha, the workman concerned, is entitled to reinstatement with back wages.

This reference by the Government under section 10 read with 2A of the Industrial Disputes Act, vide order No. 8365-I.R./IR/10L-314/70, dated 23rd December 1970, is to resolve a dispute between Messrs. Associated Engineering Industries and their workman Shri G. N. Mallick and the issue to be decided is :

Issue

Whether the termination of service of Shri G. N. Mallick by way of refusal of employment to him, is justified ? To what relief, if any, is he entitled ?

On the first occasion notice was not properly served on the workman and therefore a fresh notice was issued and the notice was served and on 27th March 1971 the case was adjourned till 10th April 1971 for filing written statement by the workman and then there were five adjournments but neither party appeared which would go to show that parties are not interested in the dispute any more. Therefore I pass a 'no dispute' award in this case.

By Labour Department order No. 9354-I.R./IR/7L-15/69, dated 2nd December 1969, the Governor was pleased to refer the instant dispute between Messrs. Hastings Mills Ltd., P.O. Rishra, district Hooghly and their workman represented by Bengal Provincial Chatkal Mazdoor Union, Titaghur, Purna Bazar, M. G. Road, 24-Parganas, under notification No. 808-I.R./IR/3A-2/57, dated 1947, to the First Industrial Tribunal constituted under notification No. 808-I.R./IR/3A-2/57, dated the 11th March 1957, for adjudication, on the following issue:

Issue

Whether the management is justified in dismissing Shri Allauddin Mia, L.B. No. 6263? To what relief, if any, is the workman entitled?

On receipt of the reference, notices were issued to the parties and both the parties appeared and filed their respective written statements. The case of the Union is as given below:

Shri Allauddin Mia, the workman concerned, was an employee of Messrs. Hastings Mills Limited since 1962 and at the relevant time he was a Sardar in the broad loom department at the factory of the said Company at Rishra. The said Allauddin Mia was an active member of the Union and he incurred displeasure of the management for his activities in connection with the Union. The case of the Union is that "the Company wanted to crush the legitimate agitation of the workmen" "by setting a band of so-called loyal workers and in a clash" one Yassin Sardar, an employee of the said Company, died on 21st January 1968 and in connection with the said murder Allauddin Mia was arrested by police on 23rd January 1968 at the mill gate during his duty hours at the instance of the Company and all through he was in jail custody. On 24th January 1968 Allauddin Mia applied for leave to the Company from Serampore Sub-Jail stating that he was in jail custody and as such it was not possible for him to join his duties. On the 6th March 1968 the Company informed Allauddin Mia by a letter that on adjustment no further leave was due to him after 24th February 1968 and he was directed to join his duty without further delay. There was exchange of some letters between the said workman and the Company thereafter and Allauddin Mia informed the Company that it was not possible for him to join his duty until he was released from the custody and prayed for leave for the period he would remain in custody. The Company, however, expressed their inability to grant leave to Allauddin Mia for an indefinite period and informed him that his service would be terminated if he would not join his duty without further delay. Thereafter the Company dismissed Allauddin Mia from his service with effect from the 9th October 1968 and communicated the same to him by a letter. Allauddin Mia, however, refused to accept the said letter and another letter was sent to him. Allauddin Mia was ultimately acquired in the said murder case on 21st January 1969 and he reported for duty to the Company on 22nd January 1969. He was not, however, permitted to continue in his service in the said Company. On 23rd January 1969 also he approached the mill authorities for permitting him to resume his duties in the mill but he was refused employment there. Thereafter the Union referred the matter to the Labour Commissioner but no conciliation was possible between the Union and the Company and the matter has been referred to this Tribunal. Allauddin Mia wants to be reinstated in his service with back wages.

The Company do not deny the facts that Allauddin Mia was arrested in connection with the murder of Yassin Sardar and that he was in jail custody from 23rd January 1968 up to 21st January 1969 and that Allauddin Mia applied for leave from jail custody and also that after release from jail custody Allauddin Mia approached the Company to resume his duty. It is, however, contended from the side of the Company that it was not possible for them to wait indefinitely for Allauddin Mia and that all his leave was exhausted after 24th February 1968 and in view of the provisions of the Standing Orders he was liable to be dismissed for absence without leave for more than 10 days and accordingly the Company dismissed him from service with effect from the 9th October 1968 and the Company got approval of the said order of dismissal under section 33(2)(b) of the Industrial Disputes Act, 1947, from the 3rd Industrial Tribunal, West Bengal, where an industrial dispute was pending for adjudication between the Company and some of their workmen. The case of the Company is that in the circumstances Allauddin Mia is not entitled to any relief in this case.

It may be mentioned in this connection that 11 other employees of the said mill were arrested along with Allauddin Mia in connection with the said murder case and that the said 11 other workmen were absent from their duties for 4 months and they were ultimately reinstated in their posts.

In this case, as mentioned above, there is no dispute that Allauddin Mia was an accused in the murder case and he was in jail custody from 23rd January 1968 up to 21st January 1969 and his application for bail was rejected by Court (Ext. 1 and Ext. 2). It is also admitted that Allauddin Mia applied for leave to the Company from the jail custody but the Company refused to grant him leave for an indefinite period and ultimately the Company dismissed him from service from the 9th October 1968. The Company do not also deny the case of the Union that Allauddin Mia approached them for his job after he was released from jail custody but he was not permitted to resume his duties.

Before the said dismissal of Allauddin Mia from his service the Company, however, did not draw up any proceeding against him nor framed any charge nor held any enquiry against him and the order of dismissal is impugned by the Union on that ground amongst others. Now, in this case the ground of dismissal from service was the continued absence of the workman and "his inability to do work" and it has been held that in such cases there was no necessity, of framing formal charge or holding an enquiry against the workmen and in this connection reference may be made to the decision of Supreme Court as reported in (1957) 1 L.L.J., 226 (234). In this connection reference may be made to a decision of Calcutta High Court in Civil Rule No. 2170(W) of 1966, in which the same principle was followed. The Company have filed a certified copy of the said decision in this case. The Union wants to depend upon the decision as reported in (1965) 11, LLJ. at page 112. The said decision, however, does not apply in this case inasmuch as in the said case the workmen concerned were dismissed as they were detained for acts prejudicial to the maintenance of public order whereas in the present case the ground of dismissal was otherwise, namely, continued absence from duty in violation of the Standing Orders. The aforesaid objection as raised by the Union is not, therefore, tenable and it cannot be upheld.

Now, the question is whether the dismissal of Allauddin Mia from service in the circumstances as stated above was justified. It may be mentioned here that the Standing Orders of the Company (Ext. H) provide that a workman is liable to be dismissed for absence without leave for more than 10 days and the contention of the Company is that they dismissed the workman concerned under the said clause of the Standing Orders and in this connection the Company wants to depend upon a decision of Supreme Court as reported in (1958) 1, L.L.J. at page 260. In the said case it has been held that "it is true that the arrested men were not in a position to come to their work, because they had been arrested by the police. This may be unfortunate for them; but it would be unjust to hold that in such circumstances the Company must always give leave when an application for leave is made If a large number of workmen are arrested by the authorities in charge of law and order by reason of their questionable activities in connection with a labour dispute, the work of the Company will be paralysed if the Company is forced to give leave to all of them for a more or less indefinite period. Such a principle will not be just; nor will it restore harmony between labour and capital or ensure normal flow of production It is immaterial whether the charges on which the workmen are arrested by the police are ultimately proved or not in a Court of law. The Company must carry on its work and may find it impossible to do so if a large number of workmen are absent. Whether in such circumstances leave should be granted or not must be left to the discretion of the employer. It may be readily accepted that if the workmen are arrested at the instance of the Company for the purpose of victimization and in order to get rid of them on the ostensible pretext of continued absence, the position will be different. It will then be a colourable or mala fide exercise of power under the relevant Standing Orders".

It is contended from the side of the Union that the workman concerned was arrested at the instance of the Company for the purpose of victimisation and in order to get rid of him for his Union activities and in this connection the case of the Union is that while the workman was working in the mill, the manager called him at the gate and told him that one of his friends was waiting there for him and as soon as the workman went there, he was arrested by a police in plain cloth. The said fact, however, is totally denied by the manager in his evidence and the manager contends that he was not aware of the arrest of the workman concerned before he got a letter from him from Serampore Jail. The further case of the Union is that some of the employees of the Company including the manager deposed as prosecution witnesses in the said case. The manager admits that he deposed in the said case but he contends that in the said murder case his evidence did not relate to the alleged incident. Be that as it may, Shri Allauddin Mia was an accused in a murder case and he was arrested by police in that connection and it can hardly be said that he was arrested at the instance of the Company. There is no material before this Tribunal to show that Allauddin Mia was falsely or maliciously implicated in the said case by the Company for the purpose of victimisation. The fact that some of the employees of the Company including the manager were cited as prosecution witnesses and they deposed as to some relevant facts in the said case does not by itself prove that Allauddin Mia was implicated in the said case at the instance of the Company and such a contention as made from the side of the Union has no basis or substance at all.

The further contention of the Union is that a badli system was prevailing in the jute mill and the workman concerned contends in his evidence that when a sardar remained absent, his work was done by one of the weavers and the work of that weaver was performed by a labourer and that of the labourer was performed by a badli worker and that the Company maintained a list of badli workers. The manager of the Company (O.P.W. 1) also admits in his evidence that there is a practice of keeping badli workman in the jute mills and that every temporary vacancy is filled up by a person next in cadre and ultimately a badli workman comes in. He says, of course, that a temporary vacancy is filled up by a person of the same skill. He contends that the temporary vacancy of Allauddin Mia was filled up by a senior and efficient weaver but it was only a temporary arrangement and it did not work well and there was no co-operation from the said weaver and production was affected thereby until his service was confirmed. Now, evidently the system of filling up the post of sardar by a weaver and that of the weaver by a labourer and that of the labourer by a badli worker as contended by the workman concerned, was a make-shift arrangement to carry on the work somehow and this cannot be a permanent arrangement nor it can continue for a long time. In this case, no doubt, one workman was concerned, but as observed by the Supreme Court, as already referred to, the question whether leave should be granted to the workman concerned or not in the circumstances, should be left to the discretion of the employer and thus there is no scope for outward interference. In this connection the Union refers to a decision as reported in (1964) vol. 9, Indian Factories and Labour Reports, at page 1(3). The said decision, however, does not apply in the present case. In the said case the workmen were suspended and there is nothing to show that the said workmen were in custody and it was not a case of continued absence of the workman as in the present case and no such matter was discussed in the said case. The said decision, therefore, does not come to any help to the Union.

In the circumstances it appears that the management was justified in dismissing Shri Allauddin Mia from service and he is not entitled to any relief in this case.

AWARD

By the Government of West Bengal, Labour Department, order No. 5597-I.R./IR/10L-322/69, dated the 31st July 1970, an industrial dispute existing between Messrs. Udyogi Brothers, 48 Gowshala Road, Liluah, Howrah (Head Office at 32 Jamunalal Bazaz Street, Calcutta-7) and their workmen represented by Howrah Metal and Engineering Workers' Union, 77 Upendra Mitra Lane, Salkia, Howrah, was referred to this Court under section 10 of the Industrial Disputes Act, 1947 (XIV of 1947), for adjudication, in respect of the following issue:

Issue

Whether lock out of the factory with effect from the 7th October 1969 is justified? To what relief, if any, are the workmen including the charge-sheeted and suspended workmen entitled?

Pursuant to the notices, the Company appeared but the Union was found absent inspite of service of notice. The Company filed a petition on 4th November 1970 praying for setting aside the reference on the ground that the dispute in question between the Company and the Union had been settled under a tripartite agreement. The Union subsequently appeared before the Court on 28th November 1970 when a copy of the Company's petition, dated 4th November 1970, was made over to them and the case was adjourned to 28th December 1970 for filing written statement by the Union and for orders on the Company's petition, dated 4th November 1970. As the then Judge was on leave on 28th December 1970, the record was put up on 4th January 1971 for orders. But on and from 4th January 1971 till the day neither of the parties appeared nor took any step. I, therefore, hold that the parties are no longer interested to proceed with the matter and that the dispute under reference has, in all probability, ceased to exist. So, I dispose of this case by passing a "No Dispute" award.

BEFORE ARBITRATOR

Present :

Shri N. C. KUNDU, Joint Labour Commissioner,
Government of West Bengal,

Government of West Bengal in the Labour Department by order No. 397-I.R./IR/14L-7/69. dated 13th January 1970, published the arbitration agreement under sub-section (3) of section 10(A) of the Industrial Disputes Act, 1947, in respect of an industrial dispute between Messrs Bally Municipality, 177 G. (17) Claim of payment of the employees who worked on the paid holidays i.e. on the days declared holiday on account of sad demise of Hon'ble President of India, Mr. Zakir Hossain.

II. We agree that the decision of the arbitrator shall be binding on us.

On 3rd June 1970 the employer and the workmen were advised to file respective written statements. As the parties failed to submit their written statement within a reasonable period of time several reminders were issued to them for early submission. On receipt of the written statements from the parties, they were heard separtely on 25th September 1970, 18th September 1970, 20th November 1970, 8th February 1971 and 3rd March 1971.

The appearances for the parties were as follows :

For the Municipality: Shri A. K. Ghosh, Administrator.

For the Municipal Workmen's Union: Shri Prosanta Banerjee, Secretary.

For the Workers' and Employees' Union: Shri Dilip Kumar Banerjee, Secretary.

From the pleadings and arguments of the respective parties and also in consideration of the financial position and justifiability of some demands placed by the Unions I come to the following findings Nos. 2 which are given at seriatum :

(1) Issue No. I related to the demand of the Unions for house allowance at the rate of Rs. 10.00 per month instead of Rs. 5.00. This issue has since been settled through a tripartite agreement. dated 15th October 1969. Since the issue has arleady been settled through conciliation machinery, I have nothing further to add.

(2) With regard to issue No. 2 relating to immediate increase in the strength of conservancy workers at bustee area, I find that a bipartite agreement was arrived at on 27th October 1970 between the Administrator of the Municipality and the Municipal Workers' and Employees' Union with regard to increase of 40 temporary drain mazdoors. In the circumstances there is no further dispute with regard to demand for increase in the number of drain mazdoors.

The Unions demanded an increase in the number of night-soil cleaners. Although such a demand cannot be placed by the Union on the management still considering the interest of the rate-payers and the residents, the Unions are sometimes forced to agitate on such an issue which is a management function. On this point I would suggest that the Administrator will place this issue before the Commissioner for consideration at an early date.

(3) Issue No. 3 related to the demand of the Unions for the long durable uniforms and utensils to be supplied to each conservancy worker. It was alleged that at the moment utensils of low grade are being supplied to the workmen. Since durable utensils and better quality of uniforms last long, it is in the interest of Municipal authorities that steps should be taken for providing better materials.

(4) The Unions demanded uniforms for Zamadars and Road Chaprasis. On hearing the parties, it transpired that the Municipal authorities agreed to supply uniforms to Road Chaprasis and Zamadars. On this point I would direct that the Municipal Authorities shall supply uniforms to Zamadars and Road Chaprasi once in every three years. As there are about 400 conservancy workers it will not be possible for the Municipality to bear the financial burden for providing uniforms of such workmen. At the moment question of supply of uniforms to all conservancy workers does not arise.

(5) The Unions demanded that uptodate Provident Fund Slips must be supplied to each conservancy workman. I was given to understand that the Administrator of the Municipality had already agreed to help the workmen in this respect. In case slips have not yet been issued to the workmen concerned Administrator will take immediate action to furnish such slips to the workmen.

(6) The Unions demanded that copy of service cards should be supplied to each conservancy workman. It transpired in course of discussion that the matter was taken up at bipartite level for discussion and that the Municipal Authorities had already agreed to issue copies of service cards to the workmen concerned. But due to various difficulties the matter would not be finalised. It is now directed that the Municipality will distribute service cards among the conservancy workmen for being filled up by them. It is understood that such cards have already been printed. These printed cards will be immediately distributed and it is suggested that this matter should set at right in the course of a month.

(7) The Union demanded that the Refuse Carters and Trailormen of trailers attached to tractors should be supplied with waterproofs. The Union representatives further stated in course of their arguments that the tractor drivers with whose tractor such trailors are attached are being supplied with waterproofs. On this point the Administrator stated that the Refuse Carters and Trailormen, Night-soil cleaners, Drain mazdoors, Trenchers Sweepers, etc. all come under the scale of pay and all have to perform outdoor duties. In case refuse carters and trailormen are provided with rain-coats, all other employees' of the same scale of pay numbering several hundreds might equally claim free supply of rain-coats. In that case Municipal funds cannot permit supply of rain-coats to all workmen belonging to the abovenoted categories. The arguments of the Administrator appeared to be convincing. If a particular section of the workmen belonging to the same scale of pay and all performing outdoor duties are allowed certain benefits, it might create resentment amongst the other workmen of the same scale of pay. In the circumstances the demand of the Union for supply of rain-coats does not appear to be justified.

(8) Issue No. 8 related to the demand of the Union in respect of persons who worked as Assistant Pump Drivers. The Union demanded that the Assistant Pump Drivers regularly perform the work of Pump Drivers in certain shifts and as such all such Pump Drivers should be designated as full time Pump Drivers. The Administrator of the Municipality submitted that the assistants to the Pump Drivers work in the absence of Pump Drivers as a matter of routine. He further stated that there are only four sanctioned posts of Pump Drivers and as such the question of promoting the assistants as full time Pump Drivers does not arise. Considering that the work of Pump Drivers entail greater responsibility, it is directed that the assistants will be paid at the rate of Rs. 10 per month (or proportionately for the days of work) while working as Pump Drivers. Since the Pump Drivers of the Waterworks Department come under the category of skilled workmen and assistants to the Pump Drivers are grouped as semi-skilled workmen under the Minimum Wages Notification, no direction can be given for promoting such assistants as Pump Drivers.

(9) Issue No. 9 related to demand for conveyance allowance for all workmen of the Waterworks Department. It was contended by the representative of the Union that about 20 workmen of the department are being granted conveyance allowance and that 10 other workmen are being denied. He further stated that all the workmen of the department were performing the same type of work and as such all should be entitled to the conveyance allowance. On this point the Administrator submitted that at the moment conveyance allowance (ordinarily known as cycle allowance) was being paid to those workmen of the Waterworks Department who generally go round the town i.e. from one zone to another for performing allotted duties. The demand does not seem justified as it is not proper to demand conveyance allowance for all workmen even though they have not to go out in course of their duties. In the circumstances those workmen who are not allotted outside duties are not eligible for payment of conveyance allowance (cycle allowance). The demand of the Union is rejected.

(10) With regard to the Unions' demand for uniforms, umbrella and water-proofs for the workmen of the Waterworks Department, the Union representatives produced a tripartite agreement, dated 9th June 1968, to show that there had already been an agreement in this respect. The relevant item of the agreement reads as item No. 4—waterworks mechanics, helpers—uniforms and umbrella. Collecting Sarkars. Electricians, Bus Drivers—Rain Coat". Since there has already been a tripartite agreement in this respect it is expected that the Administrator will give effect to the terms of the said agreement. I have nothing further to add in this respect.

(11) Item No. 11 of the charter of demands of the Union related to the demand for personal pay for the workmen of Liloowah Charitable Dispensary and Bally Clinical Laboratory from June 1969 like that of the workmen of Kedar Nath Arogya Bhawan. In this respect the Administrator stated that the workmen of Kedar Nath Arogya Bhawan having served a strike notice in 1969 forced the Managing Director to grant some personal pay to their workmen. Since the circumstances under which the workmen of Kedar Nath Arogya Bhawan were granted some personal pay were rather peculiar, the same thing cannot be made applicable to other cases. The Unions demand does not appear to be justified.

(12) Item No. 12 of the charter of demands is absolutely vague. The Union has demanded that the workmen who had been suspended for some charges must be reinstated etc. Since cases of chargesheets have to be considered on their respective merits nothing can be awarded for such an issue. This issue does not deserve any consideration.

(13) The next issue relates to the demand for supply of electricity in the Mazdoor Quarters along with the demand for thorough repair whenever necessary. It is understood that the Municipality has made provisions for accommodation in ward Nos. I, III and IV. Some of these quarters were stated to have been thoroughly repaired. On this point it is directed that all the quarters should be repaired immediately to make them habitable. With regard to the Union's demand for supply of electricity in such quarters it is understood that electrification of the quarters will entail heavy expenditure which the Municipality may not be in a position to bear. In the circumstances no direction can be issued in this respect.

(14) In item No. 14 of the charter of demands the Unions have demanded that all categories of workmen "must be given every benefit like that of State Government Employees in regard to scale and grade, D.A. other allowances, leave, etc". The Unions' demand in this respect appears to be fantastic. The service conditions of the Municipality employees including conservancy workmen are entirely different from the service conditions of the Government Employees. The demand does not deserve any consideration.

(15) Issue No. 15 and 16 appear to be vague. The Unions failed to justify these two demands. The issues do not call for any consideration.

(16) The last demand related to claim for payment of the employees who worked on paid holidays i.e. the declared holiday on account of the death of the President of India, Shri Zakir Hussain. This is a belated demand. It is understood from the Administrator of the Municipality that a Union entered into an agreement with the Municipality at a bipartite level on 12th June 1969 to the effect that the matter would be referred to the examiner of Local Accounts, for his opinion. The Municipal authorities have since obtained his opinion. It is in the fitness of things that the Union should be guided by the opinion of the Examiner of Local Accounts. The Administrator is hereby directed to furnish a copy of letter of the Examiner of Local Accounts in this respect to the Unions for information. The issue does not deserve any further consideration.

I award accordingly.

AWARD

This is an application under section 33A of the Industrial Disputes Act. This is a petition of complaint filed by 44 workmen of Messrs. Catholic Orphan Press. It is alleged by the petitioners that a reference is pending before this Tribunal and the Opposite Party-Company is a party to the said reference. The petitioners are workmen concerned in the dispute pending before this Tribunal. The Opposite Party Messrs. Catholic Orphan Press has contravened the provision of section 33 of the Industrial Disputes Act and terminated the services of the petitioners by way of refusal of employment with effect from 2nd November 1970 without any notices and without showing any reason in respect thereof. The petitioners, therefore, filed the present petition of complaint.

The Company has filed a written statement denying the allegations of the petitioners and also raised certain preliminary objections regarding the maintainability of the petition of complaint. The case was fixed for hearing the preliminary objections. On 22nd June 1971 Shri S. R. Ghosh, the learned Advocate for the petitioners filed an application on behalf of the petitioners stating that the petitioners do not want to proceed with the application under section 33A of the Industrial Disputes Act. It has been submitted by Shri S. R. Ghosh, learned Advocate, that the petitioners filed the application under section 33A of the Industrial Disputes Act on 2nd November 1970. Government of West Bengal, by order No. 768-I.R./IR/112-760/70, dated 17th February 1971, has referred the dispute for adjudication to the Second Industrial Tribunal on the issue whether the refusal of employment of workmen named in Annexure "A" is justified and to what relief, if any, are they entitled? Shri Ghosh submits that the names of the petitioners are mentioned in Annexure "A" to the said order of reference. It has been submitted by Shri Ghosh that as the matter is pending before the Second Industrial Tribunal for adjudication, the petitioners do not want to proceed with the application under section 33A of the Industrial Disputes Act. Shri Ghosh submits that the application should be dismissed for non-prosecution. Shri S. N. Banerjee, learned Advocate for the Company, has submitted that as the petitioners do not want to proceed with the application under section 33A of the Industrial Disputes Act, the same should be dismissed for non-prosecution.

In the circumstances, the application under section 33A of the Industrial Disputes Act be dismissed for non-prosecution.

AWARD

By the Government of West Bengal, Labour Department, order No. 7618-I.R./IR/11L-674/69, dated the 26th September 1969, an industrial dispute existing between Messrs. Bharati Stores, 133 S. N. Banerjee Road, Calcutta-13, and their workman Shri Jafar Ahmed, represented by West Bengal Shops and Establishments Employees' Association, 13-A Creek Lane, Calcutta-14, was referred to this Court under section 10 of the Industrial Disputes Act, 1947 (XIV of 1947), for adjudication, in respect of the following issue :

Issue

Whether termination of service of Shri Jafar Ahmed is justified ? To what relief, if any, is he entitled ?

In response to the Court's notice, the Union appeared and filed the written statement. But the notice issued to the Company was received back unserved with the post remark "not known". The Union was therefore asked to take steps for the service of notice upon the Company. But inspite of repeated chances, the Union neither appeared nor took any steps to comply with the Court's direction. The record was therefore directed to be put up on 13th August 1970 for passing a no-dispute award. On 13th August 1970, however, the Union appeared before the Court and prayed for some time for taking steps for service of notice upon the Company. The case was then adjourned to 3rd October 1970 to enable the Union to take steps for the abovementioned purpose. But on and from 3rd October 1970 till this day, the Union neither appeared nor took any steps in this case. In this circumstances, I am inclined to believe that the parties are no longer interested in proceeding with this case and that the dispute under reference is no longer in existence. I, therefore, pass a "No Dispute" award in this case. This disposes of the instant reference.

AWARD

This is a reference under section 10 of the Industrial Disputes Act, 1947, by the Government of West Bengal, Labour Department, order

No. 1032-I.R./IR/11L-514/69, dated the 4th March 1971. The dispute is between Messrs. Bravo & Co., and their workmen represented by Bravo & Co. Employees' Union. The issue for adjudication is as follows :

Issue

Whether the termination of service of Shri Daud Khan is justified ? To what relief, if any, is he entitled ?

The notices were duly served upon the parties. The Company appeared but the Union did not. The Union was given time after time for appearance and filing written statement. But the Union did neither appear nor file any written statement. On 11th June 1971, the order was passed for filing written statement by the Union within 5th July 1971. That day not only the Union but also the Company did not appear. By the same order the Company was directed to appear on 5th July 1971 for hearing of the reference in case of failure of the Union to file its written statement. But on 5th July 1971 neither the Company nor the Union appeared.

It appears from the record that neither the Union nor the Company is interested in the dispute under reference for adjudication. That being so, I pass a "no dispute" award.

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL

Present :

Shri ARUN KUMAR COARI, Judge,
Second Industrial Tribunal.

Two industrial disputes between Messrs. Parry & Co. Ltd., and their workmen were referred to by the Government of West Bengal, vide order Nos. 4692-I.R./IR/11L-232/61, dated 31st July 1961 and 151-I.R./IR/11L-232/61, dated 13th January 1962, were disposed of by two different awards. The earlier one, viz., of the year 1961 went up to the Hon'ble Supreme Court and their Lordships directed this Tribunal to prepare a list of 52 persons liable to be retrenched in accordance with the principles of "last come, first go". The parties agreed that the other reference be also disposed of on the principle laid down by their Lordships of the Supreme Court and the two references have been heard together with the consent of the parties and this award which I am going to deliver would be good for both the references.

Appearances of the parties are as follows :

For the Company : Shri P. P. Ginwala, Counsel and Shri Orijit Chowdhury, Counsel.

For the Union : Shri Patit Paban Pathak with Shri S. K. Majumder, Advocate.

In both the references the dispute was about retrenchment made by the Company in two batches. Shri Pathak for the workmen submits that the principles of "last come, first go" was not observed only with regard to seven workmen and now there is no dispute with regard to the rest. This Tribunal will have to find now whether these seven workmen were retrenched on the principle laid down by the Hon'ble Supreme Court or the principle was not followed in effecting the retrenchment of the seven workmen and the workmen concerned are :

1. A. C. Saha,
2. A. B. Banerjee,
3. A. K. Dewanji,
4. S. N. Chatterjee,
5. A. Bhaduri,
6. S. S. Modak, and
7. A. K. Mitra.

The learned Counsel for the Company Shri P. P. Ginwala submitted that the workmen concerned were of the Head Office and the godown as well and they are two different units and he submitted two lists to show what will be the effect if the office and the godown be treated as one establishment or be treated as separate establishments. The lists have been marked as exhibits E and E(1). Shri Pathak for the Union submitted that the lists as prepared may be considered to be correct but he submitted that the office and godown must be considered as one establishment after the judgment of the Hon'ble Supreme Court on the points.

Shri Ginwala for the Company referred me to a decision reported in S.C.R., 1961 page 703. Their Lordships held that what constitutes an industrial establishment has not been defined in the Industrial Disputes Act and their Lordships held that the question must be determined on several considerations and it was held that where the industrial undertaking has parts, branches, departments, units, etc., with different locations, near or distant, the question arises what tests should be applied for determining what constitutes "one establishment". Several tests were referred to in the course of argument before their Lordships such as geographical proximity, unity of ownership, management and control, unity of employment and conditions of service, functional integrality, general unity of purpose, etc., and Shri Ginwala submitted that none of the tests which were argued before their Lordships would apply with the facts of this case though the Head Office and the godown were under the same management. In fact the office controls the godown, yet there is no geographical proximity nor conditions of service of the two are the same. Shri Pathak submitted that though there is much force in the argument of Shri Ginwala, the dispute was concluded by the observation of Mr. Justice Banerjee who held "that the godown and the office both part of the Calcutta Establishment there is no material justifying treatment of the two as separate, I cannot therefore interfere with the findings of the Tribunal that both should have been treated as one establishment and retrenchment of employees planned accordingly." Their Lordships of the Supreme Court held in allowing the Appeal preferred against the order of the Division Bench which had set aside the Judgment of Mr. Justice Banerjee to prepare a list of 52 persons liable to be retrenched in accordance with the principles of "last come, first go". To quote "In the result we allow the appeal. Set aside the order passed by the Division Bench and restore the order passed by the learned Single Judge including his order of remand to the Tribunal ......" Their Lordships therefore restored the order passed by the Hon'ble Justice Banerjee who had held that the office and the godown must be considered to be one establishment and if there is any difficulty in interpreting the observation of the Lordships of the Supreme Court, the Company itself had treated the two as one establishment. It is to be found in page 102 of the Paper Book prepared for the Supreme Court Appeal against the decision of the High Court of Calcutta at page 102 we find Ext. A/3—notice of retrenchment, dated 29th June 1961, from Manager, Parry & Co., and then says that the office and the godown were treated as the same establishment. We may again refer to page 80 of the same Paper Book showing a list of staff showing categorywise employed in Calcutta Office of Parry & Co., prepared for retrenchment on 30th June 1961. It is not now open to the Company to say that the office and godown are different establishments. The point is answered against the Company.

As regards the case of Sarbasree A. Bhaduri, S. S. Modak and A. K. Mitra I may again refer to the judgment of Mr. Justice Banerjee who held that the Tribunal also finds that in the matter of retrenchment of several employees the principles of "last come, first go" was not observed, viz., in the case of A. K. Mitra, Animesh Bhaduri, and S. S. Modak. That finding is based on consideration of evidence and I am to accep that finding as their Lordships of the Supreme Court directed this Tribunal to prepare a fresh list after restoring the order of remand of Mr. Justice Banerjee. This finding of the Lordships remains in tact and therefore the retrenchment of A. K. Mitra, Animesh Bhaduri and S. S. Modak cannot be justified and they have to be reinstated.

I may deal with the short point raised by Shri Ginwala for the Company. He submitted that length of service should be considered when an employee was taken as a probationer and then confirmed and his length should be considered from the date of his probationer but for the daily-paid workers the length of service should be considered from the date he was ultimately observed in the permanent cadre but the point pressed by Shri Ginwala loses its importance when we have to abide by the direction of Justice Banerjee who held that in the matter of retrenchment of three employees the principles of "last come, first go" was not followed and whether any of these employees were first employed as a daily-rated and subsequently confirmed or they were taken in as permanent workers in the staff is of no importance.

Some charts were exhibited before this Tribunal to show that Stenographers, Stenographers-cum-Secretaries and Stenographers-cum-Receptionists are employees of different categories drawing different grades of salaries. Shri Pathak submitted that these exhibits Ext. A series, Exts. B and D (all newly marked) should not be relied upon as there is some difference between Exts. B and D. The discrepancies are minor and the appointment letters, viz., Ext. A (new series) were signed by different managers and on different dates and now all have gone out of India and cannot be said to have manufactured these documents to be used in future date. I will accept these exhibits as genuine. I need not go into these questions at all as I have to hold that the three employees were found by Mr. Justice Banerjee to have been improperly retrenched have to be reinstated. Company.

I now come to the other four, namely, A. C. Saha, A. B. Banerjee, A. K. Dewanji and S. K. Chatterjee Now office and the godown are treated as one establishment. Then these employees were also improperly retrenched and they too have to be reinstated on the principles of "last come, first go".

On the submission made on behalf of the workers I will find that only these seven whose names I have given above were improperly retrenched. We are not concerned with the rest as the workmen are not pressing their cases before this Tribunal.

What should be the compensation payable to these workmen if they are reinstated Mr. Ginwala submitted that these workmen were offered fresh employment which they refused, vide Ext. C. This exhibit will go to show that some were offered re-employment at the time of the Supreme Court Interim Order and some after Supreme Court Interim Order and it is submitted list if the workmen refused to accept the fresh employment then even if they are re-employed, they should get compensation from the date of retrenchment till the date they were offered re-employment but not thereafter. It is also in evidence that in the re-employment offer though fresh employments were offered to the retrenched employees there would have been no loss of employment because they were paid emoluments which the workers were drawing on the date of the retrenchment. Mr. Ginwala, however, submitted that a workman should have accepted employment to mitigate the damage and the workmen should not wait for the decision of a Tribunal for reinstatement and get compensation without any work. There is some sense in what Shri Ginwala but it is the evidence of the Company that the workmen were offered re-employment to start afresh and they will loose the seniority and other benefits which they had earned during the long years of employment. Certainly if the workmen accepted re-employment on the terms offered by the Company, the workmen would have been in a very precarious position after such acceptance because on the rule of "last come, first go" they would have been the victims if there would have been any case of retrenchment. Moreover it is not expected from a workman to accept re-employment on such terms and then embark on a litigation to get the old seniority. If the tentative offer would have been made that they were re-employed without any break of service pending decision of the Supreme Court, there might have been some justification for what the Company says. But the offer of re-employment as fresh employment and asking the workers to submit to a precarious position certainly is not tenable. Under the ordinary rule of law a master can dispense with the service of his servant after giving him retrenchment notice of compensation for the period of notice. Since then legislation has intervened and in order to bring peace and industrial dispute rules have been framed allowing conditions when an employer can discharge or terminate or lay-off workmen and when the workmen have taken the matter to the Tribunal via Government, they are not expected to seek casual employment elsewhere to mitigate the damage which the Company is liable to pay for improper retrenchment. I will therefore held that the workmen are entitled to get full benefits of all their legal dues which would accrue to them if they would have been not retrenched and would have continued in service till this date. The Company must reinstate the seven persons mentioned above within a month from the date of publication of the award in the "Calcutta Gazette" and must pay them all their legal dues from the date of retrenchment to date of reappointment minus whatever the workmen might have taken as compensation when they were retrenched and I will say that on the invitation of the workmen themselves I am to adjudicate only on the fate of seven workmen mentioned above and not about the rest.

This is my award which covers both the references mentioned above.

After service of statutory notices upon them, both parties entered appearance on 26th May 1969. On 5th August 1969, the Union filed its written statement. The written statement of the Company was filed on 3rd November 1969. Thereafter both parties were guilty of serious laches and negligence. The parties did not file list of documents on the date fixed for the same. On 16th December 1969, which was the extended date for filing of list of document, both parties failed to appear. The first date fixed for hearing of the case was 6th April 1970. On two successive dates of hearing the Union took adjournments. On the third date fixed for hearing also both parties neglected to appear. The case was again adjourned to 19th November 1970 for hearing. On this date also, Union took adjournment. To accommodate the Union the case was adjourned to 29th January 1971. On this date again, the Union was not ready for hearing. The case was then fixed for hearing on 8th April 1971. On this date, both parties were absent. The case was adjourned to 22nd June 1971, in the interest of justice. On 22nd June 1971, also parties were absent. No step was taken by them Consequently, the case is now taken up for disposal.

From the history of the case given above, it is evident that the parties have been extremely negligent in the matter of adjudication of the industrial dispute under reference. In so far as they have not taken any steps for the last 4/5 months, it is reasonable to presume that they are no longer interested in adjudication of the dispute by this Tribunal. In all probability the dispute no longer exists. That being so, it is necessary to make a "no dispute" award in the matter. It is, therefore, held that the industrial dispute is no longer in existence and the case is disposed of accordingly.

This is my award.

Present for the Union : Shri D. K. Das Gupta, Advocate.

This is a reference under section 10 of the Industrial Disputes Act by the Government of West Bengal, Labour Department, order No. 6179-I.R./IR/10L-473/69, dated the 22nd August 1970. The dispute is between Messrs Uday Scientific Industries Private Ltd. (hereinafter referred to as the "Company"), and their workmen represented by Scientific Instrument Employees' Union (hereinafter referred to as the "Union").

The issue for adjudication is as follows :

Issue

Whether the closure of the Company is real? To what relief, if any, are the workmen entitled?

The case of the Union is as follows :

The Company is a concern manufacturing scientific instruments, medical appliances and laboratory equipments. The profits earned by the Company have all along been enormous. In the year 1967 the workers of the Company became members of the Union. Immediately after the formation of the Union a charter of demands was submitted to the Company by the Union on behalf of the workmen. The Company, thereupon, resorted to harassing the workers by issue of frivolous charge-sheets against them. As a result of all this the workers were compelled to file complaints before the Labour Directorate, conciliation proceedings were held, and in the conciliation proceedings agreements were reached between the representatives of the Company and the workers. But those argeements were not adhered to by the Company. On 18th April 1970 the Company purported to issue a notice of lay-off of 32 workers out of the total of 33. The said notice of lay-off has been challenged before the Labour Directorate, and proceedings are pending. By a notice, dated 20th May 1970, the Company on false allegations declared a lock-out in the garb of closure at the factory at 7 Bhabanath Sen Street, Calcutta-4, and gave out that the said purported closure was due to labour troubles. The entire story of closure and lay-off is false and it is a ruse to victimisation and putting pressure upon the workers who joined the Union with a view of getting rid of those workers. The Company is carrying on the same business under camouflage of Uday & Company in the same locality, and all orders are being diverted in that name. The closure, the Union states, is not real.

The case of the Company is as follows:

The reference is bad in law inasmuch as the matter referred to this Tribunal is not an industrial dispute in view of the fact that no dispute had been raised with the management before the date of closure of the factory or prior to placing the matter to the Government for a reference. The issue framed in the order of reference is misconceived and suffers from basic error of fact. The Company denies all the allegations that it earned enormous profits, and that it adopted unfair tactics of harassing the workers in order to get rid of them because they were members of the Union. It is also denied that the closure was not real and that it was carrying on business in benami of Uday & Co. It further states that the Company came into existence in 1956, and since then it was struggling hard to maintain its existence, and that since 1966 production of the Company has been considerably reduced, mainly due to "go slow" tactics of the workers. As a result the Company received lesser orders and was suffering from losses. Such condition continued in the year following with the result that there was abnormal fall in orders, shortage of supply of raw materials and financial losses to the Company. The situation became such that the management had to lay-off workmen for a period of 45 days, and that the lay-off notice was given on 18th April 1970 intimating that the lay-off was to commence from 20th April 1970. Immediately after the lay-off the workmen became extremely violent. They squatted in the factory premises, threatened the officers and restrained them from entering into the office. They even threatened the Durwan of the factory and forced him leave the factory premises. The workers also damaged the property of the Company. On 24th April 1970 the workmen gheraoed the Managing Director of the Company and threatened him with dire consequences if the lay-off order was not called off. The said Managing Director was rescued by local residents. During the period of lay-off the workers took the law in their own hand and created a situation beyond the control of the Management. So under unavoidable circumstances the Management was compelled to close down the factory by its notice, dated 20th May 1970 with effect from 21st May 1970. The Company further states that Uday & Company has no relation whatsoever with Uday Scientific Industries Private Ltd., and that Uday & Company is not a manufacturing company at all. After the closure of the factory a substantial number of ex-workmen have taken their dues inclusive of compensation payable under proviso to section 25FFF of the Industrial Disputes Act, 1947, and some of the workers have also applied for provident fund money to the Regional Provident Fund Commissioner on acceptance of the termination of service in consequence of the closure of the factory. The Company asserts that the closure of the factory has been a matter of fact and is real.

The Union has examined P.W. 1 Shri Haru Chakravorty, the Joint Secretary of the Union. The Company has examined O.P.W. 1 Shri Samir Chakravorty, a Director of the Company. It is the evidence of P.W. 1 that in 1967 the workmen of the factory formed a Union and the said Union placed a charter of demands to the Company which the Company refused to accept. His evidence is that consequently the Union moved the Labour Directorate and that thereafter there were conciliation proceedings leading to a tripartite agreement. It is also evidence that the Company was against the formation of the Union from the very beginning and that in order to get rid of the workmen forming the Union it laid off 32 workmen out of a total of 33 on 18th April 1970. He has stated that this led to the Union to move the Labour Directorate and that when the workmen went to the Labour Directorate in connection with the conciliation proceeding, the Labour Officer Shri R. K. Ghosh told the workmen that the Company had issued a notice of closure of the factory. P.W. 1 has also deposed that Messrs. Uday Scientific Industries Private Ltd. have not closed their business and that the business is being carried on in benami of Uday & Company. It is also in his evidence that the Company has been getting its instruments produced in Messrs. General Scientific Company at the Circular Road.

The evidence of O.P.W. 1 is that by a notice, dated 18th April 1970, 32 workmen out of 33 were laid-off with effect from 20th April 1970. Exhibit A is the lay-off notice. It appears from the evidence of O.P.W. 1 that the reasons for the lay-off were (1) Scarcity of orders, (2) shortage of raw materials and (3) bad financial condition. All these things are also corroborated by the notice Ext. A. The evidence of P.W. 1 is that the factory had been running always on profit. But P.W. 1 has stated in cross-examination that he does not know if the factory was running at a loss since 1966, and that he never saw the balance-sheets and profit and loss accounts of the Company. It appears from the evidence of P.W. 1 that the number of workmen in the factory was reduced. P.W. 1 has also been constrained to admit that the number of workmen was reduced from 48 to 33 in 1970 although he has said that he is unable to say if the number of workmen was reduced to 33 in 1968. O.P.W. 1 has deposed that after 32 workmen had been laid-off the workmen set up a tent near the gate of the factory, indulged in abusing the staff, grew violent, did not allow the staff to enter into the factory and forcibly ousted the Durwan of the Factory with the result that the factory remained unprotected. It is also in his evidence that on 24th April 1970 the Managing Director of the Company was gheraoed and he was rescued by some local people. He has deposed that in this way the workmen prevented them from entering into the factory. His further evidence is that on 20th May 1970 a notice of closure was put up on the factory gate and the closure became effective from 21st May 1970. His evidence is that 35 workmen were affected as a result of the closure of whom 19 workmen took their compensation money and also got their provident fund withdrawal forms certified by O.P.W. 1. He has stated that since the closure the factory has remained closed, nothing has been manufactured in the factory since the closure, and that no licence has been taken after the closure of the factory. It is also in his evidence that his maternal uncle's son had a business under the name of Uday & Company. It was not a manufacturing Company, and that Uday Scientific Industries Private Limited has had no connection with Uday & Company. He assertively states that after the closure of the factory no instruments or appliances were manufactured by Uday Scientific Industries Private Ltd., in any other factory. He has also denied that instruments were being manufactured in Messrs. General Scientific Company after the closure of the factory. His evidence is that Uday & Company is a Trading Company. P.W. 1 has stated in cross-examination that the factory was closed. He has also deposed that he does not know if the production of the factory decreased from 1966, and that he does not know if the financial condition of the Company became very bad. He has denied that there was any disturbance inside the factory, or that the Managing Director was Gheraoed by the workmen. But he has stated that the workmen were dissatisfied because of the lay-off and that there was agitation outside the factory gate. He has denied that the clerical staff of the factory were not allowed by the workmen to enter into the factory. He has also denied that there was any notice of closure on the factory gate. But he has stated that he did not go to the factory gate on 20th May 1970. The evidence of O.P.W. 1 is that the closure notice was put up on the factory gate on 20th May 1970 and the closure was made effective from 21st May 1970. O.P.W. 1 in cross-examination has stated as follows:

"In the Income-tax Return the fact that the factory had been closed was not shown. No information was was sent to the Corporation about the closure of the factory there being no necessity for doing so. It is not a fact that the workers who received compensation payment were given an assurance that they would be provided with employment in Uday & Company. It is not a fact that we did not put up the closure notice on the factory gate. After the closure of the factory no machine of the factory was sold. The factory building is not being used for other purposes because of the closure of the factory."

Because no information was sent to the Corporation about the closure of the factory or because of the fact that the closure of the factory was not shown in the Income-tax Return or that because no machine was sold after the alleged closure of the factory it cannot be held that the story of the closure of the factory is unreal or untrue or that the closure of the factory is a mere pretence and not a fact. It is from the entire facts and circumstances that the factum of the closure of the business of the factory should be determined (Kalinga Tubes Ltd. and their workmen, reported in L.L.J., 1969, Vol. I, S.C., p. 557). It has been urged by the learned Advocate for the Union that the Company has not produced its Order Book because the Order Book, if produced, will support the contention of the Union that orders are being taken by Uday Scientific Industries Ltd., in Benami of Uday & Company. It has also been urged by the learned Advocate for the Union that the Company has not produced the Minute Book of the meeting to show that there was a meeting for closing down the factory because there was no such meeting and no decision was taken in any such meeting for closing down the factory. The learned Advocate for the Union has also emphasised that the balance-sheet and the profit and loss account of the Company have not been produced before the Tribunal because these documents, if produced, will show that the factory was not running at a loss, but was making huge profits till the date of the alleged closure of the factory. The Union has not called for the balance-sheet and profit and loss account of the Company, nor has it asked for the Minute Book of the meeting before deciding to close down the factory. The Union has not also called for the Order Book of the Company. Without calling for these documents, and in the absence of such documents the learned Advocate for the Union is not right in arguing that those documents, if produced, will show that there was no closure of the business but that only the place of business was closed. On the other hand, it is the unshaken evidence of O.P.W. 1 that the notice of closure of the factory was given on 20th May 1970 and that the closure became effective from 21st May 1970. This evidence of O.P.W. 1 is credible because copy of the notice of closure is there, and it is Ext. C. Next, the evidence of O.P.W. 1 is amply corroborated by P.W. 1 himself. P.W. 1 has stated on oath that the factory was closed, and not the Company. The case of the Union, as I find from the evidence on record, is that Messrs. Uday Scientific Industries (P) Ltd., have been manufacturing instruments and appliances in Benami of Uday & Company and also that its products are being manufactured by Messrs. General Scientific Company. O.P.W. 1 has denied all this on oath. P.W. 1 has not been able to prove that since 21st May 1970 or at any time thereafter, Messrs. Uday Scientific Industries Private Ltd., got its instruments and appliances manufactured in Uday & Co., or by General Scientific Company. Mere allegation is not enough. It has got to be proved. After careful consideration of the evidence on record I find that the Union does not dispute the fact that the factory of Uday Scientific Industries Private Limited has been closed, and that no production is being carried on in the factory since 21st May 1970. The Union's assertion that instruments and appliances are being manufactured in Uday & Co. and General Scientific Company is a statement which is difficult to believe in the absence of any cogent material on record, only on the basis of the uncorroborated testimony of P.W. 1 whose evidence shows that he has no knowledge of any instrument or applicance of the Company being manufactured in Uday & Company or General Scientific Company. Therefore, I find that the contention of the Union that only the place of business was closed and, as such, it was a case of lock-out, and that as the business was not closed it was not a case of closure, is without any substance. It has been then urged by the learned Advocate for the Union that the Company has not succeeded to prove that the motive for closing down the factory was financial. This argument of the learned Advocate for the Union is also without any force in view of the decision of the Supreme Court in the case of Indian Hume Pipe Company and their workmen, reported in L.L.J., 1969, Vol. I, p. 242. The Supreme Court held "It has been laid down in a series of decision that it is not for Industrial Tribunal to enquire into the motive for closure to find out whether the closure is justified or not". So from the evidence on record I find that it was not only the place of business that was closed down but it was the business itself that was closed down with effect from 21st May 1970. That being so, it ought to be held that the closure of the factory is real and bona fide.

As regards the measure of compensation payable to the workmen, the Company has stated in its written statement that a substantial number of ex-workmen have taken their dues inclusive of compensation payable under proviso to section 25FFF of the Industrial Disputes Act, 1947, and some of the workmen have also applied for the provident fund money to the Regional Provident Fund Commissioner on acceptance of termination of their services in consequence of the closure of the factory. That some ex-workmen took their dues and that some of them applied for provident fund money is also in the evidence of O.P.W. 1. His evidence is supported by Exts. D and E series. This evidence of O.P.W. 1 also finds support from the evidence of P.W. 1 himself. The evidence of O.P.W. 1 is that out of 33 workmen 32 were laid-off with effect from 20th April 1970. That it was so is also evident from Ext. B, the notice of lay-off. That after the workmen had been laid-off there were disturbances by the workmen is also in the evidence of O.P.W. 1, and it finds support from the evidence of P.W. 1. P.W. 1 has admitted that there were disturbances outside the factory gate. O.P.W. 1 has stated that the workers set up a tent near the gate of the factory, indulged in abusing the Company people, grew violent, did not allow anybody to enter into the factory, forcibly ousted the Durwan of the factory thereby rendering the factory remain unprotected. It is also in his evidence that the Managing Director of the Company was Gheraoed on 24th April 1970 when some "para-people" rescued him. I have no reason to disbelieve this evidence of O.P.W. 1 as I find that this evidence has remain unassailed in cross-examination. Therefore, I find that the factory was closed down on account of unavoidable circumstances beyond the control of the management. That being so, the workmen are entitled to compensation under proviso to section 25FFF of the Industrial Disputes Act, 1947. I have already said that it is the case of the Company that compensation was paid to a large number of ex-workmen, according to proviso of section 25FFF of the Industrial Disputes Act. This much with regard to issue No. 1 referred to this Tribunal for adjudication.

Although I shall presently show that this reference is incompetent, still I have given my finding and decision on issue No. 1 as the parties led evidence on merits both in respect of closure as well as in respect of relief.

I have already observed that this reference is incompetent. I have said so for two reasons. Firstly, the contention of the Company that the dispute was not raised with the management of the Company before moving the Government for a reference is true. P.W. 1 has admitted in his evidence that no dispute with regard to the subject-matter of the present reference was raised with the management at any point of time. In this view of the matter it ought to be held that the present reference is incompetent. If any authority is needed, I may cite the case of Sindhu Resettlement Corporation Ltd. and Industrial Tribunal, Gujrat, and others, reported in 1968, L.L.J., Vol. I, S.C., p. 834. The learned Advocate for the Union has drawn my attention to the case of Management of Rodio Foundation Engineering Ltd. and another, versus State of Bihar and others, reported in A.I.R. 1970, Patna, page 295. This case is distinguishable, and it has no application here. The second reason for holding the present reference incompetent is the fact that before the closure of the factory the dispute, which is the subject-matter of the reference here, was neither raised nor apprehended. It is in evidence of P.W. 1 that he came to know about the closure from the Labour Officer Shri R. K. Ghosh on 20th May 1970 when he went to attend the conciliation proceeding in connection with the lay-off of some workmen. The industry was dead as soon as the business was closed down. So, to raise a dispute regarding closure after the closure of the factory was to raise a dispute with a dead concern. Even then after the closure no such dispute was raised by the workmen with the management of the factory. It was held by the Supreme Court in the case of Pipraich Sugar Mills Ltd. and Pipraich Sugar Mills Mazdoor Union, regorted in L.L.J., 1957, Vol. I, p. 235 that "Where the business has been closed and it is either admitted or found that the closure is real and bona fide, any dispute arising with reference thereto would fall outside the purview of the Industrial Disputes Act and that will be *fortiori* so, if a dispute arises—if one such could be conceived—after the closure of the business between the quondam employer and employees".

Lastly, it has been argued by the learned Advocate for the Company that the reference is bad because of the fact that what was closed down was not the Company (issue referred to for adjudication) but the factory. the word "Company" was used in place of "Factory". I find that the factory was the only undertaking of the Company, and that being so, such misdescription in the issue will not make the reference bad.

The reference is thus disposed of.

These two reference under section 10 of the Industrial Disputes Act, 1947, regarding the issues relating to Grades and Scales of Pay, Dearness Allowance, Permanency and Bonus are amalgamated together for the purpose of disposing the same in terms of joint petition of compromise covering all the disputes between the parties.

Pursuant to the usual notices served upon the parties they entered their appearance and filed written statements. They also complied with the intermediate steps and the cases were fixed for hearing. Thereafter the parties took time from time to time to compromise all disputes between them. Ultimately both parties filed a joint petition of compromise on 22nd June 1971. AWARD

By Labour Department order No. 4230-I.R./IR/8L-48/69, dated 17th June 1969, the Governor was pleased to refer the instant dispute between Messrs. Calcutta Woollen & Silk Mills Ltd., 12 Kumar Para Road, Liluah, Howrah (Head Office of the Company is premised at 191 Mahatma Gandhi Road, Calcutta-7) and their workmen represented by Calcutta Woollen & Silk Mills Ltd. Workers' Union, 23 Ananda Khan Lane, Calcutta-5, under section 10 of the Industrial Disputes Act, 1947, to the First Industrial Tribunal constituted under notification No. 808-I.R./IR/3A-2/57, dated the 11th March 1957, for adjudication, on the following issue :

Issue

> Whether the closure of the mill with effect from 29th October 1968 is real ? What relief, if any, are the workmen entitled to ?

On receipt of the reference, notices were issued to the parties and both the parties appeared and filed their respective written statements and the case of the Union as made out in the written statement is as given below :

Various disputes were going on between the Company and their workmen for a long time due to unfair labour practice followed by the Company and on 2nd August 1967 the Union submitted a charter of demands to the Assistant Labour Commissioner. But the Company did not accede to any of the said demands and on the contrary they took resort to the policy of victimization by lay-off, suspension and discharge of the workmen and ultimately the Union had no other alternative but to take recourse to a continuous strike from the 17th July 1968. Thereafter as a matter of reprisal the Company declared of the mill with effect from 29th October 1968. It is contended from the side of the workmen that it was not the real closure but it was a continuous lock-out in the guise of closure and when the Company refused to withdraw the said closure the Union referred the matter to the Labour Commissioner. All attempts of conciliation between the parties by the Labour Commissioner, however, failed and the case has been referred to this Tribunal.

The case of the Company in their written statement is as follows : The Company deny all the allegation of unfair labour practice as made by the Union against the Company and their case is that they were in very difficult position due to economic recession and general depression in the market which was worsened by the continuous strike taken resort to by the workmen and in the circumstance it was not possible for the Company to run the business and they had no other alternative but to close down the mill. The contention of the Company is that the said closure was real and genuine and they totally deny that it was a sham closure or it was a lock-out in the guise of closure.

At the outset a preliminary objection as to the maintainability of the reference was raised by the Company which was rejected by my learned predecessor in office by his order, dated 25th February 1970.

It has been held that "it is not for Industrial Tribunal to enquire into the motive for closure to find out whether the closure is justified or not" and "once the Tribunal finds that an employer has closed its factory as a matter of fact it is not concerned to go into the question as to the motive which guided him and to come to a conclusion that because of the previous history of the dispute between the employer and the employees the closure was not justified" and that "such a closure cannot give rise to an industrial dispute" [(1969) I, Labour Law Journal, page 242]. "The essence of the matter is, therefore, factum of closure by whatever reason motived" [(1969) I, Labour Law Journal, page 557]. in this case it is admitted from the side of the Union that the factory is closed from 29th October 1968. The P. W. 1, an employee of the said Company, contends in his evidence that the factory is closed from sometime in 1968. It also appears that on the 29th September 1968 the Company gave a notice of their intention to close down the factory from the 29th October 1968 (Ext. A) and it appears further that on the 29th October 1968 the Company issued a notice of the closure of the factory [Ext. A (1)]. The contention of the Union is that the said closure was not genuine or real but it was a sham closure and nothing but a lock-out in the disguise of closure and in support of their said contention the Union narrates the history of various long standing disputes between the Company and their employees in its written statement and the contention of the Union is that the Company took resort to a sham closure as a retaliatory measure and policy of victimization against the workmen. It had, however, been held by the Supreme Court as referred to above that "the previous history of dispute between the employer and the employees" is not at all relevant for determination of the question of justification or otherwise of the closure and thus the said aspect of the matter does not come to any help to the Union and there is no other material on record to suggest that the said closure as declared by the Company was not genuine or real. The Secretary of the Company who was present in Court at the time of hearing of the case was examined by the Union as P. W. 2 and he contends in his evidence that he is a partner of Messrs. R. K. Jaipuria at Belur in his individual capacity and that Messrs. R. K. Jaipuria still make shoe fabrics and produce other goods for the present Company, namely, Messrs. Calcutta Woollen and Silk Mills Ltd. The P. W. 1 says in his evidence that apart from various sorts of clothes, the fabrics for shoes were manufactured in the factory of the Company. The Union banks heavily upon the aforesaid evidence of the P. W. 2 to show that the mill has not really been closed but it is still carrying on business. The P. W. 2, however, says in his evidence that the Company had trading department as well as manufacturing department. Now, if the factory of the mill was closed and the Company secured orders from the other places and got the said orders executed through another firm, it is not proved thereby that the mill was not actually closed. Moreover, the aforesaid evidence of the P. W. 2 goes to show that as a matter of fact the factory was closed as otherwise the Company would have no occasion to got the orders of shoe fabrics executed through another firm. The said evidence of the P. W. 2, therefore, does not come to any help to the Union. There is thus nothing before the Tribunal to suggest that it was a sham closure or a lock-out in guise of closure. It is held in the circumstances that the closure of the mill was real and genuine and the contention of the Union to the contrary is rejected.

In the circumstances the workmen concerned are entitled to compensation under section 25FFF(1) of the Industrial Disputes Act, 1947 and there is no dispute as to that. At the time of the hearing of the case I was given to understand by the learned Advocate for the Company that the Company were ready and willing to give compensation to the workmen concerned under section 25FFF(1) of the Industrial Disputes Act and as a matter of fact some of the workmen had already taken such compensation. The workmen who have not yet got the compensation for closure of the mill are entitled to receive the same under section 25FFF(1) of the Industrial Disputes Act, 1947.

ANNEXURE

In the matter of an Industrial dispute between Messrs. I. M. Dhawan (Architect and Surveyor), 106 Stephen House, 4 Dalhousie Square East, Calcutta-1, and their workman Shri A. K. Roy represented by Commercial Employees' Union (Calcutta), 12A Netaji Subhas Road, Calcutta-1. (Case No. 192/70.)

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri B. C. Chaudhuri, Judge, Fourth Industrial Tribunal.

The Government of West Bengal, Labour Department, by the Order No. 3759-IR/IR 11L-198/70, dated the 27th April 1970, referred this industrial dispute between Messrs. I. M. Dhawan (Architect and Surveyor), 106 Stephen House, 4 Dalhousie Square East, Calcutta-1, and their workman Shri A. K. Roy, represented by Commercial Employees' Union (Calcutta), 12A Netaji Subhas Road, Calcutta-1, to this Tribunal under section 10 read with section 2A of the Industrial Disputes Act, 1947, for adjudication of the following issue:

Issue

Whether the termination of service of Shri A. K. Roy is justified? To what relief, if any, is he entitled?

Immediately after the receipt of reference, notices were served upon both the parties. They appeared and filed their respective written statements. They also complied with intermediate steps, and the case was fixed for hearing, but on the date fixed for hearing the parties expressed a keen desire to settle the dispute amicably. On 13th July 1971 the parties filed a joint petition of compromise praying for an award in terms of compromise. I have considered the terms of settlement reached between the parties. The terms appear to be quite lawful, fair and reasonable. I am satisfied that the dispute covered by the issue under reference has been amicably settled in terms of the petition of compromise, and it is a bona-fide settlement. Accordingly, I would make a compromise award in the case as prayed for.

In the result, I make a compromise award in terms of the joint petition, dated 13th July 1971, which shall form a part of, and an annexure to my award.

AWARD

The Government of West Bengal, Labour Department, has referred an industrial dispute between Messrs Garden Reach Workshops Ltd., 43/46 Garden Reach, Calcutta-24, and their employee Shri Biswanath Mukherjee, C/o. Shri Gopinath Mukherjee, 345 Diamond Harbour Road, Calcutta-34, to this Court by its order No. 4140-I.R./IR/10L-194/66, dated 25th August 1967, under section 10 read with section 2A of the Industrial Disputes Act, 1947 (XIV of 1947), for adjudication on the following issue :

Issue

Is the dismissal of Shri Biswanath Mukherjee justified? What relief, if any, is he entitled to?

The case of the workman may be briefly stated as follows :

He was working in the O.P.-Company as a permanent employee since 6th January 1947. On 5th June

1965 he was served with a charge-sheet with the following allegation: He was charged for habitual absence without permission under rule 7 of major misdemeanour of the Company's certified Standing Orders. He submitted his explanation denying the charges. A domestic enquiry was held to enquire into the alleged charges but in the said domestic enquiry he was not given sufficient opportunity to defend his case nor the enquiry was conducted fairly and properly nor the rules of natural justice were followed. It is alleged that the enquiring officer who conducted the enquiry was also biased. On the basis of the said perfunctory enquiry he was, however, dismissed arbitrarily and illegally from service in the month of September 1965. After his dismissal he made various attempts for amicable settlement of the dispute but in vain and ultimately he referred the matter to the Labour Commissioner for conciliation. As the conciliation also failed the Government referred the matter to this Court for adjudication. The workman prays for reinstatement with back wages.

The Company in his written statement wants to justify its action against the said workman by stating that the workman was charged with habitual absentism. He was duly charge-sheeted and a proper domestic enquiry was held. In the said domestic enquiry the rules of natural justice and also the procedures laid down under the Company's certified Standing Orders were strictly followed and the workman was given opportunity to defend his case. As a result of the said enquiry the charges levelled against the workman concerned were found established and he was eventually dismissed from service. It further pleads that the order of dismissal was not mala fide and arbitrary. It has further taken a preliminary objection against the maintainability of the reference alleging that the dispute having arisen before amendment of section 2A of the Industrial Disputes Act and the dispute not having been espoused by any recognised Union or a sufficient number of workmen, the present dispute would not be regarded to be an industrial dispute within the meaning of section 2(k) ibid and as such the reference by the workman is incompetent and this Court has no jurisdiction to adjudicate the dispute.

The preliminary point against maintainability of the reference as raised by the Company as mentioned hereinabove was heard as a preliminary issue by my learned predecessor in office and he by his order, dated 12th August 1968, held that the present reference of the dispute by the Government under section 10 of the Industrial Disputes Act was quite lawful and valid and that the order of reference was maintainable. This accordingly disposes of the preliminary objection raised by the Company. Admittedly the workman concerned was a permanent employee of the O.P.-Company having put in 19 years of continuous service. He has been dismissed from service with effect from 22nd September 1965. At common law in the absence of any contract to the contrary an employer is of course entitled to terminate the service of his employee either on giving him a reasonable notice or without any notice on the ground of misconduct. If the termination is on the ground of misconduct, the employer is not of course at common law bound to institute an enquiry and afford the employee an opportunity of proving his innocence but after enactment of Industrial Disputes Act such freedom which the employer used to enjoy under the common law has been greatly curtailed and it is now obligatory for an employer if he wishes to terminate the service of his employee on the ground of misconduct to draw a regular proceeding against the workman concerned and to hold an enquiry for the purpose of enquiring into the alleged misconduct. There is, however, no procedure prescribed for disciplinary action either in the Industrial Disputes Act or in the rules made thereunder which should be complied with before inflicting punishment upon the employee. It is, however, well settled by a series of pronouncements by the Hon'ble Supreme Court and other High Courts of India that in the matter of disciplinary action the employer has to conduct the enquiry in accordance with the principles of natural justice. The principles governing domestic enquiries as have been laid down by the Hon'ble Courts may be summarised as follows:—(1) A domestic enquiry must be held by unbiased person; (2) A domestic enquiry must be conducted honestly and bona fide with a view to determine whether the charges framed against a particular employee are proved or not and care must be taken to see that these enquiries do not become empty formalities; (3) A domestic enquiry should be held with scrupulous regard for requirements of the rules of natural justice; (4) The employee proceeded against should be informed clearly of the charges levelled against him; (5) The evidence on which the charges is sought to be proved must be led in the presence of the workman himself; (6) The employee should be given a fair opportunity to hear the evidence in support of the charges and to cross-examine the witnesses produced against him and also to rebut the evidence led against him by examining the witnesses including himself if he so wishes on any relevant matter and (7) The enquiring officer should clearly and precisely record his conclusion indicating briefly his reasons for reaching the said conclusions. In the instant case most of these principles have not been followed.

Before the domestic enquiry against an offending employee starts it is essential to serve him a charge-sheet setting out specifically all charges and necessary particulars. The object of furnishing a charge-sheet is to given an opportunity to the person who is charged with misconduct to defend himself and to give a proper explanation after knowing the nature of the offence with which he is charged, otherwise it will amount to his being condemned unheard. In the instant case it appears from the charge-sheet Ext. A that the workman concerned was charged for habitual absence without permission. With the charge-sheet a statement showing record of attendance of the workman concerned for the years 1963, 1964 and

1965 was attached. From the charge-sheet and the Annexed record of attendance it is, however, very difficult to exactly know as to the period of unauthorised absence of the workman concerned for which he has been charged. The charge-sheet is lacking in material particular and it is vague and imprecise. Consequently on the basis of the said charge-sheet it was not possible for the workman to understand the charges and to defend himself effectively and the result would not be a fair and just enquiry. The domestic enquiry it appears from the proceeding Ext. I was held by a Board of Enquiry of which Mr. Joy Joseph was the Chairman and Mr. D. K. Mukherjee was a member. Mr. Joy Joseph, it appears from his evidence s was at the material time the Finance Manager of the Company. It further appears from his statement that in addition to his own duties as Finance Manager of the Company he also used to act on behalf of the Managing Director invariably in his absence or when he was otherwise busy. He further says that while so acting on behalf of the Managing Director he had to deal with entire affairs of the Company including personnel administration. We further get from him that in personal matter which would have been referred to either to the personnel department or to the Managing Director would have been referred to him in the absence of the Managing Director. From the charge-sheet Ext. A it is seen that the charge-sheet was issued under the signature of Mr. Joy Joseph who at that time was acting on behalf of the Managing Director. We get from Mr. D. K. Mukherjee examined as O.P.W. 2 that Mr. Joseph as a Chairman of the Board of Enquiry conducted the enquiry. From the enquiry proceeding it further appears that in the domestic enquiry it was Mr. Joseph himself who cross-examined the workman concerned on behalf of the management, and that he also put certain leading question to him. From the facts discussed above and from the enquiry proceedings it is clear that Mr. Joseph acted both as a prosecutor and as an enquiring officer. In the matter of domestic enquiries it is desirable that the conduct of enquiries should be left to such an officer of the employer who is not liable to import his personal knowledge into the proceedings which he has held as enquiring officer. In the instant case I have already pointed out that Mr. Joy Joseph while acting on behalf of the Managing Director had occasion to deal with personal matters. That apart the charge-sheet having been issued by Mr. Joseph himself it is not unlikely that Mr. Joseph before issuing of the charge-sheet had gone through the relevant records of the workman concerned and was definitely apprised of the position before he conducted the enquiry. In the circumstances the Company should not have engaged Mr. Joseph to conduct the enquiry.

O.P.W. 2, Mr. D. K. Mukherjee who acted as a member of the Board of Enquiry has stated in his examination-in-chief that the workman Shri Mukherjee requested the Chairman of the Enquiry Commission to allow Shri Ajit Das, the then Joint Secretary of the Union to assist him in the enquiry. It is, however, seen from the proceeding of enquiry held on 9th August 1965 that this request of the workman was not noted in the proceeding nor his request was entertained. We further get from O.P.W. 2, Shri Mukherjee that one Shri B. L. Poddar was examined on behalf of the management in the domestic enquiry. It is however very significant that the statement of B. L. Poddar was not recorded at the time of enquiry.

The report and findings of the Board of Enquiry have been marked Ext. K. It is seen that the said report and findings are very much cryptic. It is of course true that the enquiring officer did not write a very long and elaborate report but nevertheless it is his duty to record clearly and precisely his conclusion and to indicate briefly his reason for reaching the said conclusion as his findings are likely to have a serious consequence on the concerned workman. In the instant case there is a clear departure from the above principle. The report and findings of the Board of Enquiry did not contain any reason whatsoever. From all these I conclude that the domestic enquiry was not fair and proper and that it was not done in accordance with the rules of natural justice.

Absence of domestic enquiry or a defective domestic enquiry will not, however, vitiate the desciplinary action taken by the employer. The employer can very well justify his action against the workman concerned before this Tribunal by adducing sufficient and satisfactory evidence. In the instant case, however, there is no sufficient evidence to show that the charges levelled against the workman concerned have been established. Only evidence which is produced is the attendance register of the workman concerned but from the said attendance register it is not possible to hold that the workman absented himself from duty without prior permission. The workman concerned has stated on oath that he duly informed the Company in writing when he absented from office and that leave applications were sent to the departmental head but he was not informed as to whether his leave was granted or not. We get from O.P.W. 1 Mr. Joseph that all leave applications submitted by the employees are entered in a register maintained in the central registry or in the peon book of each shop. Neither the register nor the peon book has been produced by the Company. It is therefore not possible for us to scrutinise the said register and peon book for ascertaining whether or not leave applications were submitted by the workman. It is contended that since the onus to prove that leave applications were in fact submitted is with the workman himself, there is no obligation on the part of the Company to put in evidence the said register and the peon book. I am not inclined to accept this contention. It is now well settled that the parties must produce documentary evidence at their possession which would throw light in the matter of controversy instead of relying upon the bare doctrine of onus, and if any party having been in possession of such document neglects to produce an adverse presumption will be drawn against him. So the Company cannot avoid liability of producing this document and as such adverse presumption must be drawn against it. The service book of the workman in which the leave applications are dealt with has also not been put in. Considering all that I have discussed above I hold that the Company has also failed to justify its action before me. In the circumstances I find that the dismissal of the workman Shri Mukherjee is unjustified and illegal and that Shri Mukherjee is entitled to reinstatement and full back wages.

I accordingly direct the Company to reinstate Shri Mukherjee in service and to pay him full back wages within 30 days from the date of publication of this award in the "Official Gazette"

And whereas the said properties were subject to requisition under section 3 of the Requisitioned Land (Continuance of Powers) Act, 1947 (XVII of 1947) and were acquired for the purpose of the Central Government under section 5 of the said Act before its repeal by the Requisitioning and Acquisition of Immovable Property Act, 1952 (XXX of 1952);

And whereas the acquisition of the said properties was not inconsistent with the provisions of the Requisitioning and Acquisition of Immovable Property Act, 1952 (XXX of 1952) and, as such, was deemed by virtue of clause (b) of sub-section (2) of section 24 of the said Act XXX of 1952 to have been made in accordance with the provisions of the said Act;

And whereas no agreement fixing the amount of compensation payable for such acquisition can be reached;

And whereas on the prayer of the claimant (Shri Abhoy Singh Sahala) the matter was referred to arbitration for determination of compensation payable in respect of the acquisition of the said properties and Shri M. And whereas the said Arbitrator Shri M. K. Roy, who heard the case previously is not available at present for rehearing the case and a fresh appointment of another Arbitrator is necessary in terms of the directions issued by the Hon'ble High Court;

AWARD

This is a reference under section 10 of the Industrial Disputes Act, 1947, by the Government of West Bengal, Labour Department, order No. 4736-I.R./IR/10L-153/70, dated the 12th June 1970. The parties in the dispute are Messrs. Mechino Enterprises (hereinafter referred to as the 'Company') and their workmen represented by Mechino Enterprises & Associated Firms Workers' Union (hereinafter referred to as the 'Union').

The Union and the Company filed their respective written statements. According to the Union there are long-standing grievances of the workers of the Company for fair wages and bonus, that the workers demanded bonus for the year 1968 and placed a charter of demands requesting the Company to implement the tripartite settlement of 1969, and that thereafter the Company started terrorising and victimising the workers by issue of charge-sheets and by putting them under suspension in order to alienate them from the Union. The Union further alleges that the Company removed some machines from the factory No. 2 and, what was more, the Company, in order to put the workers to further troubles, declared a lock-out of the factory with effect from 4th December 1969. The further case of the Union is that it brought the matter to the Labour Officer, Government of West Bengal, and requested him to intervene in the matter and direct the Company to withdraw the lock-out with immediate effect. The Labour Officer, the Union further states, held several joint conferences and directed the Company to lift the lock-out and allow the workmen to resume their duties, but to no effect. Thus the Conciliation Officer having failed to bring about a settlement of the dispute the present reference has been made to this Tribunal for adjudication.

The case of the Company is that it was carrying on its business any how but since sometime past some of its workmen created various troubles and obstructed normal running of the business, and that absolute lawlessness prevailed in the factory No. 2 since 19th November 1969. As a result the factory No. 2 was permanently closed from 4th December 1969, by a notice dated 3rd December 1969. The Company further states in the written statement that after the closure almost all the workers collected their dues in full and final settlement of their claims by executing receipts to that effect.

Since 4th February 1971, the Union remained absent and filed petitions after petitions praying for adjournment of the hearing of the order of reference. Then on 21st May 1971, the Union again made a petition for time. The Tribunal allowed time to the Union as a last chance and directed the parties by its order to appear on 21st June 1971, for the hearing of the dispute, failing which the matter would be heard ex parte. On 21st June 1971, the Company appeared but the Union remained absent. Hence the matter was taken up for ex parte hearing. O.P.W. 1, Shri Phanindra Nath Ghosh, was examined. The issues referred to this Tribunal were as follows:

Issues

1. Whether closure of the factory No. 2 is real?
2. To what relief, if any, are the workmen entitled?

Issue No. 1.—O.P.W. 1 is Executive Officer of the Company. His evidence is that the factory No. 2 of the Company has been permanently closed and that its business was closed down with effect from 3rd December 1969. It is also in his evidence that possession of the building of the factory No. 2 was delivered to the landlord. He has deposed that all the workmen accepted compensation for the closure of the factory with the consent of the Union and also under supervision of the Union. He has proved receipts, Exts. A to A-72, showing acceptance of compensation in full and final settlement of the claims by the workmen. The evidence of O.P.W. 1 is given on oath. His definite evidence is that the business of the factory was closed down with effect from 3rd December 1969. There is no reason to disbelieve his evidence. Therefore I believe his evidence that the factory No. 2 was closed from 3rd December 1969. The closure of the factory being a fact, it is beyond the jurisdiction of the Tribunal to go into the motive for the closure. In view of the evidence of O.P.W. 1 I hold that the closure of the factory No. 2 was real. The issue No. 1 is thus disposed of.

Issue No. 2.—O.P.W. 1 has not stated in his evidence that the factory No. 2 was closed down on account of unavoidable circumstances beyond the control of the employer. That being so the workmen would have been entitled to compensation under the principal part of section 25FFF of the Industrial Disputes Act, 1947. But as the evidence of O.P.W. 1 is that all the workmen accepted compensation in full and final settlement of their claims with the consent and with the supervision of the Union, there arises no question of any workman getting any relief on account of the closure of the factory No. 2. Hence I hold that the workmen are not entitled to any relief as they had accepted compensation in full and final settlement of their claims. The issue No. 2 is thus disposed of.

This is my award.

ANNEXURE

In the matter of an industrial dispute between Messrs. Catholic Orphan Press, 15 Portuguese Church Street, Calcutta-1 and their workmen represented by West Bengal Press Workers' & Employees' Union, 84/1A Bepin Behari Ganguly Street, Calcutta-12. (Case No. VIII-495 of 1970.)

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri ARUN KUMAR COARI, Judge,

Second Industrial Tribunal.

AWARD

This dispute between Messrs. Catholic Orphan Press and their workmen represented by West Bengal Press Workers' & Employees' Union, 84/1A Bepin Behari Ganguly Street, Calcutta-12, has een referred to this Tribunal, vide order No. 420-I.R./IR/11L-760/70, dated the 28th December 1970. The issue to be decided is :

Issue

Whether the workmen are entitled to bonus for the year 1969 ? If so, what should be the quantum of such bonus ?

It is unfortunate that the Press which was started in the year 1880 has been closed down from November 1970 and according to the advocate for the Press the closure is due to adamant attitude of the workmen.

Appearances of the parties are as follows :

For the Press : Shri M. S. Bala, Advocate with Shri Patrick Joseph Sheedy, Secretary of the Association.

For the Union : Shri S. P. Ghosh, Advocate.

The short point to be decided is whether the workmen can get any bonus at all because bonus can be granted only according to the Payment of Bonus Act, 1965. The closure of the Press is after the period for which bonus is claimed by the workmen. It is submitted by the learned Lawyer for the workmen that bonus was previously paid by this Press to the workmen and therefore it was a sort of custom with the Press to pay bonus and it is belated in the day to say that the workmen are not entitled to bonus from the Press. Ext. 2 is a letter written by the Catholic Orphan Press to the Labour Officer, West Bengal. The letter says that for 10 years one month was given as a regular and accepted bonus' and there was no examination of accounts or the balance-sheet. It became a regular payment....................In the year 1969 there was seven intimidation and the Press made a payment of 2 months and ten days. It is for this year that additional bonus is claimed by the workmen. The learned Lawyer for the Press submitted that though bonus was not payable to the workmen after the promulgation of the Payment of Bonus Act, bonus was paid to purchase peace. Bonus cannot be had by custom as was submitted by the learned Lawyer for the workmen and bonus and its quantum can only be paid if such payment is justified according to Payment of Bonus Act

This Press is a factory and licence to work of the factory was takan, vide Ext. A. by Salesian Congregation of Northern India. This Press according to Mr. Sheedy has changed hands since 1880.

The learned Lawyer for the Press invited my attention to section 1, sub section 3, of the Payment of Bonus Act and this provides save as otherwise provided in this Act, it shall apply to :

(a) every factory ; and

(b) every other establishment in which twenty or more persons are employed on any day during an accounting year.

This Press employed more than 20 persons on a day. That fact is admitted. Section 32 of the Act provides where Act not to apply and section 32(v)(3) institutions (including hospitals, chambers of commercial and social welfare institution) established not for purpose of profit. Now the Press was run not to incur loss and it is admitted that profits it did make. No institution should run for loss and normally it should make profit but is the profit distributed or does the profit go to charities. That will be the only rational way in reading the section. Mr. Sheehy in answer to Tribunal's question says certainly we made some profits out of the Catholic Press and the profits so made went towards charitable and social activities of the Society like other activities.

Francis Rex Gomes, P.W. 1, the Accounts Clerk of the defunct Press in answer to the Tribunal's question says that he cannot say how the profits from the Press was spent. On one side we have categorical statement from Mr. Sheehy, Secretary of the Society known as Salesian Province of Calcutta (Northern India) that profits were spent on charities on the other hand the evidence of the workman Shri Gomes would go to disclose that the workman did not know how the profits were spent. Naturally we will have to fall back on the positive evidence that the profits have been spent on charities. The evidence of Shri Gomes also goes to show that the Press regularly submitted accounts for payment of Sales Tax and his positive evidence is that no income tax return was ever called for by the income tax authorities nor any income tax return was filed nor paid and that would go to show that the Government also realised that the profits of the Press went towards charities and that is why the income tax was not to be paid by the Press.

Standing Orders of the Catholic Orphan Press is marked as Ext. E. This was brought by Mr. Sheehy on the invitation in the cross-examination by the Union lawyer. At the argument the lawyer for the workmen submitted that this standing orders are not certified. No such question was put to Mr. Sheehy and the standing orders was exhibited on the invitation of the cross-examining lawyer of the workmen and the scope of the Catholic Orphan Press according to Ext. E is to help the different charitable and educational institutions conducted in Bengal and Assam by the Fathers of Saint Don Bosco with their headquarters at No. 15, Portuguese Church Street, in Calcutta. Papers have been filed to show that Government allowed the Salesian Society to run the lotteries for the purpose of charity. The Salesian Society is admittedly being a charitable one and the Press was under the management of this Society and the licence was taken by this Society to run the Press as a factory. It is unthinkable that one of the Units of the Society would make profits to distribute it to the so-called share holders or owners. The natural and only presumption would be that profits were distributed towards charities.

After the promulgation of the Bonus Act, bonus can be had by the workman only if the Payment of Bonus Act provides for it and if the Bonus Act exempts certain institutions from payment of bonus then this Tribunal cannot award any bonus and the Supreme Court has clearly laid down that after the promulgation of Bonus Act, the Parliament has exempted certain institutions from payment of bonus. Reference may be made to L.L.J. (I) 1969 page 719.

The learned Lawyer for the workmen referred me to an authority of Rajasthan High Court reported in Labour and Industrial cases Volume 4, 1971, March issue page 344. There the workmen demanded of the benifits but not bonus and their Lordships held that such a dispute can be raised before an Industrial Tribunal though the employees were of Sardar Patel Medical College. To raise a dispute for other benefits and to raise a dispute for bonus are two quite different things. If charitable institutions are not to pay bonus according to Payment of Bonus Act and as the Act modified the nature of law of bonus, bonus cannot be distributed. In this particular case as the profits of the Press went towards charities, I will therefore answer this issue that the workmen are not entitled to any bonus for the year 1969.

This is the award of the Tribunal.

AWARD

By the Government of West Bengal, Labour Department, order No. 7586-I.R./IR/10L-31(B)/70, dated the 16th November 1970, an industrial dispute existing between Messrs. Hindusthan Motors Ltd., Uttarpara, Hooghly, and their workmen represented by Hindusthan Motors Workers' Union, P. O. Bhadrakali, Hooghly, was referred to this Court under section 10 of the Industrial Disputes Act, 1947 (XIV of 1947), for adjudication, in respect of the following issue :

Issue

Whether termination of employment of Shri Jayashree Mallah is justified ? To what relief, if any, is he entitled ?

Pursuant to the notices, the parties appeared and the Union was directed to file written statement on 21st January 1971. On 21st January 1971, however, the Union was not found available. The Court suo motu adjourned the case to 18th February 1971 for filing written statement by the Union. On 18th February 1971, the Union prayed for time and the case was adjourned to 9th March 1971 for filing written statement by the Union. As the Judge was on leave on 9th March 1971, the record was put up on 11th March 1971 for orders. But on and from 11th March 1971 till 22nd June 1971 the Union neither appeared nor took any step for filing the written statement. The Union's lawyer, however, appeared before the Court on 23rd June 1971 and submitted that he had no instruction from the Union so far this case is concerned. In the circumstances, I am inclined to believe that the Union is no more interested to proceed with the case and the dispute under reference is no longer in existence. I, therefore, dispose of this case by passing a "no dispute" award.

By the Government of West Bengal, Labour Department, order No. 718-I.R./IR/4L-90/71, dated the 15th February 1971, an industrial dispute existing between (1) Messrs. Bhola Das & Co., (2) Messrs. Jan (Tailor), 44/A Circular Garden Reach Road, Calcutta-23, was referred to this Tribunal under section 10 read with section 2A of the Industrial Disputes Act, 1947, for adjudication, in respect of the following issue :

Issue

Is the termination of service of Shri Abdul Hamid justified ? To what relief, if any, is he entitled ?

The Company did not appear before the Conciliation Officer nor before me and since the time the workman issued a notice through his lawyer asking the Company to redress his grievances, the Company is avoiding services of notices and the postman remarks on all the notices sent are "Left".

It appears that the Company is avoiding to join issues and the evidence of the workman is that one Hakkar Das started the business and the workman was a Lorry Driver and since then the concern is changing its name and its style much too frequently and that also is a pointer that the Company is doing business in diverse names so that it may not be easy to catch the Company by process of law and that is why the workman has made three Companies as his employer but virtualy that the three Companies so named are really one Company with different name and style. The workman said that he was a Driver getting Rs. 125 wages plus Rs. 2 per diem as diet and the before expiry of the leave he wanted to join but he was not allowed and latter on he was finally told that the Company has engaged another person in his place. So the workman wants reinstatement and full back wages and other benefits which he would have got if he was in continuous employment. I accept the testimonials of the workman and would hold that the Company is unjustifiably discharged him and he is entitled to reinstatement with full back wages and other benefits. The Companies are directed to reinstate within a month from the date. This is my award.

AWARD

The Labour Department, Government of West Bengal, referred an industrial dispute between Messrs. Anglo India Jute Mills Co. Ltd. and their workmen represented by Jute Textile Workers' Union, to this Tribunal by its order No. 722-IR, dated 15th February 1971, for adjudication upon the matter under section 10 of the Industrial Disputes Act, on the following issue :

Issue

Whether the refusal of employment to Shri Dinanath by way of removing his name from the list of the Budli workmen is justified ? To what relief, if any, is he entitled ?

After receipt of the order of reference notices were issued asking the parties to appear on 20th March 1971. The Company appeared through its advocate on that date. The acknowledgment receipt showing service upon the Union was not received. Thereafter a fresh notice was issued to the Union fixing 7th June 1971 for filing written statement. Notice was duly served upon the Union on 26th May 1971. The Union did not appear on 7th June 1971. Then the case was fixed on 22nd June 1971 for filing written statement by the Union. On 22nd June 1971 none appeared on behalf of the Union and no written statement was filed. To give further opportunity to the Union for filing written statement, time was extended till 9th July 1971. On 9th July 1971 both the parties failed to appear and the Union did not also file its written statement. No step was taken by the Union to file its written statement. No cause has been shown by the parties for their failure to appear. It appears that the parties are no longer interested in the reference. Having regard to the materials on record, I am of opinion that the industrial dispute under reference is no longer in existence.

Under the circumstances, I pass a "no dispute" award. The reference be disposed of accordingly.

AWARD

By Labour Department order No. 3843-I.R./IR/11L-1005/69, dated 29th April 1970, the Governor was pleased to refer the instant dispute between Messrs. Pabitra Jalpan, 181 Chittaranjan Avenue, Calcutta-7 and their workman Shri Ram Udit as represented by Burrabazar Zamadar Sangha, 90 Lower Chitpur Road (Rabindra Sarani), Calcutta, under section 10 read with section 2A of the Industrial Disputes Act, 1947, to the First Industrial Tribunal constituted under notification No. 808-I.R./IR/3A-2/57, dated the 11th March 1957, for adjudication, on the following issue :

Issue

> Whether the termination of service of Shri Ram Udit by way of refusal of employment to him is justified ? To what relief, if any, is he entitled ? .

On receipt of the reference, notices were issued to the parties and the same were received by both the parties. The Union appeared on 19th June 1970 and filed written statement on that day. The firm, however, did not appear and the case was adjourned on several dates. A fresh notice was issued to the firm on 27th August 1970 and the same was received by it but it did not appear and again there were some adjournments. A third notice was issued to the firm on 17th November 1970 with a note that in the event of its absence on the date fixed, the case would be heard exparte and that notice was also received by it but the firm did not appear. The case was adjourned on several dates thereafter and ultimately it was fixed on 19th July 1971. On that day the Union appeared but not the firm and in the circumstances the case was heard exparte on that day.

The case of the Union is that the workman concerned, viz., Shri Ram Udit had been working under the firm for 3 years and he took leave for a week from 24th October 1969 and he was to join his duty on 1st November 1969 on which day he actually came to resume his duty but the proprietor of the firm did not allow him to join. The workman concerned asked the proprietor to permit him to resume his duty but without any effect. The case of the Union is that the workman concerned was victimized in that way for his Union activities. The further case of the Union is that no charge-sheet was issued against the workman concerned, no proceeding was drawn against him nor any enquiry was held in the matter and the service of the workman concerned was terminated illegally. The matter was referred to the Labour Commissioner and a conciliation proceeding was started but without any result. The contention of the Union is that the workman should be reinstated in his service with full back wages.

The workman concerned has deposed in this case in support of the aforesaid case of the Union and there is nothing before this Tribunal to refute the said evidence of the workman concerned. It appears from the evidence of the workman that he had been working in the said firm for 3 years and his service was terminated all on a sudden without issuing any charge-sheet or starting any departmental proceedings or holding any enquiry against him. Thus it appears that the employer acted capriciously and illegally. And even if it was a case of retrenchment, it was illegal inasmuch as the provisions of section 25F of the Industrial Disputes Act, 1947, were not complied with. Obviously, therefore, the termination of service of the workman concerned was unjustified and illegal and it cannot stand.

The workman contends in his evidence that he has been out of employment since the aforesaid termination of his service. In this case, however, it will be very harsh to the firm if the workman is allowed full back wages and in the circumstances of the case the workman is allowed half of his back wages.

Thus the workman concerned is entitled to reinstatement in his service with half of the back wages from 1st November 1969 up to the date of his reinstatement.

Issue

Whether the closure of the factory with effect from 19th October 1968 is real? To what relief, if any, are the workmen mentioned in the attached list entitled?

The workmen filed written statement alleging that the management locked out the Company as a reprisal against the Union activities of the workmen. The Company appeared on two dates but did not file any written statement and since then the Company has not appeared to contest the case. I, therefore, take it that the Company is not interested the meeting challenge of the workmen.

The evidence of the Joint Secretary of the Glass Blowers' Union is that there is a lock out in the Company and the lock out is since 19th October 1968 ana that the machineries of the factory are still in there site. The workmen have not been paid for the period they worked from 1st October 1968 to 19th October 1968. I will hold that there has been closure but the workmen are entitled to their wages for the period they worked in the month of October 1968. They are also entitled the remuneration for the period they earned leave as well as compensation and one month's wages for notice and if and when the Company reopens the Company is to take the workmen as per list attached with the reference who worked till 19th October 1968. Issue

Gratuity.

The parties filed their respective written statements after the service of notice. The case was taken up for hearing on 18th February 1971. Thereafter the case was adjourned from time to time and taken up for hearing on 10th July 1971 In the meantime the West Bengal Employees Payment of Compulsory Gratuity Ordinance, 1971, came into force sometime in June, 1971. The parties have filed a joint petition stating that they have no objection if the award is passed in terms of the provisions of the above Ordinance. I have gone through the provisions of Ordinance I of 1971. In my opinion, all factory workers including the workmen of the above factory will henceforth get gratuity in terms of the provisions of the above Act. I, therefore, find that the workmen of the Company will get their gratuity in terms of the provisions of the above Act and the Rules made thereunder.

AWARD

This is an application by Shri Hiralal Saha under section 33A of the Industrial Disputes Act, 1947. It is alleged by the petitioner that he has been serving the Opposite Party Messrs. East Indian Bakery for about 23 years. He is a permanent workman drawing daily wages at the rate of Rs. 3.42 paise. It is a condition of service of the petitioner that he would have to work for six days in a week, but he would be paid wages for seven days. The petitioner was being paid wages for the weekly off day. If the petitioner works on any weekly off day, he is to be paid extra wages for that day. The Opposite Party illegally and without any justification whatsoever stopped payment of wages for the weekly off day to the petitioner with effect from 24th February 1970. The Opposite Party has contravened the provision of section 33(1)(a) of the Industrial Disputes Act in altering the condition of service of the petitioner to his prejudice during the pendency of the dispute which has been referred to this Tribunal by order No. 2848-I.R./IR/11L-200/67, dated 27th June 1967. The petitioner is concerned in the said dispute pending before this Tribunal. The petitioner has accordingly filed this application under section 33A of the Industrial Disputes Act praying for an award directing the Opposite Party to refrain from stopping payment of the said wages to the petitioner and to pay the petitioner wages for weekly off days including arrears.

In its written statement, the Opposite Party Messrs. East Indian Bakery contends that the application is not maintainable. There has been no contravention of section 33 of the Industrial Disputes Act. The Tribunal has no jurisdiction to try this case at all. The Opposite Party denies that the payment of wages for the weekly off day has been stopped. It is submitted that there has been no such stoppage of payment of wages for the weekly off day. The application should be rejected.

The only witness examined is P. W. 1 Shri Hiralal Saha. It is stated by P. W. 1 that he is an employee of the East Indian Bakery for 23 years. He gets seven days' wages after working for six days in a week. Evidence of P. W. 1 is that on 20th April 1970 he was asked by the proprietor of the Company to take payment for six days' wages in a week and he was told that he would be paid one day's wages separately afterwards. P. W. 1 states that he did not agree to the proposal. P. W. 1 has further stated that after 27th June 1970 he received wages according to the old system. Evidence shows that P. W. 1 received his wages in full and no amount was due to him from the Company in respect of his case. It has been contended by the learned Advocate for the Company that the application is not maintainable. Non-payment of wages does not mean any alteration in the conditions of service and the provisions of section 33A of the Act would not thus be attracted. The learned Advocate has further argued that evidence also shows that the workman concerned has received his wages in full and he cannot have any grievance on the ground of alleged non-payment of wages. The learned representative of the workman has also stated that the workman has subsequently received his wages in full.

Admittedly, a reference is pending before this Tribunal between Messrs. East India Bakery and its workman in respect of several issues including grades and scales of wages and D. A. The question before us is whether there has been contravention of provision of section 33(1)(a) of the Industrial Disputes Act as alleged by the petitioner. It was contended by the petitioner that there was non-payment of wages for the weekly off day and there was thus alteration in the conditions of service to the prejudice of the workman. It has been held in the decision reported in 1958(I) LLJ, 84 that non-payment of wages is neither an alteration in the conditions of service, nor does it amount to any punishment. Such a case comes and has to be dealt with under the provisions of the Payment of Wages Act. In the circumstances it would appear that the Industrial Tribunal will have no jurisdiction to proceed with the complaint petition filed under section 33A of the Industrial Disputes Act unless there has been contravention of the provision of section 33 of the said Act. In the instant case the petitioner has admitted in his evidence that he has received his wages in full and no amount is due to him. Moreover, non-payment of wages for the weekly off day will not mean alteration in the conditions of service. I am of opinion that the Tribunal has no jurisdiction to proceed with the complaint petition filed under section 33A of the Industrial Disputes Act as there has been no contravention of the provision of section 33 of the Act. The application is thus not maintainable and it is accordingly rejected.

AWARD

The Government of West Bengal, Labour Department, by its order No. 2454-I.R./IR/10L-33(B)/66, dated the 18th June 1966, referred this industrial dispute between Messrs. Aluminium Corporation of India Ltd., 7 Council House Street, Calcutta-1 and their workmen represented by Aluminium Corporation's Calcutta Employees' Association, 18A Netaji Subhas Road, Calcutta-1, to this Tribunal under section 10 of the Industrial Disputes Act, 1947, for adjudication upon the following issue :

Issue

Bonus for the year ended 31st March 1964.

Immediately after the receipt of reference, notices were served upon both the parties. They appeared and filed their respective written statements. They also complied with intermediate steps, and the case was fixed for hearing, but on the date fixed for hearing the parties expressed a keen desire to settle the dispute amicably. On 15th July 1971 the parties filed a joint petition of compromise praying for an award in terms of compromise. I have considered the terms of settlement reached between the parties. The terms appear to be quite lawful, fair and reasonable. I am satisfied that the dispute covered by the issue under reference has been amicably settled in terms of the petition of compromise, and it is a bona fide settlement. Accordingly, I would make a compromise award in the case as prayed for.

In the result, I make a compromise award in terms of the joint petition, dated 15th July 1971, which shall form a part of, and an annexure to my award.

AWARD

The Labour Department, Government of West Bengal, referred an industrial dispute between Messrs. Sodepur Cotton Mills Ltd. and their workmen represented by Sodepur Cotton Mills Workers' Union, to this Tribunal by its order No. 5402-IR, dated 19th October 1967, for adjudication upon the matter under section 10 of the Industrial Disputes Act, on the following issue:

Issue

Whether termination of employment of the following workmen is justified? To what relief, if any are the workmen entitled? Sarbashri (1) Amritalal Das, (2) Murali Prodhan, (3) Benoy Mondal, (4) Parimal Kundu, (5) Purandar Behara, (6) Mantu Roy, (7) Satish Poral, (8) Lokenath Samanta, (9) Tejendra Mazumdar, (10) Dulal Das, (11) Panchu Paik, (12) Mangal Das, (13) Sibnaryan Roy, (14) Anil Ghosh, (15) Lalitmohan Debnath and (16) Dhirendra Mondal.

This reference under section 10 of the Industrial Disputes Act, 1947, is in respect of a dispute between Messrs. Sodepur Cotton Mills Ltd. and their workmen represented by Sodepur Cotton Mills Workers' Union (hereinafter referred to as the Union), relating to the termination of employment of 16 workmen. It is the case of the Union that the retrenchment of 16 workmen mentioned in the order of reference is mala fide, illegal, bad in law and void ab initio. The Union, therefore, prays that the order of termination be set aside and the workmen be reinstated with all the back wages.

The case as made out in the written statement of the Company is as follows:

The Company was actually closed with effect from 13th December 1965 and the present order of reference which was made long after the closure, is not maintainable. The Company also asserts that the termination of the services of the 16 workmen is bona fide, lawful and valid.

The case was adjourned from time to time after the parties filed their written statements and thereafter it was fixed for hearing on 12th August 1970. The Company did not appear on the date fixed for hearing. Thereafter a fresh registered notice regarding date of hearing was served upon the Company. The Company duly appeared on the date fixed for hearing and the case was adjourned on the prayer of the Company. Thereafter the Company did not appear after the last appearance made on 14th September 1970. The case was ultimately taken up for ex parte hearing on 21st June 1971. The Union examined one witness and produced some documents.

I shall first consider whether the reference is maintainable. It is not disputed that a reference regarding lock-out was referred to this Tribunal by the Government and the said reference has been stayed under the order of the High Court. It is the case of the Company that the Company was closed on 13th December 1965. The Union asserts that there was an illegal lock-out on 13th December 1965. It is not disputed that the termination of the 16 workmen took place before 13th December 1965. Thus the cause of action arose before the alleged closure or lock-out. In the circumstances, it cannot be said that the reference is not maintainable.

The next question that comes for consideration is whether termination of services of the 16 workmen is justified. It is not disputed that the Company terminated the service of the 16 workmen by notice, dated 1st December 1965, vide Ext. 1 series. By this notice the workmen were informed that they would be retrenched with effect from 4th December 1965. They were also asked to collect their dues payable to them for retrenchment under the provisions of Industrial Disputes Act, 1947, together with one month's wages in lieu of notice from the office on or after 10th December 1965. It is contended on behalf of the Union that this notice is illegal In view of what has been disclosed in the notice the conclusion is irresistible that the Union is justified in its contention.

On a plain reading of section 25F(b) of the Industrial Disputes Act, 1947, it is clear that the requirement prescribed by it is a condition precedent for the retrenchment of the workman. The section provides that no workman shall be retrenched until the condition in question has been satisfied. It is, therefore, clear that non-compliance of the condition precedent would render the impunged retrenchment invalid and inoperative. The view I am taking is supported by a Supreme Court decision reported in 1960(1) LLJ. P-250 (vide also 1966(1) LLJ. P 321.). In the instant case, the notice clearly shows that the Company asked the retrenched workmen to take back one month's wages long after their retrenchment. That being the position, the order of retrenchment passed by the Company is illegal. I, therefore, find that the services of the workmen were illegally terminated by the Company and they are entitled to reinstatement with their back wages.

This is my award.

AWARD

By order No. 2118-I.R./IR/4L-19/71, dated 25th May 1971, the Government of West Bengal, Labour Department, referred an industrial dispute existing between Messrs. Sevak Transport Co., Dhaldighi Road, P.O. and district Burdwan, and their workmen represented by Burdwan Zila Motor Transport Sramik Union, Bus Stand, G. T. Road, P.O. and district Burdwan, relating to the issue:

Issue

> Whether the termination of services of Shri Ranjit Kumar Ghosh by way of refusal of employment to him is justified? What relief, if any, is he entitled?

for determination and adjudication.

On receipt of the reference, notices were issued by registered post for service on the parties concerned fixing 22nd June 1971 for their appearance. Notices were duly served on the parties, but on 22nd June 1971 the Union did not enter appearance. The employer entered appearance and filed an authority in favour of Shri Monoj Kumar Mukherjee and Shri Subhas Bose, Advocates of this Tribunal. 12th July 1971 was fixed as the date for filing of written statement by the Union and 13th July 1971 was fixed as the date for filing of written statement by the employer. The Union did not take any steps on the date fixed. On 13th July 1971 too neither of the parties appeared nor took any steps. The employer did not file any written statement. 19th July 1971 was the next date fixed for hearing of the case and for orders. The parties were directed to appear on the date and in the interest of justice they were also given an opportunity to file their written statement and to take all the necessary steps if they so desired by the date fixed. It was specifically mentioned in the order that in case they failed to appear or to take any steps a "no dispute" award would be passed on the date fixed. On 19th July 1971 the case was called on for hearing, but neither of the parties appeared nor any one of them took any steps for hearing of the case. It appears to me in the facts and circumstances of the case that the dispute between the parties has been amicably settled out of Court and, therefore, the only alternative left for me is to pass a "no dispute" award in this case. I accordingly pass a "no dispute" award in the case.

AWARD

By Labour Department order No. 9456-I.R./IR/11L-376/68, dated the 5th December 1969, the Governor was pleased to refer the instant dispute between Messrs. Rallis India Ltd., 16 Hare Street, Calcutta-1 and their workman, Shri Dilip Kumar Basak, 149/A Bidhan Sarani, Calcutta-6, under section 10 read with section 2A of the Industrial Disputes Act, 1947, to the First Industrial Tribunal constituted under notification No. 808-I.R./IR/3A-2/57, dated the 11th March 1957, for adjudication, on the following issue:

Issue

> Whether the discharge of Shri Dilip Kumar Basak is justified? To what relief, if any, is he entitled?

On receipt of the reference, notices were issued to the parties and both the parties appeared and filed their respective written statements. The case of the workman as made out in his written statement is as given below—

The workman concerned joined Messrs. Rallis India Ltd. as a probationer Stenographer-cum-Clerk on the 22nd January 1968 and his period of probation was for six months. He contends that he was in service in another Company before he joined Messrs. Rallis India Ltd. and he left his said job when he got appointment in Messrs. Rallis India Ltd. The workman contends that on the expiry of the period of six months of probation his service was neither confirmed nor terminated and he continued as such up to the 19th September 1968 and he worked there efficiently and faithfully and there was never any adverse report as to the quality of his work but on the 19th September 1968 he got a letter by which his service was terminated with effect from the 20th September 1968. Thereafter the workman made a representation to the Company for his reinstatement in service but without any effect. The workman contends that the termination of his service by the Company was illegal and invalid and in his written statement he has prayed for his reinstatement in service with retrospective effect. At the time of the hearing, however, the workman contends that he has since secured a job and at present he does not want his reinstatement in service and he wants only compensation.

It is admitted from the side of the Company that the workman concerned was appointed as a probationer Stenographer-cum-Clerk in their establishment from the 22nd January 1968, the period of probation being for six months and that he continued in his said service as a probationer up to the 19th September 1968 and there is no dispute as to the said facts. It is, however, contended from the side of the Company that the work of the workman concerned was found unsatisfactory and he could not improve his work in spite of cautions given to him to that effect on several occasions and as such his service was not confirmed and he was discharged from service with effect from the 20th September 1968 and that the workman is not entitled to any relief in this case.

As mentioned above, it is admitted by both the parties that the workman concerned joined the Company as a probationer Stenographer-cum-Clerk on the 22nd January 1968, his period of probation being for six months, but on the expiry of the said six months his service was neither confirmed nor terminated and he continued in his service up to the 19th September 1968 and that he was discharged from service with effect from the 20th September 1968. Ext. 2 is the said letter of discharge. Ext. 1 is the appointment letter of the workman concerned and in the said appointment letter it was mentioned amongst other things that the workman concerned would be on probation for a period of six months which might be extended when considered necessary and that he should not be deemed to be confirmed unless he was so notified by the Company in writing and further that during the period of probation his service might be terminated at any time without assigning any reason therefor.

Now, "an employee appointed on probation continues as a probationer even after the expiry of the period of probation, if at the end of that period his services have either not been terminated or he is not confirmed." "At the end of probationary period the employer can either confirm the employee or terminate his services, in case his service is found unsatisfactory. If no action is taken by the employer either by way of confirmation or by way of termination, the employee continues to be in service as a probationer" (1964) 1, Labour Law Journal, 9 (11), (Supreme Court). "In the case of a probationer, the employer might have the contractual right to terminate his services during the probationery period without notice and without assigning any reason. But when the validity of such termination is challenged in industrial adjudication, it would be competent to the Tribunal to enquire whether the order of termination was in bona fide exercise of the power conferred by the contract. If the discharge of the probationer is in bona fide exercise of the power of the employer, the Industrial Tribunal will have no jurisdication to interfere with it. But, like the case of a permanent employee, it would be open to the tribunal to consider whether the order of termination is mala fide or whether it amounts to victimization or unfair labour practice or is so capricious or unreasonable as would lead to the inference that it has been passed with an ulterior motive and not in bona fide exercise of the power arising out of the contract. In such a case, it is open to the industrial tribunal to interfere with the order of the employer and to afford proper relief to the employee" (1966) 1, Labour Law Journal, 398 (Supreme Court). In this case the workman himself has deposed and he contends in his evidence that all through he worked faithfully and efficiently and there was never any occasion for the Company to make any adverse report against his work. He, however, does not specifically make out any case of mala fides, victimisation or unfair labour practice against the Company as to his discharge from service. The Depot Superintendent of the Pharmaceutical Department of the Company under whom admittedly the workman concerned worked for sometime has deposed in this case on behalf of the Company and he contends that the work of the workman was not found satisfactory and he asked him several times to improve his work but without any result and that as such the service of the workman concerned was not confirmed and he was discharged from service for his unsatisfactory work and unsuitability in the post in which he was appointed. Be that as it may, one of the terms of the appointment of the workman concerned in the Company was, as mentioned above, that during the period of probation his service might be terminated at any time without assigning any reason therefor. Thus according to the terms of employment it was within the discretion and right of the Company to terminate the service of the workman at any time during the period of probation without assigning any reason therefor. It has been held that "whether a probationer had put in satisiactory service or not rests with the satisfaction of the employer" and that such satisfaction could not be objectively tested and an employer is not bound to give any reason if he does not confirm a probationer on the expiry of the period of probationership" [(1963) 1, Labour Law Journal, page-156]. It has further been held in the said case law that "if one acts within his discretionery rights, it is difficult to ascribe mala fides against him" and that "the employer need not give any reasons for discharging a probationer" and "the fact that certain reasons given by the employer did not appeal to the industrial tribunal could not take away or detract from such right." "The industrial tribunal could not sit over the judgment of the employer in such matters and direct the employer to absorb the probationer." From the side of the workman reference is made to the decision as reported in 1969, Indian Factories and Labour Reporter, Volume 19, at page 94. The said decision, however, is exactly in consonance with the case laws as referred to above and it does not help the workman in any way.

The workman contends in his evidence that at the time of termination of his service he got his pay up to the date he worked to the Company.

Thus it appears that the discharge of the workman concerned viz., Shri Dilip Kumar Basak was justified and he is not entitled to any relief in this case.

AWARD

This is an application under section 33A of the Industrial Disputes Act filed by the workman Shri Rakhal Chandra Chatterjee against his employer Commissioners, Raiganj Municipality, alleging non-compliance of the provisions of section 33A ibid by the said Municipality.

The case of the workman may be briefly stated as follows:

He was an employee of the Raiganj Municipality It is alleged that during the pendency of a proceeding before the Seventh Industrial Tribunal, West Bengal, in which he was concerned the Municipality suspended him with effect from 4th June 1963 by way of punishment in violation of provisions of section 33 of the Industrial Disputes Act. It is further alleged that the order of suspension as inflicted upon him by the Municipality arbitrary, mala fide and illegal. He further alleges that he made various attempts to have the dispute amicably settled but in vain. He has therefore filed the above application and prays for his reinstatement with back wages.

The Municipality contest the application by filing a written statement in which it has denied all the material allegations of the workman. It contends that the order of suspension was not inflicted by way of punishment but as the workman was guilty of certain misconducts he was suspended pending enquiry. It further contends that subsequently a charge-sheet was served upon the workman concerned and a domestic enquiry was held and pursuant to the finding of the enquiring officer he was subsequently dismissed from service. The Municipality in its additional written statement has also taken certain preliminary objections against maintainability of the application. It has contended that the provisions of section 33A cannot be invoked as the Raiganj Municipality was not a party to the proceeding pending before the Seventh Industrial Tribunal, West Bengal. Besides there was no pendency of any proceeding before any Labour Tribunal or Court when the punishment by way of dismissal was inflicted upon the workman concerned and the instant application was filed.

As the Municipality raised certain preliminary objections about maintainability of the application itself and as the Municipality prayed for hearing of those objections as preliminary issues the preliminary objections were accordingly heard.

Now the point for consideration is whether the application under section 33A is maintainable or not.

The first contention of the Municipality that the Municipality was not a party in the reference pending before the Seventh Industrial Tribunal is without any substance. It is seen from the award of the said Tribunal published at pages 360 to 367 of Part IC of the "Calcutta Gazette", dated 11th June 1964, that Raiganj Municipality was a party to the said reference. So the first contention of the Municipality fails

The contention of the Municipality that the application under section 33A is not maintainable because it was filed at a time when there was no pendency of any proceeding is also not maintainable. Section 33A does not contemplate that such an application should be filed during the pendency of the proceeding itself The application even if filed after pendency of the proceeding is over will be maintainable and I hold accordingly.

A dispute is deemed to be pending till expiry of one month from the date of publication of the award in the Official Gagette. It is seen from the "Calcutta Gazette" mentioned above that the award of the Seventh Industrial Tribunal was published on 11th June 1964. So this dispute remained pending till 10th July 1964. It is true that the workman concerned was suspended with effect from 4th June 1963. Exhibit B, order of suspension, dated 7th June 1963, shows that the suspension was not inflicted by way of punishment but it was suspension pending enquiry. It is now well settled that in the case of suspension pending enquiry the contract of service only remains suspended even though the period is long and it would not be treated as a punishment so as to attract provision of section 33A of the Industrial Disputes Act. Exhibit I shows that subsequent to the order of suspension the workman concerned was served with a charge-sheet. It is further admitted that a domestic enquiry was held for the purpose of enquiring into the charges as mentioned in the charge-sheet and that pursuant to the recommendation of the enquiring officer the workman concerned was dismissed from service from 31st July 1964 so the punishment was the punishment of dismissal and not punishment of suspension and that the said punishment was inflicted on 31st July 1964 when the pendency of dispute or proceeding before the Tribunal was over. That being the position the provision of section 33A is not attracted and the present application is not maintainable and I find accordingly. Since the application itself is not maintainable the workman is not entitled to any relief on the basis of the instant application.

This is my award.

Present :

Fourth Industrial Tribunal.

The Government of West Bengal, Labour Department, by its order No. 668-I.R./IR/10L-29(A)/64, dated the 19th February 1964, referred this industrial dispute between Messrs. Aluminium Corporation of India Ltd., 7 Council House Street, Calcutta-1 and their workmen represented by Aluminium Corporation Calcutta Employees' Association, 12A Netaji Subhas Road, Calcutta-1, to this Tribunal under section 10 of the Industrial Disputes Act, 1947, for adjudication upon the following issue :

Issue

Bonus for the year 1962-63.

Immediately after the receipt of reference, notices were served upon both the parties. They appeared and filed their respective written statements. They also complied with intermediate steps, and the case was fixed for hearing, but on the date fixed for hearing the parties expressed a keen desire to settle the dispute amicably. On 15th July 1971 the parties filed a joint petition of compromise praying for an award in terms of compromise. I have considered the terms of settlement reached between the parties. The terms appear to be quite lawful, fair and reasonable. I am satisfied that the dispute covered by the issue under reference has been amicably settled in terms of the petition of compromise, and it is a bona fide settlement. Accordingly, I would make a compromise award in the case as prayed for.

In the result, I make a compromise award in terms of the joint petition, dated 15th July 1971. which shall form a part of, and an annexure to, my award.

Issue

Whether the termination of service of Shri Kasim Khan is justified? What relief, if any, is he entitled to?

On receipt of the reference, notices were issued to the parties and both the parties appeared on 31st October 1970 and on that day the Company filed authority in favour of their Advocate. Thereafter the Union did not appear nor took any step and there were several adjournments in the case. A fresh notice was issued to the Union on 8th April 1971 and the name was received by the Union but the Union did not appear even after that. The Company appeared on 15th March 1971 for the last time. There were again some adjournments of the case and it was fixed on 23rd July 1971 but neither the Union nor the Company appeared on that day. In the circumstances it appears that the dispute under reference is no longer in existence. The reference is, therefore, disposed of on a "no dispute" award.

BEFORE THE SECOND LABOUR COURT, WEST BENGAL

Shri S. K. MUKHERJEE, Judge, Second Labour Court.

AWARD

The Government of West Bengal, Labour Department, has referred an industrial dispute between Messrs. Jolly Engineering Works, Dasnagar, Howrah, and their workmen represented by Howrah Small Factories Workers' Union, 144 Netaji Subhas Road, Howrah, to this Court by its order No. 598-I.R./IR/10L-151/70, dated 8th February 1971, under section 10 of the Industrial Disputes Act, 1947 (XIV of 1947), for adjudication on the following issue:

Issue

Whether non-functioning of the factory with effect from 5th January 1970 is a case of lock-out? Whether such non-functioning is justified? What relief, if any, are the workmen entitled to?

On receipt of the reference from the Government notices were duly served upon the parties and 3rd May 1971 was fixed for appearance by them. The Company duly entered appearance but the Union did not appear. The case was adjourned to 3rd June 1971 for filing written statement by the Union. On 3rd June 1971 neither the workmen nor the Company appeared. The case was, however, adjourned to 24th June 1971. On that date, namely, 24th June 1971, the case could not be taken up as it was declared a holiday on account of Rathajatra. The case was taken up on 26th June 1971 and the Court could not function on 25th June 1971 on account of Calcutta Bandh. On 26th June 1971 the parties also did not appear and the case was accordingly adjourned to 20th July 1971 for filing written statement by the Union and for further orders. On 20th July 1971 neither the workmen nor the Company appeared. In the above circumstances I am convinced that the parties might have settled their dispute amicably and that at present there is no dispute existing between them. I accordingly pass a "No-dispute" award in this case.

SCHEDULE

For attempting to bring into hatred and contempt and exciting disaffection towards the Government established by law in India.

By order and in the name of the
Administrator of the Union
Territory of Delhi,
R. L. KHANNA, Under Secy. (Home).

SCHEDULE

Extracts from the passages

(i) "This revolutionary war waged by the poor and landless peasants is striking at the foundation of the system of the exploitation and the entire structure on this foundation is tottering. Stricken with panic the ruling class is at its wit's end and fierce dog fight is going on among its members in order to save their skin. The anger of the masses is bursting forth throughout the vast expanse of India and they have become vocal in their hatred for the ruling class." (Page 3).

(ii) "In this excellent revolutionary situation that now prevails in India, the Communist Party of India (M.L.) calls upon the working class: Let hatred for the exploiters burn fiercely in your hearts; wake up to your responsibility, set examples as befit you, who are the vanguard of revolution, rally under the leadership of the Communist Party of India (Marxist-Leninist)—the party of the working class, march resolutely forward along the path of struggle. Victory certainly belongs to us." (Page 3).

(iii) "Once we are able to rouse his (worker's) sense of dignity by giving him the revolutionary politics it would be easier for him to smash the trammels of economism that hold him down now and then he would become a terror to the capitalist with his daring and boldness." (Page 10).

(iv) "Once the worker in the city is inspired with the revolutionary politics he would become fierce and start militant struggles at first in the industrial areas and may even start killing class enemies and their agents." (Page 10).

(v) "Every place in India is inflammable and the raging flames of the peasant armed struggle will certainly blaze fiercer and fiercer. So long as the Indian revolutionary people unswervingly take the road of seizing political power by armed force, they will certainly win nation wide victory in revolution through protracted struggle." (Page 64).

(vi) In this excellent revolutionary situation they have been peddling the parliamentary path, they have been preaching the sanctity of existing law and order and upholding the Indian Constitution, the weapon devised by the imperialists and their reactionary Indian lackeys to perpetuate their oppressive rule, they have deliberately, systematically sabotaged all militant struggles of the working class, stopped gheraos or turned them into harmless satyagrahas." (Page 16).

Insertion of new section 30A.

4. After section 30 of the principal Act, the following section shall be inserted, namely:—

"Penalty for closure without notice.

30A. Any employer who closes down any undertaking without complying with the provisions of section 25FFA, shall be punishable with imprisonment for a term which may extend to six months and with fine which may extend to five thousand rupees.".

V. V. GIRI,
President

N. D. P. NAMBOODIRIPAD,
Joint Secy. to the Govt. of India.

REASONS FOR THE ENACTMENT

In the recent past a number of industrial establishments have closed down in West Bengal leading to loss of production and great hardships to the workers. There is at present no legal bar to the employers declaring sudden closures; under the Industrial Disputes Act, they are required to give either one month's notice or pay wages in lieu of notice to the workmen. Government consider that it should have an opportunity to go into the causes of closures and take such steps as it may think necessary for avoiding the closures. A compulsory notice of sixty days for this purpose is being provided for by suitable amendment of the Industrial Disputes Act, 1947.

2. The requirement of prior notice before closure shall not apply, however, in respect of (a) small establishments employing less than fifty workmen, (b) closure of branch establishments situated in the State of West Bengal in consequence of the closure of registered office or the head office, as the case may be, of establishments situated outside that State. Provision is also being made to grant exemptions from the requirement of prior notice in certain exceptional circumstances, such as, accident in the undertaking, death of the employer or the like. The proposed section 30A lays down the penalty for closing down any undertaking without the prescribed notice.

3. The Committee constituted under the proviso to sub-section (2) of section 3 of the West Bengal State Legislature (Delegation of Powers) Act, 1971 (31 of 1971), has been consulted before the enactment of this measure as a President's Act.

(*2*) Notwithstanding such repeal, anything done, any action taken or any order made under the Calcutta Tramways Company (Taking over of Management) Act, 1967, as amended by the said Ordinance, shall be deemed to have been done, taken or made under the corresponding provisions of the said Act, as amended by this Act, as if this Act had come into force on the 17th day of July, 1971.

West Bengal Act XVI of 1967.

V. V. GIRI,
President.

N. D. P. NAMBOODIRIPAD,
Joint Secy. to the Govt. of India.

REASONS FOR THE ENACTMENT

The operation of the Calcutta Tramways Company is governed by the Calcutta Tramways Act, 1951, but in 1967, on the ground that the Company had not been managing its affairs properly, the State Government enacted the Calcutta Tramways Company (Taking over of Management) Act, 1967.

2. Under section 3(1) of the Act of 1967, the State Government took over the management of the Undertaking. According to the original provisions of the said section 3(1), any order issued thereunder could remain in force for a period of three years from the date of its publication in the Official Gazette. This period of three years terminated on the 19th July, 1970. If the Act was not extended, the Government management would have terminated and the management of the Undertaking would have reverted to the Company. Under the Calcutta Tramways Act, 1951, it is open to the State Government to purchase the Undertaking on the 1st January, 1972 after giving one year's notice or on the 1st January of any subsequent year after giving two years' notice. As it was not intended that the management should revert to the Company, it was necessary to continue the existing arrangements for the administration of the Undertaking. The West Bengal Government accordingly proposed in 1970 that a President's Act be enacted for the extension of the period of the management. Accordingly, the Calcutta Tramways Company (Taking over of Management) Amendment Act, 1970, was enacted as a President's Act to give effect to the extension of the management for a further period of one year with effect from the 19th July, 1970.

3. After the Presidential Act was enacted, the State Government appointed a Negotiating Committee consisting of three officers of the State Government and three officers nominated by the Government of India to conduct negotiations with the Company regarding the price to be offered for the purchase of the Undertaking. The report of the Negotiating Committee was submitted to the State Government in March, 1971. Since no decision could be taken in the matter, the State Government intimated in July, 1971, that steps would have to be taken to extend the period of management of the Calcutta Tramways Company by the State Government for a further period of one year beyond the 18th July, 1971. In view of the urgency and as the Rajya Sabha was not in session, it became necessary to issue an Ordinance extending the period of management of the Undertaking by the State Government by one year. The necessary Ordinance was promulgated on the 17th July, 1971. It will expire on the 30th August, 1971 and it is, therefore, necessary to have the Ordinance replaced by a President's Act before that date. Hence, the present Bill.

4. The Committee constituted under the proviso to subsection (2) of section 3 of the West Bengal State Legislature (Delegation of Powers) Act, 1971 (31 of 1971), has been consulted before the enactment of this measure as a President's Act.

13. (*1*) The West Bengal Employees' Payment of Compulsory Gratuity Ordinance, 1971, is hereby repealed.

West Bengal Ordinance I of 1971.

(*2*) Notwithstanding such repeal, anything done or any action taken under the said Ordinance shall be deemed to have been done or taken under this Act as if this Act had come into force on the 14th day of June, 1971.

V. V. GIRI,

President.

N. D. P. NAMBOODIRIPAD,

Joint Secy. to the Govt. of India.

REASONS FOR THE ENACTMENT

On the 3rd June, 1971, the Governor of West Bengal promulgated an Ordinance entitled the West Bengal Employees' Payment of Compulsory Gratuity Ordinance, 1971. The said Ordinance provides for payment of gratuity to all employees employed in West Bengal in establishments governed by the Factories Act, 1948, Plantations Labour Act, 1951 or the West Bengal Shops and Establishments Act, 1963. Under the Ordinance, gratuity is payable to every employee who has rendered not less than five years of continuous service on his superannuation, retirement or resignation or death or total disablement due to accident or disease. The gratuity is payable at the rate of fifteen days' wages for every completed year of service subject to a maximum of fifteen months' wages. The Ordinance, however, empowers the State Government to exempt any factory, plantation or establishment from the provisions of the Ordinance if in the opinion of that Government the employees or any class of employees in such factory, plantation or establishment are in receipt of benefits better than the benefits conferred under the Ordinance.

2. The present enactment seeks to replace the said Ordinance with certain modifications mentioned below:—

(*i*) the operation of the enactment has been limited in relation to shops or establishments as defined in the West Bengal Shops and Establishments Act, 1963, in which ten or more persons are employed,

(*ii*) the benefit of gratuity under the proposed enactment has been restricted to those employees whose wages do not exceed seven hundred and fifty rupees per mensem or who do not hold a civil post under the Central or State Government,

(*iii*) the age of superannuation of an employee for the purpose of entitlement to gratuity has been fixed as fifty-eight years in cases where the age of superannuation is not stipulated in the contract or conditions of service of that employee or where no such contract subsists or no conditions of service have been specified,

(*iv*) wages have been so defined as to include dearness allowance but not house rent allowance,

(*v*) the qualifying period of five years of continuous service for entitlement to gratuity will not be applicable in the case of death or total disablement due to accident or disease of the employee,

(*vi*) an employee shall be disentitled to gratuity if his employment is terminated for gross misconduct,

(*vii*) a factory, plantation, shop or establishment would now be eligible for exemption if the employees therein are in receipt of benefits which are not less favourable than those provided under the present enactment.

3. The Committee constituted under the proviso to subsection (2) of section 3 of the West Bengal State Legislature (Delegation of Powers) Act, 1971 (31 of 1971), has been consulted before enactment of this measure as a President's Act.
